Bureau of Educational and Cultural Affairs (ECA) Notice of Funding Opportunity

(NOFO): FY 2021 Benjamin Franklin Transatlantic Fellowship

Announcement Type: New Cooperative Agreement

Funding Opportunity Number: SFOP0007780

Assistance Listing (formerly CFDA) Number: 19.415

Key Date/Application Deadline: May 17, 2021

Executive Summary: The Office of Citizen Exchanges, Youth Programs Division, of the Bureau of Educational and Cultural Affairs (ECA), announces an open competition for the FY 2021 Benjamin Franklin Transatlantic Fellowship. U.S. public and private non-profit organizations meeting the provisions described in Internal Revenue Code section 26 USC 501(c)(3), including accredited, post-secondary U.S. educational institutions, may submit proposals to provide a four-week U.S.-based program in the summer of 2022. The program will engage approximately 45 teenagers (ages 16-18) from Europe and 10 teenagers from the United States. U.S. embassies throughout Europe will recruit and select the foreign participants, and the U.S. award recipient will recruit and select the American participants. The program will focus on transatlantic relations, leadership development, critical thinking, diplomacy, community activism, and the media as ways that young adults can unite around common goals. Support for individual or small group follow-on projects in the participants' home communities will complete the program. Applicants may submit only one proposal under this competition. If multiple proposals are received from the same applicant, all submissions will be declared ineligible and receive no further consideration in the review process. It is the Bureau's intent to award a cooperative agreement of one base year plus two non-competitive continuations. Please see section B.) Federal Award Information, below for additional details.

A. Program Description:

Overall grant making authority for this program is contained in the Mutual Educational and Cultural Exchange Act of 1961, Public Law 87-256, as amended, also known as the Fulbright-Hays Act. The purpose of the Act is "to enable the Government of the United States to increase mutual understanding between the people of the United States and the people of other countries...; to strengthen the ties which unite us with other nations by demonstrating the educational and cultural interests, developments, and achievements of the people of the United States and other nations... and thus to assist in the development of friendly, sympathetic and peaceful relations between the United States and the other countries of the world." The funding authority for the program above is provided through legislation.

Purpose: The Benjamin Franklin Transatlantic Fellowship began in 2006 to honor the 300th anniversary of the birth of Benjamin Franklin, the legendary American statesman and diplomat, whose career, interests, and studies took him across the Atlantic Ocean, bringing about greater understanding between Americans and Europeans. His life offers

inspiration to today's young citizens. As a diplomat and a printer, he used the power of diplomacy and the media to increase the exchange of information between Americans and the people of other countries. The Fellowship aims to foster relationships among the younger generation of Americans and Europeans to build strong linkages and an awareness of shared values. The program also explores how young people interact with the media, both as consumers and producers of information, and how freedom of expression provides rights to citizens and imposes responsibilities.

The group of diverse and intellectually probing students will participate in an intensive, four-week exchange program in the United States. These participants will engage in a variety of activities such as training sessions, workshops, community and/or school-based programs, and cultural events through the framework of Franklin's legacy; they will work together on joint projects that present and promote the program's stated goals.

The goals of the Fellowship are to:

- 1) Develop a sense of civic responsibility and a commitment to cooperation among youth;
- 2) Foster relationships among youth from different ethnic, religious, and national groups;
- 3) Promote mutual understanding between the people of the United States and the people of Europe; and
- 4) Develop a cadre of young leaders who will share their knowledge and skills with their peers through positive action.

With the specific focus of the Fellowship, the following outcomes will indicate a successful project:

- 1) European participants will demonstrate an improved understanding of the United States and its people, and the American participants will better understand the interests of the people of Europe.
- 2) Participants will work together to identify and overcome misunderstandings or lack of understanding among nations both during the program and after they return to their homes.
- 3) Participants will develop critical thinking skills that empower them to be literate consumers and creators of media.
- 4) Participants will demonstrate a better understanding of international relations and issues.
- 5) Participants will gain an understanding of the roles of the media and public perceptions in diplomacy and global issues.

Participants: The Benjamin Franklin Transatlantic Fellowship will be designed for approximately 55 students ages 16-18 from all of Europe and the United States. Participants should demonstrate a strong interest in learning more about global issues and diplomatic relationships, the role of the free press and the freedom of expression (such as advocacy and debate in a democracy), and/or an interest in public or community service.

