Executive Summary: The Office of Academic Exchange Programs of the Bureau of
Educational and Cultural Affairs (ECA) announces an open competition for an assistance
award to administer the FY 2020 United States South Pacific (USSP) Scholarship
Program and the FY 2020 United States Timor-Leste (USTL) Scholarship Program.
Eligible applicants may submit a proposal to administer one or both of the scholarship
programs. U.S. public and private non-profit organizations meeting the provisions
described in Internal Revenue Code section 26 CFR 1.501(c)(3) may submit proposals to
organize and carry out academic exchange program activities for approximately three (3)
participants for each program (eligible nations for USSP are listed below in the Overview
section).

Working closely with U.S. Embassy Public Affairs Sections in the region, the award
recipient(s) will be responsible for the administration of the programs, including publicity
and recruitment, review of academic credentials, convening review panels and assisting
with merit-based competitive selection and nomination, placing students at appropriate
U.S. institutions for academic degree study leading to a bachelors or masters degree,
facilitating student travel to the United States, providing orientation, enrichment
activities, and pre-return activities, providing monitoring and support services,
conducting on-going evaluation and follow-up with program alumni. The duration of the
cooperative agreement(s) will be up to five years, beginning approximately on August 1,
2020 and ending on July 31, 2025.

Applicants may submit only one proposal under this competition. If multiple proposals
are received from the same applicant, all submissions will be declared ineligible and

A. PROGRAM DESCRIPTION

Overall grant making authority for this program is contained in the Mutual Educational
and Cultural Exchange Act of 1961, Public Law 87-256, as amended, also known as the
Fulbright-Hays Act. The purpose of the Act is "to enable the Government of the United
States to increase mutual understanding between the people of the United States and the
people of other countries...; to strengthen the ties which unite us with other nations by
demonstrating the educational and cultural interests, developments, and achievements of
the people of the United States and other nations...and thus to assist in the development of friendly, sympathetic and peaceful relations between the United States and the other countries of the world." The funding authority for the program above is provided through legislation.

In response to Public Law 103-236, which directed the Bureau of Educational and Cultural Affairs (ECA) to provide scholarships to students from the sovereign island nations of the South Pacific region and Timor-Leste, ECA created the USSP Scholarship Program and the USTL Scholarship Program for academic study at accredited colleges and universities in the United States.

**United States South Pacific Scholarship Program Overview:**

The USSP Scholarship Program was established by the United States Congress to provide opportunities for U.S. degree study to students from South Pacific nations in fields important for the region’s future development. Public Law 103-236 authorized academic scholarships to qualified students from the sovereign island nations of the South Pacific region to pursue undergraduate and graduate study at institutions of higher education in the United States. Students from the following nations are eligible to apply for these scholarships: Cook Islands, Fiji, Kiribati, Nauru, Niue, Papua New Guinea, Samoa, Solomon Islands, Tonga, Tuvalu, and Vanuatu. Fields of study are based on recommendations from U.S. Department of State regional bureau representatives and Public Affairs Sections (PAS) at U.S. embassies in the region and include public administration, public health, STEM fields (science, technology, engineering, and mathematics), education, environmental studies, agriculture, business, NGO management, political science, gender studies, journalism, and others. Students selected for these scholarships enroll in undergraduate degree programs or in master’s degree programs. South Pacific student applicants will not require pre-academic English training, but at the master’s level may benefit from up to one year of preparatory study in the U.S. prior to enrolling in a formal master’s degree program if they possess the three-year baccalaureate degree commonly offered in the Pacific Islands region.

**United States Timor-Leste Scholarship Program Overview:**

The goal of the USTL Scholarship Program is to identify a select cadre of academically talented Timorese who are expected to assume future leadership roles in Timor-Leste’s development and support their undergraduate level study and degrees at accredited higher education institutions in the United States. An objective of the USTL program is to develop the human resource capacity of the Timorese people, especially in fields such as agricultural science, business, communications, economics, education, environmental
science, international relations, political science, psychology and sociology. The eligible academic fields of study were selected to emphasize the areas of critical development need in Timor-Leste. Students selected for these scholarships pursue undergraduate degree programs plus up to one year of pre-academic English training. In almost all cases, USTL students will have undergraduate credits for transfer from their home institutions.

A.1. The proposal should respond to each item in the POGI.

