D. RECIPIENT ORGANIZATIONS

Pursuant to the Mutual Educational and Cultural Exchange Act of 1961, as amended (Fulbright-Hays Act) the Bureau of Educational and Cultural Affairs of the U.S. Department of State awards grants and cooperative agreements to educational and cultural public or private nonprofit foundations or institutions. If your organization is a private nonprofit which has not received a grant or cooperative agreement from the Bureau in the past three years, or if your organization received nonprofit status from the IRS within the past four years, you must submit the necessary documentation to verify nonprofit status. ***Failure to do so will cause your proposal to be declared technically ineligible and will receive no further consideration in the process.***

First Time Applicants: First time applicant organizations and organizations which have not received an assistance award (grant or cooperative agreement) from the Bureau during the past three (3) years, must submit as an attachment to the application the following: (a) one copy of their Charter OR Articles of Incorporation; (b) a list of the current Board of Directors; and (c) current financial statements. **Note:** The Bureau retains the right to ask for additional documentation of those items included on this form.

Please note: All applicants for ECA federal assistance awards must include in their application the names of directors and/or senior executives (current officers, trustees, and key employees, regardless of amount of compensation). In fulfilling this requirement, applicants must submit information under Tab F in one of the following ways:

- 1.) Those who file Internal Revenue Service Form 990 or 990-EZ, "Return of Organization Exempt From Income Tax," must include a copy of relevant portions of this form.
- 2.) Those who do not file IRS Form 990 or 990-EZ must submit the information above in the format of their choice.
- 3.) Include other attachments, if applicable, i.e., SF-LLL form, indirect cost rate agreements, etc.
- 4.) In addition to final program reporting requirements, award recipients will also be required to submit a one-page document, derived from their program reports, listing and describing their grant activities. For award recipients, the names of directors and/or senior executives (current officers, trustees, and key employees), as well as the one- page description of grant activities, will be transmitted by the State Department to OMB, along with other information required by the Federal Funding Accountability and Transparency Act (FFATA), and will be made available to the public by the Office of Management and Budget on its USASpending.gov website as part of ECA's FFATA reporting requirements.

II. FISCAL PLANNING GUIDELINES

A. AUDITS

The recipient's proposal will include the cost of an audit that:

1. complies with the requirements of the Office of Management and Budget's Guidance 2 CFR Parts 200 Subpart F Single Audit Requirements and 600, entitled the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards.

The audit costs shall be identified separately for:

1. audit of the basic financial statements, and
2. supplemental reports and schedules required by OMB Guidance 2 CFR Parts 200 Subpart F Single Audit Requirements and 600.

B. CONFERENCES

The Bureau of Educational and Cultural Affairs does not support proposals limited to conferences or seminars organized as plenary sessions, major speakers, and panels with a passive audience. The Bureau supports conferences only insofar as they are a minor part of a

project with greater duration and scope which is receiving Bureau funding.

C. COST SHARING

The Bureau of Educational and Cultural Affairs encourages cost-sharing, which may be in the form of allowable direct or indirect costs. The recipient of an assistance award must maintain written records to support all allowable costs which are claimed as its contribution to cost participation, as well as costs to be paid by the Federal government. Such records are subject to audit. The basis for determining the value of cash in-kind contributions must be in accordance with OMB Guidance 2 CFR Parts 200 and 600, “and should be described in the proposal. In the event the recipient does not meet the minimum amount of cost-sharing as stipulated in the recipient’s budget, the Bureau’s contribution will be reduced in proportion to the recipient’s contribution.

D. INDIRECT COST-RATE

An organization with an audited indirect cost rate negotiated with a cognizant federal government agency other than U.S. Department of State should include a copy of the cost-rate agreement as an addendum to the budget. If the applicant currently has an assistance award from U.S. Department of State, the agreement does not need to be submitted unless the applicant has negotiated a new indirect cost rate with a cognizant agency other than U.S. Department during the past 12 months. An applicant must indicate in the proposal budget how the rate is applied. Please refer to OMB Guidance 2 CFR Parts 200 and 600 for further information.

E. INSURANCE

The Bureau provides health and accident insurance that is in compliance with 22 CFR Part 62.14 Insurance. The Bureau insures international and U.S. participants in a variety of exchange-of-persons programs at no cost to the participants. This insurance is not all-purpose health insurance; it is subject to specific limitations. This coverage is not intended to replace any insurance a participant may already have. Instead, the intent is to supplement existing coverage and to ensure that a participant’s basic health is protected in a foreign country.

If the applicant will not be using the Bureau’s health insurance, the applicant should budget (under program costs per participant) for insurance. It is expected that participants will be provided with insurance for those periods of actual participation in exchange activities. The period of coverage does not necessarily coincide with the duration of the funded project.