The program will have one fellow from each participating European country for a total of 45 and ten competitively selected participants from the United States. U.S. embassies that wish to participate in the program will screen and select the European candidates and nominate them for participation. ECA's program office in Washington, D.C. will make the final selection. The American participants will be selected from across the United States by the award recipient in close consultation with ECA through an open, competitive process. U.S. embassies will arrange and pay for the Europeans' international travel to and from the United States as well as any associated costs for travel within Europe. The award recipient will arrange for adult flight escorts for select transatlantic flights (e.g., Munich to the program site), and program staff will be available to support the participants during the course of the Institute.

Program: The program will take place on a U.S. university or college campus, or at a similar venue. The venue may be connected with a European or American Studies center. For a portion of the program, the fellows will be housed together at a dormitory on campus to facilitate greater cooperation on the project and training. For at least one week of the program, all fellows will have homestays with local American families.

The program may take place in one or two communities and should offer the participants exposure to American diversity, including a one-week educational tour to another geographical region of the United States, and a program conclusion in Washington, D.C. ECA will organize a half-day of activities and the award recipient will arrange other activities in Washington, D.C. that offer insight into leadership, diplomacy, and the media.

The program will primarily explore global issues through interactive activities, practical experiences, and other hands-on opportunities that will teach participants about democratic practices, volunteer service, conflict resolution, problem solving, communication skills, critical thinking, tolerance and respect for diversity, youth leadership, team building, and the media. The program will provide the participants with a new perspective on their learning, networking, perceptions of each other, the communities they live in, and the broader culture. In addition to the American fellows, program activities should engage other American youth wherever possible. Cultural and recreational activities will balance the schedule.

Additional project components, such as a post-program regional gathering of participants overseas, small grants competitions, and other regional follow-on workshops should be developed, as appropriate, based on the scope and goals of the exchange; overseas regional workshops should include a plan to include selected American participants. The award recipient should arrange for highly qualified American mentors for the fellows during the course of the exchange and follow-on activities; the mentors also may serve as trainers or instructors, as appropriate.

Substantial Involvement: In a cooperative agreement, the Department is substantially involved in program activities above and beyond routine monitoring. These activities and the roles and responsibilities of the Department and your organization are outlined in the attached Project, Objectives, Goals, and Implementation (POGI) document.

Proposal narratives should include a commitment to implement the program for the base year, plus two additional non-competitive continuations, pending successful performance and the availability of funds. The narrative should focus on details specific to the implementation of the base year program, with the understanding that the program design, duration and participant numbers would be similar when/if the subsequent two non-competitive continuations are exercised. ECA will perform an annual performance evaluation/review to determine if a non-competitive continuation will be exercised. Satisfactory performance and the availability of funds is a condition of continued administration of the program and execution of all non-competitive continuations.

C. Eligibility Information:

C.1. Eligible applicants: U.S. public and private non-profit organizations meeting the provisions described in Internal Revenue Code section 26 USC 501(c)(3) may submit applications for this competition. Applicants must have non-profit status with the IRS at the time of application. Please see the Proposal Submission Instructions (PSI) for additional information.

All applicants must also have a Unique Entity Identifier (UEI) number and be registered in SAM.gov (see additional information about this requirement in D3a and D3c below).

C.2. Other Eligibility Requirements:

a.) Bureau grant guidelines require that organizations with less than four years of experience in conducting international exchanges be limited to \$130,000 in Bureau funding. ECA anticipates making one cooperative agreement, in an amount over \$130,000 to support program and administrative costs required to implement this exchange program. Therefore, organizations with less than four years of experience in conducting international exchanges are ineligible to apply under this competition.

b.) Technical Eligibility: All proposals must comply with the requirements stated in the NOFO, POGI, and the Proposal Submission Instructions (PSI); non-compliance will result in your proposal being declared technically ineligible and given no further consideration in the review process.

c.) Eligible applicants may not submit more than one proposal in this competition. If more than one proposal is received from the same applicant, all submissions will be declared technically ineligible and will receive no further consideration in the review process. **Please note:** Applicant organizations are defined by their legal name, and EIN number as stated on their completed SF-424 and additional supporting documentation outlined in the Proposal Submission Instructions (PSI) document.

C.3. Cost Sharing or Matching Funds: There is no minimum or maximum percentage of cost sharing required for this competition. However, the Bureau encourages applicants to provide maximum levels of cost sharing and funding in support of its programs.