C. ELIGIBILITY INFORMATION

**C.1. Eligible applicants:** U.S. public and private non-profit organizations meeting the provisions described in Internal Revenue Code section 26 USC 501(c)(3) may submit applications for this competition. Applicants must have nonprofit status with the IRS at the time of application. Please see the Proposal Submission Instructions (PSI) for additional information.
All applicants must also have a Unique Entity Identifier (UEI) number and be registered in SAM.gov (see additional information about this requirement in D3a and D3c below).

**C.2. Other Eligibility Requirements:**

a.) Bureau grant guidelines require that organizations with less than four years of experience in conducting international exchanges be limited to $130,000 in Bureau funding. ECA anticipates making one cooperative agreement, in an amount up to $700,000, or two cooperative agreements of up to $350,000 each, to support program and administrative costs required to implement the exchange program(s). Therefore, organizations with less than four years of experience in conducting international exchanges are ineligible to apply under this competition.

b.) Eligible applicants may not submit more than one proposal in this competition. If more than one proposal is received from the same applicant, all submissions will be declared technically ineligible and will receive no further consideration in the review process. **Please note:** Applicant organizations are defined by their legal name, and EIN number as stated on their completed SF-424 and additional supporting documentation outlined in the Proposal Submission Instructions (PSI) document.

**C.3. Cost Sharing or Matching Funds:** There is no minimum or maximum percentage of cost sharing required for this competition. However, the Bureau encourages applicants to provide maximum levels of cost sharing and funding in support of its programs.

When cost sharing is offered, it is understood and agreed that the applicant must provide the amount of cost sharing as stipulated in its proposal and later included in an approved agreement. Cost sharing may be in the form of allowable direct or indirect costs. For accountability, you must maintain written records to support all costs which are claimed as your contribution, as well as costs to be paid by the Federal government. Such records are subject to audit. The basis for determining the value of cash and in-kind contributions must be in accordance with the Office of Management and Budget’s Guidance 2 CFR Parts 200 and 600, entitled the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. In the event you do not provide the minimum amount of cost sharing as stipulated in the approved budget, ECA's contribution may be reduced in like proportion.

Please take into consideration the following information when preparing your proposal narrative:

**D.3g. Adherence To All Regulations Governing The J Visa:** The Bureau of Educational and Cultural Affairs places critically important emphases on the security and proper administration of the Exchange Visitor (J visa) Programs and adherence by award recipients and sponsors to all regulations governing the J visa. Therefore, proposals should demonstrate the applicant's capacity to meet all requirements governing the administration of the Exchange Visitor Programs as set forth in 22 CFR 62, including the oversight of Responsible Officers and Alternate Responsible Officers, screening and selection of program participants, provision of pre-arrival information and orientation to participants, monitoring of participants, proper maintenance and security of forms, record-keeping, reporting and other requirements.

The award recipient(s) will be responsible for issuing DS-2019 forms to participants in this program. A copy of the complete regulations governing the administration of Exchange Visitor (J) programs is available at http://j1visa.state.gov or from:

Office of Designation, Private Sector Programs Division
U.S. Department of State
SA-4E (Bldg. 3)
2430 E Street, NW
Washington, DC 20037

Please refer to Solicitation Package for further information.

**D.3h. Diversity, Freedom, and Democracy Guidelines:** Pursuant to the Bureau's authorizing legislation, programs must maintain a non-political character and should be balanced and representative of the diversity of political, social and cultural life in the United States and abroad. ‘Diversity’ should be interpreted in the broadest sense and encompass differences including race, color, national origin, sex, age, religion, geographic location, socio-economic status, disability, sexual orientation or gender identity. Proposals should demonstrate how diversity will enhance the program’s goals.
and objectives and the participants’ exchange experience. Please refer to the review criteria under the 'Support of Diversity' section of this document as well as the DIVERSITY, FREEDOM AND DEMOCRACY section in the “Proposal Submission Instructions” document for specific suggestions on incorporating diversity into the total proposal.

Public Law 104-319 provides that "in carrying out programs of educational and cultural exchange in countries whose people do not fully enjoy freedom and democracy," the Bureau "shall take appropriate steps to provide opportunities for participation in such programs to human rights and democracy leaders of such countries." Public Law 106 - 113 requires that the governments of the countries described above do not have inappropriate influence in the selection process. Proposals should reflect advancement of these goals in their program contents, to the full extent deemed feasible.

D.3i. Program Monitoring and Evaluation:
Please note: The Bureau plans to add standardized indicators and corresponding data collection questions for performance monitoring during the period of performance of this award. Therefore, proposed performance monitoring plans and data collection instruments should be flexible enough to incorporate those once established.

