Department of State
Bureau of Educational and Cultural Affairs (ECA) Notice of Funding Opportunity
(NOF): FY 2020 Global Undergraduate Exchange Program in Pakistan.

Announcement Type: New Cooperative Agreement

Funding Opportunity Number: SFOP0006714

Catalog of Federal Domestic Assistance Number: 19.009

Key Date/Application Deadline: June 5, 2020

Executive Summary: The Office of Academic Exchange Programs of the U.S. Department of State’s Bureau of Educational and Cultural Affairs (ECA) announces an open competition to administer the FY 2020 Global Undergraduate Exchange Program in Pakistan. U.S. public and private non-profit organizations meeting the provisions described in Internal Revenue Code section 26 USC 501(c)(3) may submit proposals to organize and carry out academic exchange activities for students from underrepresented sectors in Pakistan. Support for this program is being provided from FY 2019/FY 2020 Economic Support Funds (ESF) that ECA anticipates being transferred from USAID to the Bureau for obligation prior to the funds’ expiration on September 30, 2020. It is anticipated that the total amount of funding for FY 2020 administrative and program costs will be up to $4,022,247, pending the availability of funds.

Applicants may submit only one proposal under this competition. If multiple proposals are received from the same applicant, all submissions will be declared ineligible and receive no further consideration in the review process.

A. Program Description:
Overall grant making authority for this program is contained in the Mutual Educational and Cultural Exchange Act of 1961, Public Law 87-256, as amended, also known as the Fulbright-Hays Act. The purpose of the Act is "to enable the Government of the United States to increase mutual understanding between the people of the United States and the people of other countries...; to strengthen the ties which unite us with other nations by demonstrating the educational and cultural interests, developments, and achievements of the people of the United States and other nations...and thus to assist in the development of friendly, sympathetic and peaceful relations between the United States and the other countries of the world." The funding authority for the program above is provided through legislation. Support for this program is being provided from FY 2019/FY 2020 Economic Support Funds (ESF) that are being transferred to ECA for obligation to conduct the FY 2020 Global Undergraduate Exchange Program in Pakistan (Global UGRAD – Pakistan) under the Fulbright-Hays Act.

Purpose: The principal objective of the FY 2020 Global Undergraduate Exchange Program in Pakistan (herein referred to as “Global UGRAD – Pakistan”) is to provide a substantive exchange experience at a U.S. college or university to a diverse group of emerging student leaders from underrepresented socio-economic and geographic sectors in Pakistan. The students will complete one semester of non-degree undergraduate study in the United States at accredited two-and four-year institutions. In this context, the recipient organization should ensure that participants are able to enroll full-time in courses at U.S. institutions alongside U.S. peers, and
provide the participants with opportunities and enrichment activities designed to help them understand the United States and U.S. citizens inside and outside the classroom. To enhance the knowledge and skills of the participants, each student cohort should have leadership development as an overarching theme for the program.

Participants will return to Pakistan at the conclusion of the exchange program to re-enter colleges and universities there and re-integrate with their home communities.

An objective of the program is to provide participants with tailored instruction in the academic skills and study habits required to be successful at the undergraduate level as well as be better prepared for higher level studies in the future.

The recipient organization will be responsible for the following aspects of the program: placement of approximately 130 foreign students at accredited U.S. institutions (65 fall semester 2021, 65 spring semester 2022), student travel to the United States, arrival orientation, enrichment programming, advising, monitoring and support, re-entry workshop, evaluation, and follow-up with program alumni.

The Global UGRAD Pakistan Program will provide approximately 130 scholarships at U.S. institutions of higher education to outstanding students from non-elite sectors in Pakistan. Scholarships will be granted primarily to students who are currently enrolled in an undergraduate degree program in Pakistan, although students just completing their final year of high school will also be eligible. The recipient organization will place participants in non-degree programs at both two- and four-year U.S. colleges and universities.

The recipient organization should develop enrichment activities to enhance the participants’ academic education, including having students participate in community service and make local presentations about their country. Transfers of academic program or visa sponsorship of participants to another U.S. institution will not be considered.