When cost sharing is offered, it is understood and agreed that the applicant must provide the amount of cost sharing as stipulated in its proposal and later included in an approved agreement. Cost sharing may be in the form of allowable direct or indirect costs. For accountability, you must maintain written records to support all costs which are claimed

as your contribution, as well as costs to be paid by the Federal government. Such records are subject to audit. The basis for determining the value of cash and in-kind contributions must be in accordance with the Office of Management and Budget's Guidance 2 CFR Parts 200 and 600, entitled the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. In the event you do not provide the minimum amount of cost sharing as stipulated in the approved budget, ECA's contribution may be reduced in like proportion.

Please take into consideration the following information when preparing your proposal narrative:

D.3f. Adherence To All Regulations Governing The J Visa: The Bureau of Educational and Cultural Affairs places critically important emphases on the security and proper administration of the Exchange Visitor (J visa) Programs and adherence by award recipients and sponsors to all regulations governing the J visa. Therefore, proposals should demonstrate the applicant's capacity to meet all requirements governing the administration of the Exchange Visitor Programs as set forth in 22 CFR 62, including the oversight of Responsible Officers and Alternate Responsible Officers, screening and selection of program participants, provision of pre-arrival information and orientation to participants, monitoring of participants, proper maintenance and security of forms, record-keeping, reporting and other requirements.

ECA will be responsible for issuing DS-2019 forms to participants in this program.

A copy of the complete regulations governing the administration of Exchange Visitor (J) programs is available at <http://j1visa.state.gov> or from:

Office of Designation, Private Sector Programs Division
U.S. Department of State
SA-4E (Bldg. 3)
2430 E Street, NW
Washington, DC 20037

Please refer to Solicitation Package for further information.

D.3g. Diversity, Freedom, and Democracy Guidelines: Pursuant to the Bureau's authorizing legislation, programs must maintain a non-political character and should be balanced and representative of the diversity of political, social and cultural life in the United States and abroad. 'Diversity' should be interpreted in the broadest sense and encompass differences including race, color, national origin, sex, age, religion,

geographic location, socio-economic status, disability, sexual orientation or gender identity. Proposals should demonstrate how diversity will enhance the program's goals and objectives and the participants' exchange experience. Please refer to the review criteria under the 'Support of Diversity' section of this document as well as the DIVERSITY, FREEDOM AND DEMOCRACY section in the "Proposal Submission Instructions" document for specific suggestions on incorporating diversity into the total proposal.

Public Law 104-319 provides that "in carrying out programs of educational and cultural exchange in countries whose people do not fully enjoy freedom and democracy," the Bureau "shall take appropriate steps to provide opportunities for participation in such programs to human rights and democracy leaders of such countries." Public Law 106 - 113 requires that the governments of the countries described above do not have inappropriate influence in the selection process. Proposals should reflect advancement of these goals in their program contents, to the full extent deemed feasible.

D.3h. Program Monitoring and Evaluation: Please Note: The Bureau plans to add standardized indicators and corresponding data collection questions for performance monitoring during the period of performance of this award. Therefore, proposed performance monitoring plans and data collection instruments should be flexible enough to incorporate those once established. Proposals must include a plan to monitor and evaluate the project's success, both as the activities unfold and at the end of the program. The Bureau recommends that your proposal include a draft survey questionnaire or other technique plus a description of a methodology to use to link outcomes to original project objectives. The Bureau expects that the recipient organization will track participants or partners and be able to respond to key evaluation questions, including satisfaction with the program, learning as a result of the program, changes in behavior as a result of the program, and effects of the program on institutions (institutions in which participants work or partner institutions). The evaluation plan should include indicators that measure gains in mutual understanding as well as substantive knowledge.

Successful monitoring and evaluation depend heavily on setting clear goals and outcomes at the outset of a program. Your evaluation plan should include a description of your project's objectives, your anticipated project outcomes, and how and when you intend to measure these outcomes (performance indicators). The more that outcomes are "smart" (specific, measurable, attainable, results-oriented, and placed in a reasonable time frame), the easier it will be to conduct the evaluation. You should also show how your project objectives link to the goals of the program described in this NOFO.

Your monitoring and evaluation plan should clearly distinguish between program outputs and outcomes. Outputs are products and services delivered, often stated as an amount. Output information is important to show the scope or size of project activities, but it cannot substitute for information about progress towards outcomes or the results achieved. Examples of outputs include the number of people trained or the number of

seminars conducted. Outcomes, in contrast, represent specific results a project is intended to achieve and is usually measured as an extent of change. Findings on outputs and outcomes should both be reported, but the focus should be on outcomes.

