Bureau of Educational and Cultural Affairs (ECA) Notice of Funding Opportunity (NOFO): FY 2018 Study of the U.S. Institutes for Secondary Educators

Announcement Type: New Cooperative Agreement

Funding Opportunity Number: ECA-ECAAE-18-009

Catalog of Federal Domestic Assistance Number: 19.401

Key Dates/Application Deadline: December 22, 2017

Executive Summary: The Study of the U.S. Branch (ECA/A/E/USS), Office of Academic Exchange Programs, Bureau of Educational and Cultural Affairs (ECA), invites proposal submissions from accredited U.S. post-secondary education institutions (community colleges, liberal arts colleges, public and private universities) and other U.S. public and private non-profit organizations (see Eligibility Information, section C) for the design and implementation of three Study of the U.S. Institutes for Secondary Educators to take place over the course of five weeks beginning in June 2018, pending the availability of FY 2018 funds. See details in section A.3 Program Administration.

The Study of the U.S. Institutes for Secondary Educators should provide multinational groups of experienced secondary educators (administrators, curriculum developers, education ministry officials, teachers, teacher trainers, and textbook writers) with a deeper understanding of U.S. society, education, culture, values, and institutions. Two of the Institutes will be for teachers; one Institute will be for secondary educator administrators and other educational professionals including but not limited to curriculum developers, ministry of education officials, teacher trainers, and textbook writers. Each Institute should include four weeks of academic residency at a U.S. academic institution and a one-week integrated study tour that will expose the foreign secondary educators to another region of the United States. Participants should spend approximately three days in Washington, D.C. Each Institute will host approximately 20 participants, for a total of approximately 60 foreign secondary educators. More Information on the Institute theme can be found in section A.2. Institute Theme.

The award recipient will be responsible for planning, overseeing, and implementing the program including the administration of all three Institutes and the oversight and management of performance of any subaward recipients under the award. Applicants may submit only one proposal under this competition. If multiple proposals are received from the same applicant, all submissions will be declared ineligible and receive no further consideration in the review process. The awarding of Cooperative Agreements for this program is contingent upon the availability of FY 2018 funds. The awarding of the non-competitive continuations in FY 2019 and FY 2020 is contingent on the availability of funding and successful performance.

It is ECA's intent to award one (1) Cooperative Agreement (one base year plus two non-competitive continuations) for an estimated total amount of \$3,150,000, pending availability of funds and successful performance. Please see section B. Federal Award Information below for additional details. **ECA reserves the right to reduce, revise, or increase proposal budgets, participant numbers, and the number of Institutes based on program needs and the availability of U.S. government funding.**

A. Program Description:

Overall grant making authority for this program is contained in the Mutual Educational and Cultural Exchange Act of 1961, Public Law 87-256, as amended, also known as the Fulbright-Hays Act. The purpose of the Act is “to enable the Government of the United States to increase mutual understanding between the people of the United States and the people of other countries...; to strengthen the ties which unite us with other nations by demonstrating the educational and cultural interests, developments, and achievements of the people of the United States and other nations...and thus to assist in the development of friendly, sympathetic and peaceful relations between the United States and the other countries of the world.” The funding authority for the program above is provided through legislation.

A.1. Purpose: Study of the U.S. Institutes for Secondary Educators are intensive academic programs whose purpose is to provide foreign secondary educators (administrators, curriculum developers, education ministry officials, teachers, teacher trainers, or textbook writers) the opportunity to deepen their understanding of U.S. society, education, culture, and institutions. The ultimate goal is to promote the development and improvement of courses and teaching about the United States at secondary schools and teacher training institutions abroad.

A.2. Overview: The Institutes for Secondary Educators should be five weeks in length; participants should spend a minimum of four weeks in an academic residency at a U.S. university or college campus and one week on an educational study tour to a different region of the United States. Participants should also spend approximately three days in Washington, D.C.