In a Federal Register notice dated October 6, 2014, the Department published a final rule amending Subpart A of the Exchange Visitor Program regulations at 22 CFR Part 62. Among the most significant amendments is an increase in the minimum amount of insurance coverage required for exchange visitors. This increase was necessary because the previous insurance requirements had been in place since September 1, 1994.

Effective May 15, 2015, the minimum amount of insurance coverage required for exchange visitors (J-1 visa holders) and their accompanying spouses and dependents (J-2 visa holders) was increased. The new requirements are described below and set forth in the Exchange Visitor Program regulations at 22 CFR 62.14.

All current and new exchange visitors and accompanying spouses and dependents on J visas are now required under 22 CFR 62.14 to have the following insurance coverage:

1. Medical benefits of at least \$100,000 per accident or illness;
2. Repatriation of remains in the amount of \$25,000;
3. Expenses associated with the medical evacuation of exchange visitors to his or her home country in the amount of \$50,000; and
4. Deductibles not to exceed \$500 per accident or illness.

All other provisions of 22 CFR 62.14 went into effect on January 5, 2015, including a requirement that J-visa designated sponsors must “inform all exchange visitors that they, and any accompanying spouse and dependent(s), also may be subject to the requirements of the Affordable Care Act.”

F. TRAVEL

The options an assistance award recipient has for arranging U.S. domestic travel for grantees are: (a) to use own travel agent, or (b) through the Travel Management Center (TMC) at Carlson-Wagonlit Government Travel (1-866-654-5593 or <http://www.cwgt.com>). Under the TMC method, however, travel costs must be a minimum of \$20,000 to utilize this option. The Bureau does not make the travel funds directly available to the recipient organization, but rather sets aside the funds in the assistance award to be accounted for separately as expenses are incurred and liquidated. In order to ensure the set-aside for this purpose not be exceeded, the recipient organization must closely monitor the grant travel costs and advise the Bureau program officer if more (or less) funds are needed than originally anticipated. Detailed instruction on use of the TMC will be provided when the grant/cooperative agreement is awarded. Recipient staff and consultants are not allowed to use TMC. Note: Preferred travel option must be indicated in your proposal narrative.

G. TAXES

Grantees under Bureau-funded projects are responsible for complying with all applicable tax treaties and federal, state and local laws on tax withholding and reporting for project participants. Because of the complexity of current tax laws regarding scholarship and fellowship income, it is strongly recommended that grantees consult with tax counsel regarding such compliance.

III. GUIDELINES FOR FORMATTING THE BUDGET

A. FORM 424A

Recipients must submit the required Standard Form 424A (Budget Information - Non-Construction Programs). This is a standard form designed to assist in budget planning. Instructions for this form can be found at <http://eca.state.gov/organizational-funding/open-grant-solicitations/completing-solicitation-package>.

Recipients must also submit the following:

- a budget summary;
- a line-by-line budget that provides detailed information on all program and administrative costs, including specific calculations showing how the totals were derived; and
- a budget narrative must be included to provide any additional information or explanations regarding the budget.

When completing the Budget Information section of the 424A, please break out costs according to Program Function, rather than Program Activity. Program Function should be interpreted as *General Program Costs* and *Administrative Costs*. General Program Costs are costs are incurred in direct support of the program, for example, travel, honoraria, consultant fees, tuition etc. Administrative costs are generally limited to staff salaries (including direct program staff and more general organizational support staff), fringe benefits, office supplies, rent, and indirect costs.

Please ensure the information that is requested below is entered into the SF-424A.

1. Section A, Budget Summary, requires the applicant to break out the General Program, and Administrative costs by Federal and Non-Federal (cost-share) Expenses, as in the example below.

The budget must be responsive to the solicitation guidelines and as accurately as possible reflect costs associated with program activities outlined in the proposal.

1. The following table provides examples of specific budget categories and line items. The table should not be interpreted as a list of all allowable costs, nor do all of the cost categories below relate to all ECA programs.
 - a. Please refer to the NOFO or letter of solicitation documents to determine which costs are authorized for your specific program.
 - b. You are urged to be as detailed and specific as possible, adding line items if needed. Please include a breakdown of unit cost and unit number so it is clear how a total amount in each line is calculated. You may do this in separate columns or as demonstrated in the table below.
 - c. If applicable, please include the costs related to the prior-year award in the first two (shaded) columns and the percent increase or decrease in each line item from the prior fiscal year.