ECA anticipates awarding one cooperative agreement for this program. Programs and projects must conform to Bureau requirements and guidelines outlined in the Solicitation Package. ECA programs are subject to the availability of funds.

Programs must comply with J-1 Visa regulations. Please refer to the Solicitation Package for further information.

C. Eligibility Information:

C.1. Eligible applicants: U.S. public and private non-profit organizations meeting the provisions described in Internal Revenue Code section 26 USC 501(c)(3) may submit applications for this competition. Applicants must have nonprofit status with the IRS at the time of application. Please see the Proposal Submission Instructions (PSI) for additional information.

All applicants must also have a Unique Entity Identifier (UEI) number and be registered in SAM.gov (see additional information about this requirement in D.3a and D.3c below).

C.2. Other Eligibility Requirements:

a.) Bureau grant guidelines require that organizations with less than four years of experience in conducting international exchanges be limited to $130,000 in Bureau funding. ECA anticipates making one award in an amount of $4,022,247 to support program and administrative costs required to implement this exchange program. Therefore, organizations with less than four years of experience in conducting international exchanges are ineligible to apply under this competition.
b.) **Technical Eligibility:** All proposals must comply with the requirements stated in the NOFO, POGI, and the Proposal Submission Instructions (PSI); non-compliance will result in your proposal being declared technically ineligible and given no further consideration in the review process.

c.) **Eligible applicants may not submit more than one proposal in this competition.** If more than one proposal is received from the same applicant, all submissions will be declared technically ineligible and will receive no further consideration in the review process. **Please note:** Applicant organizations are defined by their legal name, and EIN number as stated on their completed SF-424 and additional supporting documentation outlined in the Proposal Submission Instructions (PSI) document.

C.3. **Cost Sharing or Matching Funds:** There is no minimum or maximum percentage of cost sharing required for this competition. However, the Bureau encourages applicants to provide maximum levels of cost sharing and funding in support of its programs.

When cost sharing is offered, it is understood and agreed that the applicant must provide the amount of cost sharing as stipulated in its proposal and later included in an approved agreement. Cost sharing may be in the form of allowable direct or indirect costs. For accountability, the applicant must maintain written records to support all costs which are claimed as your contribution, as well as costs to be paid by the Federal government. Such records are subject to audit. The basis for determining the value of cash and in-kind contributions must be in accordance with the Office of Management and Budget’s Guidance 2 CFR Parts 200 and 600, entitled the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. In the event the applicant does not provide the minimum amount of cost sharing as stipulated in the approved budget, ECA’s contribution may be reduced in like proportion.

D.3g. Adherence To All Regulations Governing The J Visa: The Bureau of Educational and Cultural Affairs places critically important emphases on the security and proper administration of the Exchange Visitor (J visa) Programs and adherence by award recipients and sponsors to all regulations governing the J visa. Therefore, proposals should demonstrate the applicant’s capacity to meet all requirements governing the administration of the Exchange Visitor Programs as set forth in 22 CFR 62, including the oversight of Responsible Officers and Alternate Responsible Officers, screening and selection of program participants, provision of pre-arrival information and orientation to participants, monitoring of participants, proper maintenance and security of forms, record-keeping, reporting and other requirements.
The award recipient will be responsible for issuing DS-2019 forms to participants in this program.

A copy of the complete regulations governing the administration of Exchange Visitor (J) programs is available at http://j1visa.state.gov or from:

Office of Designation, Private Sector Programs Division
U.S. Department of State
SA-4E (Bldg. 3)
2430 E Street, NW
Washington, DC 20037

Please refer to Solicitation Package for further information.