Each Institute should be designed as an intensive, academically rigorous seminar for an experienced group of educators from abroad. Institutes should be organized through an integrated series of lectures, readings, seminar discussions, regional travel, and site visits, and should also include sessions that expose participants to U.S. pedagogical philosophy and practice. The study tour and local site visits should directly complement the academic program and provide opportunities for participants to observe and partake in varied aspects of American life. In addition, all Institutes should foster ECA’s mission to promote mutual understanding between citizens of the United States and other countries. Thus, the programs should include robust opportunities for participants to meet Americans from a variety of backgrounds, to interact with their U.S. peers. **Please see the Project Objectives, Goals, and Implementation (POGI) document for more information.**

A.3. Institute Theme: The Study of the U.S. Institutes for Secondary Educators should provide multinational groups of approximately 20 experienced secondary school educators (teachers, administrators, teacher trainers, curriculum developers, textbook writers, or education ministry officials) with a deeper understanding of past and present

U.S. society, education, and culture. The three Institutes should be organized around a central theme or themes in U.S. society and should have a strong contemporary component. Through a combination of traditional, multi-disciplinary, and interdisciplinary approaches, program content should be imaginatively integrated in order to elucidate the history and evolution of U.S. educational institutions and values, broadly defined. The program should also serve to illuminate contemporary political, social, and economic debates in U.S. society. Two of the Institutes will be for teachers; one Institute will be for secondary educator administrators and other educational professionals including but not limited to curriculum developers, ministry of education officials, teacher trainers, and textbook writers. While the Institutes may dedicate a few of the academic sessions to teaching methods and pedagogy, they should focus mainly focus on providing secondary educators with content and materials to develop high school level curricula about the United States. All Institutes should take place at U.S. academic institutions. Each Institute will host approximately 20 participants, for a total of approximately 60 secondary educators. Pending the availability of FY 2018 funds, one award of up to \$1,050,000 in the FY 2018 base year will support these three Institutes.

A.4. Program Administration: ECA is seeking detailed proposals from accredited U.S. post-secondary higher education institutions (community colleges, liberal arts colleges, public and private universities) and other U.S. public and private non-profit academic organizations meeting the eligibility requirements outlined under section C. below.

ECA intends to issue one award for the design, oversight, and implementation of all three Institutes for Secondary Educators. The recipient may choose to conduct one Institute, and provide and monitor sub-awards to two host institutions to conduct the other two Institutes. Alternatively, the recipient may choose to provide and monitor three sub-awards (one for each Institute) to three host institutions. Each host institution should only implement one Institute. The recipient may not conduct more than one Institute.

All proposals should demonstrate thematic expertise, as well as any regional expertise, if applicable. Countries in all world regions will participate and will be determined by ECA, in coordination with Fulbright Commissions and the Public Affairs Sections at U.S. embassies abroad.

ECA reserves the right to reduce, revise, or increase proposal budgets, participant numbers, and the number of Institutes based on program needs and the availability of U.S. government funding.

A.5. Program Dates: Pending the availability of FY 2018 funds, the anticipated award date for the cooperative agreement will begin on or about April 15, 2018 and end on or about September 30, 2021. The Institutes for Secondary Educators should be five-weeks or approximately 36 days in length and take place in summer 2018. This should include participant arrival and departure days.

A.6. Program Guidelines: The award recipient is responsible for the conception, structure, and monitoring of the Institutes and their agendas. Proposals must provide a detailed and comprehensive narrative describing the goals of the entire project, as well as the objectives and scope of each Institute. For each Institute, the proposal should also describe the content of each session and site visit and how these components relate to the overall theme of the Institute and entire project. Proposals must include syllabi for each program indicating the subject matter for each lecture, panel discussion, group presentation, or other activity. The syllabi also should confirm or provisionally identify proposed speakers, trainers, and session leaders, and clearly show how assigned readings will advance the goals of each session.

Please see section D. Application and Submission Information for application submission requirements. Proposals will be reviewed on the basis of their responsiveness to the six review criteria listed in this NOFO under section E.1. The accompanying POGI provides program-specific guidelines that all proposals must address fully.

Please note: In a Cooperative Agreement, the Study of the U.S. Branch (ECA/A/E/USS) is substantially involved in program activities above and beyond routine monitoring. The Branch may request that the award recipient make modifications to the academic residency and/or educational travel components of the program. The award recipient will be required to obtain approval of significant program changes in advance of their implementation. These activities and the roles and responsibilities of the Department and the recipient are outlined in the attached POGI.