Proposals must include a plan to monitor and evaluate the project’s success, both as the activities unfold and at the end of the program. The Bureau recommends that your proposal include a draft survey questionnaire or other technique plus a description of a methodology to use to link outcomes to original project objectives. The Bureau expects that the recipient organization will track participants or partners and be able to respond to key evaluation questions, including satisfaction with the program, learning as a result of the program, changes in behavior as a result of the program, and effects of the program on institutions (institutions in which participants work or partner institutions). The evaluation plan should include indicators that measure gains in mutual understanding as well as substantive knowledge.

Successful monitoring and evaluation depend heavily on setting clear goals and outcomes at the outset of a program. Your evaluation plan should include a description of your project’s objectives, your anticipated project outcomes, and how and when you intend to measure these outcomes (performance indicators). The more that outcomes are "smart" (specific, measurable, attainable, results-oriented, and placed in a reasonable time frame), the easier it will be to conduct the evaluation. You should also show how your project objectives link to the goals of the program described in this NOFO.

Your monitoring and evaluation plan should clearly distinguish between program outputs and outcomes. Outputs are products and services delivered, often stated as an amount. Output information is important to show the scope or size of project activities, but it cannot substitute for information about progress towards outcomes or the results achieved. Examples of outputs include the number of people trained or the number of
seminars conducted. **Outcomes**, in contrast, represent specific results a project is intended to achieve and is usually measured as an extent of change. Findings on outputs and outcomes should both be reported, but the focus should be on outcomes.

We encourage you to assess the following four levels of outcomes, as they relate to the program goals set out in the NOFO (listed here in increasing order of importance):

1. **Participant satisfaction** with the program and exchange experience.
2. **Participant learning**, such as increased knowledge, aptitude, skills, and changed understanding and attitude. Learning includes both substantive (subject-specific) learning and mutual understanding.
3. **Participant behavior**, such as concrete actions to apply knowledge in work or community; greater participation and responsibility in civic organizations; interpretation and explanation of experiences and new knowledge gained; continued contacts between participants, community members, and others.
4. **Institutional changes**, such as increased collaboration and partnerships, policy reforms, new programming, and organizational improvements.

**Please note**: Consideration should be given to the appropriate timing of data collection for each level of outcome. For example, satisfaction is usually captured as a short-term outcome, whereas behavior and institutional changes are normally considered longer-term outcomes.

Overall, the quality of your monitoring and evaluation plan will be judged on how well it 1) specifies intended outcomes; 2) gives clear descriptions of how each outcome will be measured; 3) identifies when particular outcomes will be measured; and 4) provides a clear description of the data collection strategies for each outcome (i.e., surveys, interviews, or focus groups). (Please note that evaluation plans that deal only with the first level of outcomes [satisfaction] will be deemed less competitive under the present evaluation criteria.)

Recipient organizations will be required to provide reports analyzing their evaluation findings to the Bureau in their regular program reports. All data collected, including survey responses and contact information, must be maintained for a minimum of three years and provided to the Bureau upon request.

**D.3j. Virtual Exchange Component**: ECA welcomes innovative ideas on how organizations can leverage appropriate mobile and/or online technologies to maintain engagement among exchange participants, encourage project collaboration and widen participation in the overall project to a broader audience. ECA strongly encourages organizations submitting proposals in response to this solicitation to suggest one or more virtual exchange components to complement the in-person exchange. The virtual exchange component(s) could come before, during and/or after the physical exchange. The objective for the virtual exchange component(s), defined as technology-enabled,
sustainable, people-to-people, cross-cultural exchanges, is to augment the impact of the in-person exchange described in this solicitation. ECA encourages organizations to propose virtual exchange ideas that take advantage of ECA’s existing web and social networking platforms, including our International Exchange Alumni space. Virtual exchange components would be coordinated with and approved by the ECA program office and U.S. missions abroad on a project by project basis.

D.3k. Communications Guidance for ECA Grant Recipients: All ECA Grant Recipients must adhere to the requirements in ECA’s Communications Guidance on the creation of program branding and attribution, websites, social media, and press.

D.3l. Budget Format: Applicants must submit SF-424A – “Budget Information – Non-Construction Programs” along with a comprehensive budget for the entire program. Budget requests may not exceed $700,000 to administer two programs or $350,000 to administer one program. At the $700,000 level of funding, applicants are expected to budget for approximately six (6) students for degree study. At the $350,000 level of funding, applicants are expected to budget for approximately three (3) students for degree study. The number of participants that the organization proposes to sponsor should be clearly stated. There must be a summary budget as well as breakdowns reflecting both administrative and program budgets. Applicants should provide separate sub-budgets for each program component, phase, location, or activity to provide clarification.