a. Staff Salaries and Benefits

In general, employees receiving benefits from the applicant organization are considered staff. Consultants hired to assist with the program, who do not receive benefits should be included under Other Direct Costs.

b. Staff and Participant Travel Costs:

All international travel that originates or terminates in the United States, as well as U.S. domestic flights must comply with the Fly America Act. Please break out travel costs:

- i. international airfare
- ii. in-country travel overseas
- iii. domestic travel in U.S.
- iv. group ground transportation (bus rental etc.)

c. Staff and Participant Per Diem:

Total per diem rate (lodging, meals and incidentals) may not exceed established U.S. Government per diem rates. Domestic U.S. Government per diem rates may be found online at the following site: www.gsa.gov/perdiem. A link for foreign per diem is available on this site. Homestays, dormitory stays, hotel room-sharing, and similar means of lowering the per diem cost are permissible.

d. Contractual

If applicable, please include all costs attributed to subrecipients, broken down in the same format as in the SF424 (Staff, benefits, Travel etc.). If the program has more than one subrecipient, include a separate list of line items for each one. Also required for each subrecipient is the Unique Entity Identifier (DUNs) number.

e. Other Direct Costs:

These will vary according to each program. Some examples of program costs in this category include: Orientations, Working Meals (if authorized), room rental, academic fees, cultural allowances, book allowances, participant health insurance, program consultants are possible items.

- i. Orientation: Travel costs and per diem other than for participants, speaker fees, preparation of materials, printing and copying may be included with other expense categories or listed as a separate category. It may be necessary to identify additional costs under this heading, such as room rental.
 - ii. Health Insurance: In general, participants are covered by the Bureau's self-insurance policy. Refer to the solicitation package for clarification.
 - iii. Scholarships/Tuition: The applicant must identify costs included when the proposal requests support for academic scholarships or tuition. If only the cost of international travel is requested, this must be clearly identified. If the scholarship includes other administrative and program expenses, each item of expense must be listed and explained to ensure that there is no overlap with other requested budget items.
 - iv. Other Programs Costs: These will vary depending on the nature of the project. Academic fees, cultural allowances, and book allowances are possible items. The inclusion of each must be justified.
 - v. Administrative expenses such as photocopying, postage, telephone/fax, and printing should be included here as well. The inclusion of each must be justified. See the NOFO or letter of solicitation and POGI for program-specific information on costs.
- i. Indirect Expenses: See OMB Guidance 2 CFR Parts 200 and 600. If your organization has an indirect cost-rate agreement with the U.S. Government, please include a copy of this agreement as an addendum to the budget.
 - ii. Do not include indirect costs against participant expenses in the Bureau budget, as it generally does not pay for these costs.

D. BUDGET NARRATIVE

Following the Detailed Budget, please include a Budget Narrative. The budget narrative should elaborate on the detailed budget, not simply repeat with words what is stated numerically in the budget. The narrative is the place to communicate to ECA any information that might not be readily apparent in the budget. The narrative should be used to help explain reasonableness of costs. For example, in the budget narrative you could:

1. Explain how the expense relates to meeting program goals and objectives;
2. Explain differences in fares among travelers on the same routes (e.g., project staff member traveling for three weeks whose fare is higher than that of staff member traveling for four months);
3. Explain why the number of participants traveling to a program event is different than the number of participants on the program (e.g., fewer participants are traveling to the workshop because they reside in the same location where the workshop will be held)
4. Indicate to which costs an indirect rate is applied – to direct administrative expenses, to all direct costs, etc.; or
5. Elaborate on staff salaries and benefits as warranted. For example, explain if a program is multi-year, explain any changes in staffing patterns from one year to the next.
6. Explain any lump sum costs, provide a breakdown if possible, and explain how the cost was estimated.

E. IMPORTANT INFORMATION ON THE BUDGET AND EXPENSES

1. If there is a limit on administrative costs include both direct and indirect administrative charges, whether or not the indirect charges are based on program or administration expenses.
2. Expenses, especially administrative costs, may be cost-shared. Cost-sharing by the applicant organization should be clearly stated in the budget as the applicant’s contribution and explained in the budget narrative.
3. Preference is given to applicants proposing to waive or substantially cost share indirect expenses in order to utilize the highest possible proportion of funds for direct program costs.