We encourage you to assess the following four levels of outcomes, as they relate to the program goals set out in the NOFO (listed here in increasing order of importance):

1. **Participant satisfaction** with the program and exchange experience.
2. **Participant learning**, such as increased knowledge, aptitude, skills, and changed understanding and attitude. Learning includes both substantive (subject-specific) learning and mutual understanding.
3. **Participant behavior**, such as concrete actions to apply knowledge in work or community; greater participation and responsibility in civic organizations; interpretation and explanation of experiences and new knowledge gained; continued contacts between participants, community members, and others.
4. **Institutional changes**, such as increased collaboration and partnerships, policy reforms, new programming, and organizational improvements.

Please note: Consideration should be given to the appropriate timing of data collection for each level of outcome. For example, satisfaction is usually captured as a short-term outcome, whereas behavior and institutional changes are normally considered longer-term outcomes.

Overall, the quality of your monitoring and evaluation plan will be judged on how well it 1) specifies intended outcomes; 2) gives clear descriptions of how each outcome will be measured; 3) identifies when particular outcomes will be measured; and 4) provides a clear description of the data collection strategies for each outcome (i.e., surveys, interviews, or focus groups). (Please note that evaluation plans that deal only with the first level of outcomes [satisfaction] will be deemed less competitive under the present evaluation criteria.)

Recipient organizations will be required to provide reports analyzing their evaluation findings to the Bureau in their regular program reports. All data collected, including survey responses and contact information, must be maintained for a minimum of three years and provided to the Bureau upon request.

D.3i. Virtual Exchange Component: ECA welcomes innovative ideas on how organizations can leverage appropriate mobile and/or online technologies to maintain engagement among exchange participants, encourage project collaboration and widen participation in the overall project to a broader audience. ECA strongly encourages organizations submitting proposals in response to this solicitation to suggest one or more virtual exchange components to complement the in-person exchange. The virtual exchange component(s) could come before, during and/or after the physical exchange.

The objective for the virtual exchange component(s), defined as technology-enabled, sustainable, people-to-people, cross-cultural exchanges, is to augment the impact of the in-person exchange described in this solicitation. ECA encourages organizations to propose virtual exchange ideas that take advantage of ECA's existing web and social networking platforms, including our International Exchange Alumni space. Virtual exchange components would be coordinated with and approved by the ECA program office and U.S. missions abroad on a project by project basis.

D.3j. Communications Guidance for ECA Recipients: All ECA Recipients must adhere to the requirements in ECA's Communications Guidance on the creation of program branding and attribution, websites, social media, and press.

D.3k. Budget Format: Applicants must submit SF-424A – “Budget Information – Non-Construction Programs” along with a comprehensive budget for the entire program. Budget requests may not exceed \$250,000. There must be a summary budget as well as breakdowns reflecting both administrative and program budgets. Applicants may provide separate sub-budgets for each program component, phase, location, or activity to provide clarification.

The below budget format is provided as an aid in organizing the budget, it is suggested but not required as a submission format for your proposal budget.

D.3l. Key Personnel

ECA recommends that the applicant identify intended key personnel positions via an asterisk (*) or other marking in the proposal budget, budget narrative, or a separate appendix. If not provided in the application, recipients must submit the names, titles, and brief biographical sketches of key personnel to the Grants Officer and GOR within 30 days of an award being issued. Additional information regarding key personnel requirements can be found in the State Department's Standard Terms and Conditions, VI. Recipient Responsibility and Compliance with Federal Requirements (link to: <https://www.state.gov/about-us-office-of-the-procurement-executive/>).

D.3m. Non-Competitive Continuations: For competitions that will exercise a non-competitive continuation applicants must submit:

- the SF-424A which must include the budget request amount for the base-year of the program;
- a detailed proposal narrative and budget for the base year of funding (Please refer to the Proposal Submission Instruction Document (PSI) for general budget guidance.). The narrative should also include a brief commitment to implement the program for the base year, plus two additional non-competitive continuation years, pending successful program performance and the availability of funds; and
- an abbreviated/estimated summary budget presenting the total projected administrative and program costs for the anticipated total duration of programming (base year, plus two non-competitive continuation years).