Proposal narratives should include a brief commitment to implement the program for the base year, plus two additional non-competitive continuations, pending successful performance and the availability of funds. The narrative should focus on details specific to the implementation of the base year program, with the understanding that the program design, duration, and participant numbers would be similar when/if the subsequent two non-competitive continuation years are exercised. ECA will perform an annual performance evaluation/review to determine if a non-competitive continuation will be exercised. Satisfactory performance and the availability of funds is a condition of continued administration of the program and execution of all non-competitive continuation years.

C. Eligibility Information:

C.1. Eligible applicants: Applications may be submitted by U.S. post-secondary education institutions (community colleges, liberal arts colleges, public and private universities) and other U.S. public and private non-profit organizations meeting the provisions described in Internal Revenue Code section 26 USC 501(c)(3).

C.2. Cost Sharing or Matching Funds: There is no minimum or maximum percentage required for this competition. However, ECA encourages applicants to provide maximum levels of cost sharing and funding in support of its programs.

When cost sharing is offered, it is understood and agreed that the applicant must provide the amount of cost sharing as stipulated in its proposal and later included in an approved agreement. Cost sharing may be in the form of allowable direct or indirect costs. For accountability, you must maintain written records to support all costs which are claimed as your contribution, as well as costs to be paid by the Federal government. Such records are subject to audit. The basis for determining the value of cash and in-kind contributions must be in accordance with the Office of Management and Budget's Guidance 2 CFR Parts 200 and 600, entitled the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. In the event you do not provide the minimum amount of cost sharing as stipulated in the approved budget, ECA's contribution will be reduced in like proportion.

C.3. Other Eligibility Requirements:

1. Experience in Conducting International Exchanges: ECA grant guidelines require that organizations with less than four years of experience in conducting international exchanges be limited to \$130,000 in ECA funding. ECA anticipates making one award, in an amount of up to \$1,050,000 per year to support program and administrative costs required to implement these exchange programs. Therefore, organizations with less than four years of experience in conducting international exchanges are ineligible to apply under this competition.

2. Technical Eligibility: All proposals must comply with the following or they will result in your proposal being declared technically ineligible and given no further consideration in the review process. It is ECA's intent to award one (1) cooperative agreement to one applicant organization to administer a total of three (3) Institutes under this competition. **ECA reserves the right to reduce, revise, or increase proposal budgets, participant numbers, and the number of institutes based on program needs and the availability of U.S. government funding.**

Eligible applicants may not submit more than one proposal in this competition. If more than one proposal is received from the same applicant, all submissions will be declared technically ineligible and will receive no further consideration in the review process.

Please note: Applicant organizations are defined by their legal name, and EIN number as stated on their completed SF-424 and additional supporting documentation outlined in the Proposal Submission Instructions (PSI) document.

Please take into consideration the following information when preparing your proposal narrative:

D.3h. Adherence to All Regulations Governing the J Visa: The Bureau of Educational and Cultural Affairs places critically important emphases on the security and

proper administration of the Exchange Visitor (J visa) Programs and adherence by award recipients and sponsors to all regulations governing the J visa. Therefore, proposals should demonstrate the applicant's capacity to meet all requirements governing the administration of the Exchange Visitor Programs as set forth in 22 CFR 62, including the oversight of Alternate Responsible Officers, provision of pre-arrival information and orientation to participants, monitoring of participants, proper maintenance and security of forms, record-keeping, reporting and other requirements.

The award recipient will be responsible for issuing DS-2019 forms to participants in this program. A copy of the complete regulations governing the administration of Exchange Visitor (J) programs is available at <http://j1visa.state.gov> or from:

Office of Designation, Private Sector Programs Division
U.S. Department of State
SA-44, Suite 668
301 4th Street, SW
Washington, D.C. 20547

Please refer to Solicitation Package for further information.