At the discretion of the Warranted Grants Officer, the Bureau of Educational and Cultural Affairs **DOES NOT PAY FOR THE FOLLOWING:**

- a. Publication of materials for distribution within the United States;
- b. Administration of a program that will make a profit;
- c. Expenses incurred before or after the specified dates of the grant;
- d. Projects designed to advocate policy views or positions of foreign governments or views of a particular political faction;
- e. Entertainment costs unless there is a programmatic purpose (See OMB Guidance 2 CFR Part 200.438 Entertainment Costs);
- f. Contingency funds to cover unexpected costs, including salary increases, increased airfares, other inflationary factors unless the amounts are estimated using broadly-accepted cost estimating methodologies, specified in the budget documentation of the Federal award. (See OMB Guidance 2 CFR Part 200.433 Contingency Provisions)

A. DIVERSITY, FREEDOM AND DEMOCRACY GUIDELINES

Pursuant to the Bureau’s authorizing legislation, programs must maintain a non-political character and should be balanced and representative of the diversity of political, social, and cultural life in the United States and abroad. “Diversity” should be interpreted in the broadest sense and encompass differences including race, color, national origin, sex, age, religion, geographic origin, socio-economic status, disability, sexual orientation or gender identity. Proposals should demonstrate how diversity will enhance the program’s goals and objectives and the participants’ exchange experience. Please refer to the review criteria under the “Support for Diversity” section of the solicitation document and to the information below for specific suggestions on incorporating diversity into the total proposal.

Public Law 104-319 provides that “in carrying out programs of educational and cultural exchange in countries whose people do not fully enjoy freedom and democracy,” the Bureau, “shall take appropriate steps to provide opportunities for participation in such program to human rights and democracy leaders of such countries.” Public Law 106 - 113 requires that the governments of the countries described above do not have inappropriate influence in the selection process. Proposals should reflect advancement of this goal in their program contents, to the full extent deemed feasible.

Suggested diversity elements may include:

1. Program Administration:

- a. Applicants are encouraged to promote and demonstrate diversity within their workforce, including employees, subrecipients and contractors;
- b. Outreach, recruitment, selection and placement of the U.S. and foreign program participants should reflect all relevant forms of diversity as reflected in ECA’s Diversity Statement, to the extent possible;
- c. Program locations should reflect geographic diversity and, where relevant, socio-economic diversity.
- d. Host institutions and organizations in the United States and abroad should represent diversity, including Minority-serving Institutions (MSI’s) of Higher Education and institutions and organizations relating to people with disabilities and to people relating to other underrepresented audiences;
- e. Programs should be evaluated and their success measured from a variety of perspectives, including how successful grantee organizations are in achieving diversity as discussed in their proposal and referenced in their grant award from ECA.

2. Program Content:

- a. Pre-departure and/or post-arrival orientation for participants should include a session on multi-ethnicity, multiculturalism, or issues related to inclusive communities for both in-bound participants as well as out-bound participants;
- b. Through seminars, workshops, meetings, consultations, and other forms of interaction (both face-to-face and online), as well as in enrichment/enhancement activities, relevant issues of diversity and inclusion should be addressed either directly (as a topic) or indirectly (through contact with a variety of individuals of diverse backgrounds);
- c. Wrap-up and re-entry sessions should provide a platform to discuss issues of inclusion and diversity that were observed or explored during the program. Where possible, additional sessions on diversity and inclusion should be used to enhance or expand participants’ understanding of these issues in the United States and abroad;
- d. Organizations should seek opportunities to expose participants to the fullest range of expression, viewpoints, positions and information;
- e. Resource lists and research material and websites should contain a broad representation of subjects, authors and titles reflecting diversity in the United States and abroad;
- f. Program follow-up, including alumni activities, should ensure mechanisms for the continual promotion of diversity issues.

B. ECA's COMMITMENT TO PUBLIC PRIVATE PARTNERSHIPS (PPPs)

ECA is reaching out to the private sector to engage in collaborative public-private partnerships that align with ECA’s mission of building mutual understanding around the world. While there

is a tremendous demand for ECA programs, meeting these demands and the challenges of the 21st century must come from collaboration between the public and private sectors. This tremendous demand, coupled with our past successes in developing public/private partnerships, has led us to look for ways to further increase the effectiveness of our programs. We know that our educational, cultural and sports activities align strategically with the corporate social responsibility goals of corporations and the mission of many foundations.

Public/private partnership furthers the social responsibility goals of private sector philanthropy through focused investments in educational and cultural exchanges while amplifying the expanse and reach of ECA's programs. These programs build human potential and local capacity, highlight talent and can identify potential employees and consumers. Multinational companies are increasingly interested in human capacity building and being good global corporate citizens. Foundations have had a long track record of philanthropic work around the world.

The Bureau of Educational and Cultural Affairs strongly encourages applicant organizations to consider developing sustainable public private partnerships in an effort to expand and increase the number of program participants and the overall impact and reach of ECA funded exchange programs and activities. Proposals should demonstrate a firm commitment to the advancement of PPPs in their proposal narrative and when possible, include letters of commitment from the organizations/companies with whom they are proposing to partner. Please note: Any/all proposed partnering relationships will be vetted with ECA's Office of Private Sector Exchanges and the Department's Office of the Legal Advisor to ensure there is no conflict of interest.