D.3h. Diversity, Freedom, and Democracy Guidelines: Pursuant to the Bureau's authorizing legislation, programs must maintain a non-political character and should be balanced and representative of the diversity of political, social and cultural life in the United States and abroad. ‘Diversity’ should be interpreted in the broadest sense and encompass differences including race, color, national origin, sex, age, religion, geographic location, socio-economic status, disability, sexual orientation or gender identity. Proposals should demonstrate how diversity will enhance the program’s goals and objectives and the participants’ exchange experience. Please refer to the review criteria under the 'Support of Diversity' section of this document as well as the DIVERSITY, FREEDOM AND DEMOCRACY section in the “Proposal Submission Instructions” document for specific suggestions on incorporating diversity into the total proposal.

Public Law 104-319 provides that "in carrying out programs of educational and cultural exchange in countries whose people do not fully enjoy freedom and democracy," the Bureau "shall take appropriate steps to provide opportunities for participation in such programs to human rights and democracy leaders of such countries." Public Law 106 - 113 requires that the governments of the countries described above do not have inappropriate influence in the selection process. Proposals should reflect advancement of these goals in their program contents, to the full extent deemed feasible.

D.3i. Program Monitoring and Evaluation: Please Note: The Bureau plans to add standardized indicators and corresponding data collection questions for performance monitoring during the period of performance of this award. Therefore, proposed performance monitoring plans and data collection instruments should be flexible enough to incorporate those once established. Proposals must include a plan to monitor and evaluate the project’s success, both as the activities unfold and at the end of the program. The Bureau recommends that your proposal include a draft survey questionnaire or other technique plus a description of a methodology to use to link outcomes to original project objectives. The Bureau expects that the recipient organization will track participants or partners and be able to respond to key evaluation questions, including satisfaction with the program, learning as a result of the program, changes in
behavior as a result of the program, and effects of the program on institutions (institutions in which participants work or partner institutions). The evaluation plan should include indicators that measure gains in mutual understanding as well as substantive knowledge.

Successful monitoring and evaluation depend heavily on setting clear goals and outcomes at the outset of a program. Your evaluation plan should include a description of your project’s objectives, your anticipated project outcomes, and how and when you intend to measure these outcomes (performance indicators). The more that outcomes are "smart" (specific, measurable, attainable, results-oriented, and placed in a reasonable time frame), the easier it will be to conduct the evaluation. You should also show how your project objectives link to the goals of the program described in this NOFO.

Your monitoring and evaluation plan should clearly distinguish between program outputs and outcomes. Outputs are products and services delivered, often stated as an amount. Output information is important to show the scope or size of project activities, but it cannot substitute for information about progress towards outcomes or the results achieved. Examples of outputs include the number of people trained or the number of seminars conducted. Outcomes, in contrast, represent specific results a project is intended to achieve and is usually measured as an extent of change. Findings on outputs and outcomes should both be reported, but the focus should be on outcomes.

We encourage you to assess the following four levels of outcomes, as they relate to the program goals set out in the NOFO (listed here in increasing order of importance):

1. **Participant satisfaction** with the program and exchange experience.
2. **Participant learning**, such as increased knowledge, aptitude, skills, and changed understanding and attitude. Learning includes both substantive (subject-specific) learning and mutual understanding.
3. **Participant behavior**, such as concrete actions to apply knowledge in work or community; greater participation and responsibility in civic organizations; interpretation and explanation of experiences and new knowledge gained; continued contacts between participants, community members, and others.
4. **Institutional changes**, such as increased collaboration and partnerships, policy reforms, new programming, and organizational improvements.

**Please note:** Consideration should be given to the appropriate timing of data collection for each level of outcome. For example, satisfaction is usually captured as a short-term outcome, whereas behavior and institutional changes are normally considered longer-term outcomes.

Overall, the quality of your monitoring and evaluation plan will be judged on how well it 1) specifies intended outcomes; 2) gives clear descriptions of how each outcome will be measured; 3) identifies when particular outcomes will be measured; and 4) provides a clear description of the data collection strategies for each outcome (i.e., surveys, interviews, or focus groups). (Please note that evaluation plans that deal only with the first level of outcomes [satisfaction] will be deemed less competitive under the present evaluation criteria.)
Recipient organizations will be required to provide reports analyzing their evaluation findings to the Bureau in their regular program reports. All data collected, including survey responses and contact information, must be maintained for a minimum of three years and provided to the Bureau upon request.