D.3i. Diversity, Freedom and Democracy Guidelines: Pursuant to ECA's authorizing legislation, programs must maintain a non-political character and should be balanced and representative of the diversity of political, social and cultural life in the United States and abroad. 'Diversity' should be interpreted in the broadest sense and encompass differences including race, color, national origin, sex, age, religion, geographic location, socio-economic status, disability, sexual orientation or gender identity. Proposals should demonstrate how diversity will enhance the program's goals and objectives and the participants' exchange experience. Please refer to the review criteria under the 'Support of Diversity' section of this document as well as the DIVERSITY, FREEDOM AND DEMOCRACY section in the "Proposal Submission Instructions" document for specific suggestions on incorporating diversity into the total proposal.

Public Law 104-319 provides that "in carrying out programs of educational and cultural exchange in countries whose people do not fully enjoy freedom and democracy," ECA "shall take appropriate steps to provide opportunities for participation in such programs to human rights and democracy leaders of such countries." Public Law 106 - 113 requires that the governments of the countries described above do not have inappropriate influence in the selection process. Proposals should reflect advancement of these goals in their program contents, to the full extent deemed feasible.

D.3j. Program Monitoring and Evaluation: Proposals must include a plan to monitor and evaluate the project's success, both as the activities unfold and at the end of the program. ECA recommends that your proposal include a draft survey questionnaire or other technique plus a description of a methodology to use to link outcomes to original project objectives. ECA expects that the recipient organization will track participants or

partners and be able to respond to key evaluation questions, including satisfaction with the program, learning as a result of the program, changes in behavior as a result of the program, and effects of the program on institutions (institutions in which participants work or partner institutions). The evaluation plan should include indicators that measure gains in mutual understanding as well as substantive knowledge.

Successful monitoring and evaluation depend heavily on setting clear goals and outcomes at the outset of a program. Your evaluation plan should include a description of your project's objectives, your anticipated project outcomes, and how and when you intend to measure these outcomes (performance indicators). The more that outcomes are "smart" (specific, measurable, attainable, results-oriented, and placed in a reasonable time frame), the easier it will be to conduct the evaluation. You should also show how your project objectives link to the goals of the program described in this NOFO.

Your monitoring and evaluation plan should clearly distinguish between program outputs and outcomes. Outputs are products and services delivered, often stated as an amount. Output information is important to show the scope or size of project activities, but it cannot substitute for information about progress towards outcomes or the results achieved. Examples of outputs include the number of people trained or the number of seminars conducted. Outcomes, in contrast, represent specific results a project is intended to achieve and is usually measured as an extent of change. Findings on outputs and outcomes should both be reported, but the focus should be on outcomes.

We encourage you to assess the following four levels of outcomes, as they relate to the program goals set out in the NOFO (listed here in increasing order of importance):

1. **Participant satisfaction** with the program and exchange experience.
2. **Participant learning**, such as increased knowledge, aptitude, skills, and changed understanding and attitude. Learning includes both substantive (subject-specific) learning and mutual understanding.
3. **Participant behavior**, such as concrete actions to apply knowledge in work or community; greater participation and responsibility in civic organizations; interpretation and explanation of experiences and new knowledge gained; continued contacts between participants, community members, and others.
4. **Institutional changes**, such as increased collaboration and partnerships, policy reforms, new programming, and organizational improvements.

Please note: Consideration should be given to the appropriate timing of data collection for each level of outcome. For example, satisfaction is usually captured as a short-term outcome, whereas behavior and institutional changes are normally considered longer-term outcomes.

Overall, the quality of your monitoring and evaluation plan will be judged on how well it 1) specifies intended outcomes; 2) gives clear descriptions of how each outcome will be measured; 3) identifies when particular outcomes will be measured; and 4) provides a

clear description of the data collection strategies for each outcome (i.e., surveys, interviews, or focus groups). (Please note that evaluation plans that deal only with the first level of outcomes [satisfaction] will be deemed less competitive under the present evaluation criteria.)

Recipient organizations will be required to provide reports analyzing their evaluation findings to ECA in their regular program reports. All data collected, including survey responses and contact information, must be maintained for a minimum of three years and provided to ECA upon request.