Proposal narratives should also demonstrate a willingness to coordinate closely with the program office(r) assigned to this project in collecting data and highlighting and publicizing successful public private partnerships that result from ECA funded assistance awards (grants and cooperative agreements).

C. ECA's GENERAL POLICY GUIDANCE ON ALUMNI OUTREACH/FOLLOW-ON AND ENGAGEMENT

Proposals must include a plan outlining alumni outreach/follow-on and engagement. Proposed programs should strengthen long-term mutual understanding, including maximum sharing of information and establishment of long-term institutional and individual linkages. Reviewers will assess ways in which proposals provide substantive plans to prepare exchange program participants for their role as active, effective alumni and how the grantee organization will continue to engage with alumni once they return home. Recipient organization(s) must outline how alumni/follow-on activities will be sustained after the grant period.

All recipients of ECA grants or cooperative agreements (here-after referred to as "recipient organization(s)") will be expected to provide regular updates on alumni/follow-on activities throughout the period of performance. Proposals should also include plans to use alumni in recruitment and orientation programming of future participants.

As a general rule, ECA discourages support of individual one-time alumni/follow-on events for most of its exchange activities but rather asks recipient organization(s) to connect alumni with local non-governmental organizations, chambers of commerce or other private sector institutions to ensure long-term sustainability of alumni/follow-on activities. ECA encourages

follow-on/alumni activities that have a strong multiplier effect and demonstrate a significant impact on organizations, groups or communities with which the alumni associates. Mentorships, internships, and job shadowing experiences are encouraged. Please refer to the actual solicitation (i.e. NOFO or letter of solicitation) for any specific additional guidance.

The Bureau expects that all recipient organization(s) will encourage and assist participants in registering for and using the International Exchange Alumni website (alumni.state.gov) at multiple points during their exchange experience, at a minimum during program orientations and pre-departure briefings as well as at the end of programs. Proposals should detail how the website will be promoted to exchange participants and how the recipient organization(s) will facilitate participant registration. The Bureau expects that all recipient organization(s) will place a link to International Exchange Alumni on their own websites.

International Exchange Alumni, an interactive, dynamic and password-protected on-line global community, offers alumni a place to network; discover grants and funding opportunities; and research through access to over 20,000 international journals and newspapers.

While applicant organizations may propose the use of websites for recruitment and selection, pre-departure and re-entry efforts/activities, the Bureau will not fund or support websites and/or website activities that are duplicative or run parallel to alumni/follow-on opportunities on ECA's International Exchange Alumni website.

After awards have been finalized, all recipient organization(s) will be expected to work directly with the respective ECA program office, ECA's Alumni Affairs Division and the Embassy-based alumni coordinator to provide regular updates on alumni activities, alumni follow-up and alumni participant data. Proposals should specifically acknowledge a commitment to this effort. All statistical information collected on ECA funded program participant(s) should be transferable to databases maintained by ECA.

ECA will provide general information on alumni outreach ideas that interested organizations can use in designing their alumni outreach strategies.

D. ACKNOWLEDGEMENT OF ECA'S FINANCIAL SUPPORT AND USE OF THE DEPARTMENT SEAL

E. DELINQUENT TAXES OR FELONY CRIMINAL CONVICTION REPRESENTATION PROVISION

The Department is committed to the protection of limited federal assistance dollars. Recipient Organizations should note that, in accordance with section 7073 of Division K of the

Consolidated Appropriations Act, 2014 (Public Law 113-76), none of the funds provided by this Act may be used to enter into an assistance award with any organization that –

(1) Was “convicted of a felony criminal violation under any Federal law within the preceding 24 months, where the awarding agency has direct knowledge of the conviction, unless the agency has considered, in accordance with its procedures, that this further action is not necessary to protect the interests of the Government”; or

(2) Has any “unpaid Federal tax liability that has been assessed for which all judicial and administrative remedies have been exhausted or have lapsed, and that is not being paid in a timely manner pursuant to an agreement with the authority responsible for collecting the tax liability, where the awarding agency has direct knowledge of the unpaid tax liability, unless the Federal agency has considered, in accordance with its procedures, that this further action is not necessary to protect the interests of the Government”.

For the purposes of Section 7073, it is the Department of State’s policy that no award may be made to any organization covered by (1) or (2) above, unless the Procurement Executive has made a written determination that suspension or debarment is not necessary to protect the interests of the Government.