To exercise the non-competitive continuation mechanism the recipient will be required to submit:

1. performance and financial reports on time;
2. a request in writing to ECA at least 30 days in receipt of the NCC invitation;
3. a summary budget that projects program expenses through the end of the current year;
4. a detailed budget outlining both administrative and program expenses for the requested non-competitive continuation year; and
5. a brief narrative to support the continuation of the award.

The ECA Grants Officer and Program Officer will:

1.) closely monitor the recipient's performance through site visits, desk audits, mandatory performance and financial reports, consultations, and other forms of communication and dialogue before exercising additional non-competitive continuations. (Additional details regarding monitoring and oversight of the program by ECA representatives will be provided at the time the base-year award is made.)

- 2.) review and evaluate all mandatory quarterly program and financial reports;
- All program and financial reporting requirements must be current and up-to-date before the Bureau will exercise additional non-competitive continuations.
 - Any/all concerns, issues, or modifications requested by the Grants Officer or Program Officer to the original program design or method of implementation must be responded to in writing.
 - The ECA Grants Officer and Program Officer will review and advise of ECA's approval or disapproval of the response before issuing subsequent non-competitive continuations.

- 3.) Prior Grants Officer approval is required to utilize the remainder from an unobligated balance from a prior funding period to the subsequent funding period. If the Grants Officer determines that some or all of the unobligated funds are not necessary to perform the program activity, the Grants Officer may decline the Recipient's request to utilize the remainder from the unobligated balance.

The Grants Officer may, at their discretion, use the unobligated balance to reduce or offset future funding for a subsequent funding period. An unobligated balance at the end of a funding period is not sufficient justification to utilize the remainder of funds. A final determination and approval to utilize the remainder of any funds will be communicated via a cost amendment with adjustment, if any, to new obligation amounts.

- i. The request to utilize the remainder from an unobligated balance must include:

- a. A brief narrative why funds remain unobligated and how the unobligated funds will be used to complete the previously approved goals and objectives of the program; and,
- b. A detailed budget that reflects the amount of unobligated funds to date, and anticipated expenditures in the subsequent period of performance for all cost categories under the authorized budget.

D.3n. Allowable costs for the program are outlined in the POGI.

Please refer to the Solicitation Package for complete budget guidelines and formatting instructions.

Applicants using slow internet, such as dial-up connections, should be aware that transmission can take some time before Grants.gov receives your application. Grants.gov will provide either an error or a successfully received transmission in the form of an email sent to the applicant with the AOR role. The Grants.gov Support Center reports that some applicants end the transmission because they think that nothing is occurring during the transmission process. Please be patient and give the system time to process the application.

Proposals may also be reviewed by the Office of the Legal Adviser or by other Department elements. All awards will be assessed for risk prior to their issuance. Final funding decisions are at the discretion of the U.S. Department of State's Assistant Secretary for Educational and Cultural Affairs. Final technical authority for assistance awards resides with the Bureau's Grants Officer.

E.1. REVIEW CRITERIA

Technically eligible applications will be competitively reviewed according to the criteria stated below. These criteria are not rank ordered and all carry equal weight in the proposal evaluation:

1. Quality of the Program Idea: The proposed program should be well developed, respond to the design outlined in the solicitation, and demonstrate originality. It should be clearly and accurately written, substantive, and with sufficient detail. Proposals should exhibit originality, substance, precision, and relevance to the Bureau's mission.

Proposals should also provide a robust plan for continued follow-on activity (without Bureau support) ensuring that Bureau supported programs are not isolated events.

2. Program Planning/Ability to Achieve Program Objectives: A detailed agenda and relevant work plan should demonstrate substantive undertakings and logistical capacity. The agenda and plan should adhere to the program overview and guidelines described above and in the POGI. The substance of workshops, seminars, presentations, school-based activities, and/or site visits should be described in detail. The objectives should be reasonable, feasible, and flexible. Proposals should clearly demonstrate how the institution will meet the program's objectives and plan.

3. Support of Diversity: Proposals should show substantive support of the Bureau's policy on diversity. Proposals should demonstrate how diversity will be achieved in the different aspects of program administration and of program design, content and implementation, including individual grantee/participant recruitment, selection and placement. It is important that proposals have a clearly articulated diversity plan and not simply express general support for the concept of diversity.