D.3k. Virtual Exchange Component: ECA welcomes innovative ideas on how organizations can leverage appropriate mobile and/or online technologies to maintain engagement among exchange participants, encourage project collaboration and widen participation in the overall project to a broader audience. ECA strongly encourages organizations submitting proposals in response to this solicitation to suggest one or more virtual exchange components to complement the in-person exchange. The virtual exchange component(s) could come before, during and/or after the physical exchange. The objective for the virtual exchange component(s), defined as technology-enabled, sustainable, people-to-people, cross-cultural exchanges, is to augment the impact of the in-person exchange described in this solicitation. ECA encourages organizations to propose virtual exchange ideas that take advantage of ECA’s existing web and social networking platforms, including our [International Exchange Alumni](#) space. Virtual exchange components would be coordinated with and approved by the ECA program office and U.S. missions abroad on a project by project basis.

D.3l. Communications Guidance for ECA Grant Recipients: All ECA Grant Recipients must adhere to the requirements in [ECA’s Communications Guidance](#) on the creation of program branding and attribution, websites, social media, and press.

D.3m. Please take the following information into consideration when preparing your budget:

D.3n. Applicants must submit SF-424A – “Budget Information – Non-Construction Programs” along with a comprehensive budget for the entire program. There must be a summary budget as well as breakdowns reflecting both administrative and program budgets. Applicants must provide separate sub-budgets for each program component, phase, location, or activity to provide clarification.

For competitions that will be renewed through a Non-Competitive Continuation applicants must submit:

1. The SF-424A which must include the budget request amount for the base-year of the program;
2. A detailed proposal narrative and budget for the base year of funding (Please refer to the Proposal Submission Instruction Document (PSI) for general budget guidance.). The narrative should also include a brief commitment to implement

the program for the base year, plus two additional non-competitive continuation years, pending successful program performance and availability of funds; and

3. An abbreviated/estimated summary budget presenting the total projected administrative and program costs for the anticipated total duration of programming (base year, plus two non-competitive continuation years).

To exercise the Non-Competitive Continuation mechanism the recipient will be required to submit:

1. Timely quarterly performance and financial reports;
2. A request in writing to ECA at least 90 days in advance of the expiration of the current program year;
3. A summary budget that projects program expenses through the end of the current year;
4. A detailed budget outlining both administrative and program expenses for the requested non-competitive continuation year; and
5. A brief narrative to support the continuation of the award.

The ECA Grants Officer and Program Officer will:

1. Closely monitor the recipient's performance through site visits, desk audits, mandatory quarterly performance and financial reports, consultations, and other forms of communication and dialogue before exercising additional non-competitive continuations. (Additional details regarding monitoring and oversight of the program by ECA representatives will be provided at the time the base-year award is made.)
2. Review and evaluate all mandatory quarterly program and financial reports;
 - i. All program and financial reporting requirements must be current and up-to-date before ECA will exercise additional non-competitive continuations.
 - ii. Any/all concerns, issues, or modifications requested by the Grants Officer or Program Officer to the original program design or method of implementation must be responded to in writing.
 - iii. The ECA Grants Officer and Program Officer will review and advise of ECA's approval or disapproval of the response before issuing subsequent non-competitive continuations.
3. Prior Grants Officer approval is required to carry forward an unobligated balance from a prior funding period to the subsequent funding period. If the Grants Officer determines that some or all of the unobligated funds are not necessary to perform the program activity, the Grants Officer may decline the Recipient's request to carry forward the unobligated balance.

The Grants Officer may, at their discretion, use the unobligated balance to reduce or offset future funding for a subsequent funding period. An unobligated balance at the end of a funding period is not sufficient justification to carry forward funds. A final determination and approval to carry forward any funds will be

communicated via a cost amendment with adjustment, if any, to new obligation amounts.

- i. The request to carry forward an unobligated balance must include:
 - a. A brief narrative why funds remain unobligated and how the unobligated funds will be used to complete the previously approved goals and objectives of the program; and,
 - b. A detailed budget that reflects the amount of unobligated funds to date, and anticipated expenditures in the subsequent period of performance for all cost categories under the authorized budget.

D.3o. Allowable Costs: Please refer to section F.2. of this document for information on allowable costs. Please refer to the Solicitation Package for complete budget guidelines and formatting instructions.