**D.3j. Virtual Exchange Component:** ECA welcomes innovative ideas on how organizations can leverage appropriate mobile and/or online technologies to maintain engagement among exchange participants, encourage project collaboration and widen participation in the overall project to a broader audience. ECA strongly encourages organizations submitting proposals in response to this solicitation to suggest one or more virtual exchange components to complement the in-person exchange. The virtual exchange component(s) could come before, during and/or after the physical exchange. The objective for the virtual exchange component(s), defined as technology-enabled, sustainable, people-to-people, cross-cultural exchanges, is to augment the impact of the in-person exchange described in this solicitation. ECA encourages organizations to propose virtual exchange ideas that take advantage of ECA’s existing web and social networking platforms, including our International Exchange Alumni space. Virtual exchange components would be coordinated with and approved by the ECA program office and U.S. missions abroad on a project by project basis.

**D.3k. Communications Guidance for ECA Grant Recipients:** All ECA Grant Recipients must adhere to the requirements in ECA’s Communications Guidance on the creation of program branding and attribution, websites, social media, and press.

**D.3l. Budget Format:** Applicants must submit SF-424A – “Budget Information – Non-Construction Programs” along with a comprehensive budget for the entire program. There must be a summary budget as well as breakdowns reflecting both administrative and program budgets. Applicants may provide separate sub-budgets for each program component, phase, location, or activity to provide clarification. Overhead and administrative costs, including salaries and honoraria, should be kept as low as possible.

**D.3m. Key Personnel**
ECA recommends that the applicant identify intended key personnel positions via an asterisk (*) or other marking in the proposal budget, budget narrative, or a separate appendix. If not provided in the application, recipients must submit the names, titles, and brief biographical sketches of key personnel to the Grants Officer and GOR within 30 days of an award being issued. Additional information regarding key personnel requirements can be found in the State Department’s Standard Terms and Conditions, VI. Recipient Responsibility and Compliance with Federal Requirements (link to: https://www.state.gov/about-us-office-of-the-procurement-executive/).

**D.3o. Allowable costs for the program include the following:**

Please also be mindful of any Grants.gov generated error messages that may appear during the application process as they may result in some documents not transmitting correctly.

Applicants using slow internet, such as dial-up connections, should be aware that transmission can take some time before Grants.gov receives your application. Grants.gov will provide either an error or a successfully received transmission in the form of an email sent to the applicant with the AOR role. The Grants.gov Support Center reports that some applicants end the transmission because they think that nothing is occurring during the transmission process. E. APPLICATION REVIEW INFORMATION

The Bureau will review all proposals for technical eligibility. Proposals will be deemed ineligible if they do not fully adhere to the guidelines stated herein and in the Solicitation Package. All eligible proposals will be reviewed by the program office, as well as the Public Diplomacy section overseas and State Department regional bureaus, where appropriate. Eligible proposals will be subject to compliance with Federal and Bureau regulations and guidelines and forwarded to Bureau grant panels for advisory review. Proposals may also be reviewed by the Office of the Legal Adviser or by other Department elements. All awards will be assessed for risk prior to their issuance. Final funding decisions are at the discretion of the U.S. Department of State's Assistant Secretary for Educational and Cultural Affairs. Final technical authority for assistance awards resides with the Bureau's Grants Officer.

E.1. REVIEW CRITERIA

Technically eligible applications will be competitively reviewed according to the criteria stated below. These criteria are not rank ordered and all carry equal weight in the proposal evaluation:

1. **Quality of the program idea:** Proposals should exhibit originality, substance, precision, and relevance to the Bureau's mission.

2. **Program planning/Ability to achieve program objectives:** A detailed agenda and relevant work plan should demonstrate substantive undertakings and logistical capacity. The agenda and plan should adhere to the program overview and guidelines described above. The objectives should be reasonable, feasible, and flexible. Proposals should clearly demonstrate how the institution will meet the program's objectives and plan.