4. Institutional Capacity and Track Record: Proposed personnel and institutional resources should be adequate and appropriate to achieve the program or project's goals. Proposals should demonstrate an institutional record of successful exchange programs, including responsible fiscal management and full compliance with all reporting requirements for past Bureau awards (grants or cooperative agreements) as determined by Bureau Grants Staff. The Bureau will consider the past performance of prior recipients and the demonstrated potential of new applicants.

5. Evaluation: Proposals should include a plan to evaluate the activity's success, both as the activities unfold and at the end of the program. The Bureau recommends that the proposal include a draft survey questionnaire or other technique plus description of a methodology to use to link outcomes to original project objectives. Award-receiving organizations/institutions will be expected to submit intermediate reports.

6. Cost-effectiveness and Cost-sharing: Applicants should demonstrate efficient use of Bureau funds. The overhead and administrative components of the proposal, including salaries and honoraria, should be kept as low as possible. All other items should be necessary and appropriate. Proposals should maximize cost-sharing through other private sector support as well as institutional direct funding contributions.

F. Federal Award Administration Information

F.1. Award Notices: Final awards cannot be made until funds have been appropriated by Congress, allocated and committed through internal Bureau procedures. Successful applicants will receive a Federal Assistance Award (FAA) from the Bureau's Grants Office. The FAA and the original proposal with subsequent modifications (if applicable) shall be the only binding authorizing document between the recipient and the U.S. Government. The FAA will be signed by an authorized Grants Officer, and transmitted to the recipient's responsible officer as identified in the application.

Unsuccessful applicants will receive notification of the results of the application review from the ECA program office coordinating this competition following the completion of the review process.

F.2. Administrative and National Policy Requirements: Terms and Conditions for the Administration of ECA agreements include the following: Office of Management and Budget's Guidance 2 CFR Parts 200 and 600, entitled the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Effective December 26, 2014, replacing the previous circulars).

For a copy of the OMB Guidance cited, please contact the U.S. Government Publishing Office or download from the www.ecfr.gov website.

F.3. Reporting Requirements: You must provide ECA with an electronic copy of the following required reports:

- 1.) Performance Progress Reports (PPRs) shall be required at a minimum annually and no more frequently than quarterly. Annual reports shall be due 120 calendar days after the cooperative agreement; semi-annual reports shall be due 30 days after the reporting period. (Frequency of these reports will be determined by the Grants Officer and Program Officer). The complete report and supporting documentation must be uploaded by the Recipient as a *Post Award Activity* under the corresponding record for this Cooperative Agreement/Grant in the U.S. Department of State's SAMS Domestic.
- 2.) The Federal Financial Report (FFR SF-425/SF-425a) must be submitted through the U.S. Department of Health and Human Services' Payment Management System (PMS). The electronic version of the FFR can be accessed at: <http://www.dpm.psc.gov/>. Once a financial report has been approved by the Department, the Recipient must upload the approved report to SAMS Domestic, in the same manner specified for the programmatic reports. Failure to comply with these reporting requirements may jeopardize the Recipient's eligibility for future Cooperative Agreements/Grants.

In the event you are having difficulty uploading reports and the ILMS help desk is not providing sufficient assistance, please email ECA_SAMSDomestic@state.gov.

- 3.) A final program and financial report no more than 120 days after the expiration or

termination of the award;

- 4.) Because the competition will allow for the exercise of non-competitive continuations, applicants must submit program and financial reports on time. The due dates for these reports will be included in the cooperative agreement. The program and financial reports must demonstrate substantial progress by addressing progress towards the original approved goals and objectives, relative activities and events, and supporting fiscal data. The reports will be reviewed by both the assigned Grant Officer and Program Officer.

Award recipients will be required to provide reports analyzing their evaluation findings to the Bureau in their regular program reports. (Please refer to D.3h. Program Monitoring and Evaluation information.)

All data collected, including survey responses and contact information, must be maintained for a minimum of three years and provided to the Bureau upon request.

F.4. Program Data Requirements: Award recipients will be required to maintain specific data on program participants and activities in an electronically accessible database format that can be shared with the Bureau as required. At a minimum, the data must include the following:

- 1) Name, address, contact information and biographic sketch of all persons who travel internationally on funds provided by the agreement or who benefit from the award funding but do not travel.
- 2) Itineraries of international and domestic travel, providing dates of travel and cities in which any exchange experiences take place. Final schedules for in-country and U.S. activities must be received by the ECA Program Officer at least three work days prior to the official opening of the activity.