When ECA successfully retrieves the application from Grants.gov and acknowledges the download of submissions, Grants.gov will provide an electronic acknowledgement of receipt of the application to the email address of the applicant with the AOR role. Again, proof of timely submission shall be the official date and time that Grants.gov receives your application.

Applicants using slow internet, such as dial-up connections, should be aware that transmission can take some time before Grants.gov receives your application. Grants.gov will provide either an error or a successfully received transmission in the form of an email sent to the applicant with the AOR role. The Grants.gov Support Center reports that some applicants end the transmission because they think that nothing is occurring during the transmission process. Please be patient and give the system time to process the application.

The Grants.gov website includes extensive information on all phases/aspects of the Grants.gov process, including an extensive section on frequently asked questions, located under the "Applicant FAQs" section of the website. ECA strongly recommends that all potential applicants review thoroughly the Grants.gov website, well in advance of

submitting a proposal through the Grants.gov system. ECA will not notify you upon receipt of electronic applications.

PLEASE NOTE: ECA bears no responsibility for applicant timeliness of submission or data errors resulting from transmission or conversion processes for proposals submitted via Grants.gov.

It is the responsibility of all applicants submitting proposals via the Grants.gov web portal to ensure that proposals have been received by Grants.gov in their entirety, and ECA bears no responsibility for data errors resulting from transmission or conversion processes.

D.3v. Intergovernmental Review of Applications: Executive Order 12372 does not apply to this program.

E. Application Review Information:

ECA will review all proposals for technical eligibility. Proposals will be deemed ineligible if they do not fully adhere to the guidelines stated herein and in the Solicitation Package. All eligible proposals will be reviewed by the program office, as well as the Public Diplomacy section overseas and State Department regional bureaus, where appropriate. Eligible proposals will be subject to compliance with Federal and ECA regulations and guidelines and forwarded to the ECA grant panels for advisory review. Proposals may also be reviewed by the Office of the Legal Adviser or by other Department elements. All awards will be assessed for risk prior to their issuance. Final funding decisions are at the discretion of the Department of State's Assistant Secretary for Educational and Cultural Affairs. Final technical authority for assistance awards resides with the ECA Grants Officer.

E.1. Review Criteria: Technically eligible applications will be competitively reviewed according to the criteria stated below. These criteria are not rank ordered and all carry equal weight in the proposal evaluation:

1. Quality of Program Plan and Ability to Achieve Program Objectives:

Proposals should exhibit originality and clearly demonstrate how the Institute will meet the objectives laid out in this solicitation. A detailed itinerary and staff work plan should demonstrate substantive undertakings and logistical capacity. Activities should be reasonable, feasible, and form a coherent program for participant exploration of the topic. Competitive proposals will clearly promote ECA's mission: to foster mutual understanding between the people of the United States and the people of other countries to promote friendly and peaceful relations.

2. Support of Diversity: Proposals should demonstrate substantive support of ECA's diversity policy. Proposals should demonstrate how diversity will be

achieved in the different aspects of program design and implementation, and how diversity will enhance the program's goals and objectives. It is important that proposals have a clearly articulated diversity plan and not simply express general support for the concept of diversity. Proposals should also indicate how reasonable accommodations for participant needs, including disability accommodations, will be implemented.

- 3. Project Evaluation:** As explained in section D.3j. Program Monitoring and Evaluation, proposals should include a plan to evaluate the activity's success, both as the activities unfold and at the end of the program. A draft survey questionnaire or other technique plus description of a methodology to use to link outcomes to original project objectives are recommended.
- 4. Cost-effectiveness/Cost-sharing:** The overhead and administrative components of the proposal, including salaries and honoraria, should be kept as low as possible. All other items should be necessary and appropriate. Proposals should maximize cost-sharing through other private sector support, as well as institutional direct funding contributions.
- 5. Institutional Track Record/Ability:** Proposals should demonstrate an institutional record of successful exchange programs (past exchange programs need not have been ECA funded). ECA will consider the past performance of prior recipients including responsible fiscal management and full compliance with all reporting requirements for past ECA awards (grants or cooperative agreements) as determined by ECA Grants Staff. ECA will consider the demonstrated potential of new applicants. Proposed personnel and institutional resources should be fully qualified to achieve the project's goals.
- 6. Follow-on Activities:** Proposals should discuss provisions made for follow-up with returned participants as a means of establishing longer-term individual and institutional linkages. Proposals also should provide a plan for continued follow-on activity (without ECA support) ensuring that ECA supported programs are not isolated events. Please refer to the POGI for additional information on follow-on activities.