D.3m. Key Personnel: ECA recommends that the applicant identify intended key personnel positions via an asterisk (*) or other marking in the proposal budget, budget narrative, or a separate appendix. If not provided in the application, recipients must submit the names, titles, and brief biographical sketches of key personnel to the Grants Officer and GOR within 30 days of an award being issued. Additional information regarding key personnel requirements can be found in the State Department’s Standard Terms and Conditions, VI. Recipient Responsibility and Compliance with Federal Requirements (link to: https://www.state.gov/about-us-office-of-the-procurement-executive/).

D.3n. Allowable costs for the program include the following:
   1) Publicity, recruitment, selection, placement and communication with applicants and participants.
   2) Travel for student participants between home and program location.
   3) Tuition and fees, stipends for living costs, book allowances, and other necessary maintenance costs and expenses for the students.
   4) Advising and monitoring of students.
   5) Academic and cultural support and enrichment activities.
   6) Pre-return activities and evaluation.
   7) Staff and administrative expenses to carry out the program activities. Administrative and overhead costs should be as low as possible.

Please also be mindful of any Grants.gov generated error messages that may appear during the application process as they may result in some documents not transmitting correctly.

Applicants using slow internet, such as dial-up connections, should be aware that transmission can take some time before Grants.gov receives your application. Grants.gov will provide either an error or a successfully received transmission in the form of an email sent to the applicant with the AOR role. The Grants.gov Support Center reports that some applicants end the transmission because they think that nothing is occurring during the transmission process. Please be patient and give the system time to process the application.

The Grants.gov website includes extensive information on all phases/aspects of the Grants.gov process, including an extensive section on frequently asked questions, located under the "Applicant FAQs" section of the website. ECA strongly recommends that all potential applicants review thoroughly the Grants.gov website, well in advance of submitting a proposal through the Grants.gov system. ECA will not notify you upon receipt of electronic applications.

PLEASE NOTE: ECA bears no responsibility for applicant timeliness of submission or data errors resulting from transmission or conversion processes for proposals submitted via Grants.gov. All eligible proposals will be reviewed by the program office, as well as the Public Diplomacy section overseas and State Department regional bureaus, where appropriate. Eligible proposals will be subject to compliance with Federal and Bureau regulations and guidelines and forwarded to Bureau grant panels for advisory review. Proposals may also be reviewed by the Office of the Legal Adviser or by other Department elements. All awards will be assessed for risk prior to their issuance. Final funding decisions are at the discretion of the U.S. Department of State's Assistant Secretary for Educational and Cultural Affairs. Final technical authority for assistance awards resides with the Bureau's Grants Officer.

E.1. Review criteria: Technically eligible applications will be competitively reviewed according to the criteria stated below. These criteria are not rank ordered and all carry equal weight in the proposal evaluation:

1. **Ability to Achieve Program Objectives:** Objectives should be reasonable, feasible, and flexible. Proposals should clearly demonstrate how the institution will meet the program's objectives through specific activities to be carried out in the U.S. and in the South Pacific region and/or Timor-Leste.

ECA encourages proposals from non-profit organizations with staff reflecting a broad variety of backgrounds, as

The Bureau will consider the past performance of prior recipients and the demonstrated potential of new applicants.

4. **Project Evaluation**: Proposals should include a plan to evaluate the activity's success, both as the activities unfold and at the end of the program. The Bureau recommends that the proposal include a draft survey questionnaire or other technique plus description of a methodology to use to link outcomes to original project objectives. Award recipients will be expected to submit quarterly program reports.

5. **Cost-effectiveness/Cost-sharing**: The overhead and administrative components of the proposal, including salaries and honoraria, should be kept as low as possible. **F. FEDERAL AWARD ADMINISTRATION INFORMATION**

**F.1. Award Notices**: Final awards cannot be made until funds have been appropriated by Congress, allocated and committed through internal Bureau procedures. Successful applicants will receive a Federal Assistance Award (FAA) from the Bureau’s Grants Office. The FAA and the original proposal with subsequent modifications (if applicable) shall be the only binding authorizing document between the recipient and the U.S. Government. The FAA will be signed by an authorized Grants Officer, and transmitted to the recipient’s responsible officer as identified in the application.

Unsuccessful applicants will receive notification of the results of the application review from the ECA program office coordinating this competition following the completion of the review process.