3. **Multiplier effect/impact:** Proposed programs should strengthen long-term mutual understanding, including maximum sharing of information and establishment of long-term institutional and individual linkages.

4. **Support of Diversity:** Proposals should show substantive support of the Bureau's policy on diversity. Proposals should demonstrate how diversity will be achieved in the different aspects of program administration and of program design, content and implementation, including individual grantee/participant recruitment, selection and placement. It is important that proposals have a clearly articulated diversity plan and not simply express general support for the concept of diversity.

5. **Institutional Capacity/Institution's Record/Ability:** Proposed personnel and institutional resources should be adequate and appropriate to achieve the program or project's goals. Proposals should demonstrate an institutional record of successful exchange programs, including responsible fiscal management and full compliance with all reporting requirements for past Bureau awards (grants or cooperative agreements) as determined by Bureau Grants Staff. The Bureau will consider the past performance of prior recipients and the demonstrated potential of new applicants.
6. **Follow-on Activities:** Proposals should provide a plan for continued follow-on activity (without Bureau support) ensuring that Bureau supported programs are not isolated events.

7. **Project Evaluation:** Proposals should include a plan to evaluate the activity's success, both as the activities unfold and at the end of the program. The Bureau recommends that the proposal include a draft survey questionnaire or other technique plus description of a methodology to use to link outcomes to original project objectives. Award-receiving organizations/institutions will be expected to submit intermediate reports.

8. **Cost-effectiveness/ Cost-sharing:** The overhead and administrative components of the proposal, including salaries and honoraria, should be kept as low as possible. All other items should be necessary and appropriate. Proposals should maximize cost-sharing through other private sector support as well as institutional direct funding contributions.

9. **Value to U.S.-Partner Country Relations:** Proposed projects should receive positive assessments from the U.S. Department of State's Regional Bureau(s) and from Public Affairs Sections (PAS) at U.S. Embassies overseas of program need, potential impact, and significance in the partner country(ies).

**F. Federal Award Administration Information**

F.1. **Award Notices:** Final awards cannot be made until funds have been appropriated by Congress, allocated and committed through internal Bureau procedures. Successful applicants will receive a Federal Assistance Award (FAA) from the Bureau’s Grants Office. The FAA and the original proposal with subsequent modifications (if applicable) shall be the only binding authorizing document between the recipient and the U.S. Government. The FAA will be signed by an authorized Grants Officer, and transmitted to the recipient’s responsible officer as identified in the application.

Unsuccessful applicants will receive notification of the results of the application review from the ECA program office coordinating this competition following the completion of the review process.

F.2 **Administrative and National Policy Requirements:** Terms and Conditions for the Administration of ECA agreements include the following: Office of Management and Budget’s Guidance 2 CFR Parts 200 and 600, entitled the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Effective December 26, 2014, replacing the previous circulars).

F.3. Reporting Requirements: You must provide ECA with an electronic copy of the following required reports:

1.) Performance Progress Reports (PPRs) shall be required at a minimum annually and no more frequently than quarterly. Annual reports shall be due 90 calendar days after the cooperative agreement year; quarterly or semi-annual reports shall be due 30 days after the reporting period. (Frequency of these reports will be determined by the Grants Officer and Program Officer). 2.) The Federal Financial Report (FFR SF-425/SF-425a) must be submitted through the U.S. Department of Health and Human Services’ Payment Management System (PMS). The electronic version of the FFR can be accessed at: http://www.dpm.psc.gov/. Once a financial report has been approved by the Department, the Recipient must upload the approved report to SAMS Domestic, in the same manner specified for the programmatic reports. Failure to comply with these reporting requirements may jeopardize the Recipient's eligibility for future Cooperative Agreements/Grants.

   In the event you are having difficulty uploading reports and the ILMS help desk is not providing sufficient assistance, please email ECA_SAMSDomestic@state.gov.

3.) A final program and financial report no more than 90 days after the expiration or termination of the award;