F. Federal Award Administration Information:

F.1. Award Notices: Final awards cannot be made until funds have been appropriated by Congress, allocated and committed through internal ECA procedures. Successful applicants will receive a Federal Assistance Award (FAA) from the ECA Grants Office. The FAA and the original proposal with subsequent modifications (if applicable) shall be the only binding authorizing document between the recipient and the U.S. Government. The FAA will be signed by an authorized Grants Officer, and transmitted to the recipient's responsible officer identified in the application.

Unsuccessful applicants will receive notification of the results of the application review from the ECA program office coordinating this competition.

F.2. Administrative and National Policy Requirements: Terms and Conditions for the Administration of ECA agreements include the following:
Office of Management and Budget's Guidance 2 CFR Parts 200 and 600, entitled the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Effective December 26, 2014, replacing the previous circulars).

For a copy of the OMB guidance cited, please contact the U.S. Government Publishing Office or download from the www.ecfr.gov website.

Please reference the following websites for additional information:

<http://www.whitehouse.gov/omb/>
<http://www.state.gov/m/a/ope/index.htm>

F.3. Reporting Requirements: You must provide ECA with an electronic copy of the following required reports:

Mandatory:

1. Additional performance reports shall not be required more frequently than quarterly or, less frequently than annually. Annual reports shall be due 90 calendar days after the grant year; quarterly reports shall be due 30 days after the reporting period. (Frequency of these reports will be determined by the Grants Officer and Program Officer). The complete report and supporting documentation must be uploaded by the Recipient as a *Grant Note* under the corresponding record for this Agreement in GrantSolutions.gov. For assistance, please contact the GrantSolutions Help Desk at 1 (866) 577-0771 (toll free for US callers) or by email at help@grantsolutions.gov. The Federal Financial Report (FFR SF-425/SF-425a) must be submitted through the Payment Management System (PMS). The electronic version of the FFR can be accessed at: <http://www.dpm.psc.gov/>. Once the Department has approved a financial report, the Recipient must upload the approved report to GrantSolutions.gov, in the same manner specified for the programmatic reports. Failure to comply with these reporting requirements may jeopardize the Recipient's eligibility for future Agreements.
2. A final program and financial report no more than 90 days after the expiration or termination of the award;
3. A concise, one-page final program report summarizing program outcomes no more than 90 days after the expiration of the award. This report should be e-mailed to: FFATAECA@state.gov. This one-page report will be transmitted to OMB, and be made available to the public via OMB's USAspending.gov website - as part of ECA's Federal Funding Accountability and Transparency Act (FFATA) reporting requirements.

4. Because the Competition will allow for the exercise of non-competitive continuations, applicants must be placed on a mandatory quarterly program and financial reporting cycle. The due dates for these reports will be included in the final assistance award document. The program and financial reports must demonstrate substantial progress by addressing progress towards the original approved goals and objectives, relative activities and events, and supporting fiscal data. The reports will be reviewed by both the assigned Grant Officer and Program Officer.

Award recipients will be required to provide reports analyzing their evaluation findings to ECA in their regular program reports. (Please refer to D.3j. Program Monitoring and Evaluation.)

All data collected, including survey responses and contact information, must be maintained for a minimum of three years and provided to ECA upon request.

F.4. Program Data Requirements: Award recipients will be required to maintain specific data on program participants and activities in an electronically accessible database format that can be shared with ECA as required. At a minimum, the data must include the following:

1. Name, address, contact information and biographic sketch of all persons who travel internationally on funds provided by the agreement.
2. Itineraries of international and domestic travel, providing dates of travel and cities in which any exchange experiences take place. Final schedules for U.S. activities must be received by the ECA Program Officer at least three work days prior to beginning of the Institutes.
