Announcement Type: New Cooperative Agreement

Funding Opportunity Number: ECA-ECAPA-17-001

Catalog of Federal Domestic Assistance Number: 19.452

Key Date/Application Deadline: April 24, 2017

Executive Summary:

The Office of Alumni Affairs of the Bureau of Educational and Cultural Affairs (ECA) announces an open competition for the administration of the FY 2017 Thematic International Exchange Seminars (TIES). U.S. public and private non-profit organizations meeting the provisions described in Internal Revenue Code section 26 USC 501(c)(3) may submit proposals to conduct approximately eight to ten regional or sub-regional enrichment seminars for U.S. government-sponsored people-to-people exchange program alumni. The seminars will focus on thematic topics that support U.S. foreign policy priorities and foster a sense of shared identity, networking, and dialogue among participating alumni. The seminars will be three to four days in duration for 20 - 100 participants each, and can take place in any of the U.S. Department of State's six designated geographical regions: Africa, Europe and Eurasia, East Asia and Pacific, Near East and North Africa, South and Central Asia, and Western Hemisphere. ECA anticipates issuing a cooperative agreement of up to \$1,750,000, pending the availability of FY 2017 funds. To support efforts of alumni to apply their international exchange and seminar experience within their communities, participants will be eligible to compete for a small grants opportunity of up to \$10,000 per project following the enrichment seminar, out of an overall \$750,000 grants fund.

Applicants may submit only one proposal under this competition. If multiple proposals are received from the same applicant, all submissions will be declared ineligible and receive no further consideration in the review process.

A. Program Description:

Overall grant-making authority for this program is contained in the Mutual Educational and Cultural Exchange Act of 1961, Public Law 87-256, as amended, also known as the Fulbright-Hays Act. The purpose of the Act is "to enable the Government of the United States to increase mutual understanding between the people of the United States and the people of other countries...; to strengthen the ties which unite us with other nations by demonstrating the educational and cultural interests, developments, and achievements of the people of the United States and other nations...and thus to assist in the development of friendly, sympathetic and peaceful relations between the United States and the other countries of the world." The funding authority for the program above is provided through legislation.

Purpose: In order to enhance the Department of State's engagement with U.S. government-sponsored people-to-people exchange program alumni ("exchange alumni")

from around the world in support of U.S. foreign policy and public diplomacy objectives, the Bureau of Educational and Cultural Affairs' (ECA), Office of Alumni Affairs (ECA/P/A), will enter into a cooperative agreement with an award recipient to conduct the FY 2017 Alumni Thematic International Exchange Seminars (TIES).

Background: The Bureau of Educational and Cultural Affairs' (ECA) Office of Alumni Affairs (ECA/P/A) leads and coordinates efforts to engage alumni of U.S. government-sponsored people-to-people exchanges in order to maintain relationships with these current and emerging leaders. With more than 1,000,000 exchange alumni worldwide, ECA is committed to providing resources to sustain engagement with and tap into the energy, enthusiasm, and expertise of these current and emerging leaders. Working closely with Department of State regional bureaus and U.S. embassies worldwide, ECA/P/A supports alumni programs that are strategic, responsive to U.S. embassy priorities, and designed to reinforce U.S. foreign policy objectives. To best address those objectives, ECA/P/A focuses alumni programs on topics relating to themes such as civic engagement, social inclusion, education diplomacy, English language learning, environmental security, entrepreneurship, and good governance.

In addition to providing expertise, training, and support for on-the-ground alumni activities led by U.S. embassies and consulates around the world, ECA/P/A maintains a robust, targeted virtual engagement system. One of the key ways the Office currently unites and engages the alumni community virtually is through the International Exchange Alumni website (alumni.state.gov), an exclusive, password-protected online global community, which serves as the U.S. Department of State's official website for U.S. government-sponsored exchange alumni. The site offers alumni a place to network and connect with other alumni, share news, and access resources such as grants and research databases.

Before working through an institutional award process, ECA/P/A directly supported two regional seminars per year for alumni on topics such as youth employment and volunteerism. Through a FY2015 cooperative agreement, ECA/P/A scaled up this program, offering seven seminars over a year and a half in most regions of the world, including Europe and Eurasia, Sub-Saharan Africa, East Asia and Pacific, South and Central Asia, and a planned seminar in Near East and North Africa. The cooperative agreement included a small grants component to help participants take concrete actions as a result of their seminar experiences. The FY2015 cooperative agreement allowed ECA/P/A to reach nearly three hundred exchange alumni and resulted in enhanced professional development and leadership skills, an increased number of alumni-led community-based projects, and the creation and strengthening of regional and thematic alumni networks. ECA/P/A hopes to institutionalize and expand this best practice through a new FY2017 Alumni Thematic International Seminars program to continue multiplying the knowledge, experience, and goodwill of exchange alumni in support of shared values.

Goals: The mission of ECA/P/A is to advance U.S. foreign policy by means of robust alumni programs. Alumni engagement is an integral component of the U.S. Department of State's public diplomacy that generates maximum return on the U.S. government's

investment in exchange programs. Through the FY 2017 Alumni Thematic Exchange Seminars (TIES), ECA/P/A aims to:

1. Foster a sense of shared identity and community by facilitating alumni networking and dialogue.
2. Ensure that alumni have current information about U.S. policy on strategically important issues.
3. Support efforts of alumni to apply their exchange experience within their communities.

Seminars: “Seminars” are defined as a set of learning, leadership, and networking activities for exchange alumni, focused on one specific U.S. foreign policy priority. Each seminar will also include an operational, skills-building component, such as project planning, monitoring and evaluation, grants writing, social media tools, etc. in order to foster alumni-driven initiatives that support U.S. foreign policy objectives. During the course of this award, the award recipient will conduct multiple seminars on a range of thematic topics to be identified by ECA in consultation with U.S. Department of State stakeholders, including regional bureau representatives. Once officially approved by the ECA Deputy Assistant Secretary for Policy, development of a new seminar will commence. Each three to four day seminar will foster networking among exchange alumni from a selected region or sub-region, and comprise multiple components, drawing on expert speakers and trainers, group discussions, action-planning, and presentations by the participants.

Each seminar will be unique, and will likely necessitate a different program model or design. The size, scope, and timing of each project should be designed with a flexible and collaborative approach in order to maximize program effectiveness and impact in terms of achieving the seminar objectives. In support of a rapid response model, applicants should demonstrate the ability to implement a seminar within three to four months after being provided the priority topic and region.

Participants: "Participants" are defined as exchange alumni of any U.S. government sponsored exchange program from a selected region or sub-region of the world who participate in a regional seminar. In collaboration with ECA/P/A, U.S. embassies and consulates in participating countries will recruit, screen, and nominate foreign exchange alumni to participate. Each seminar will comprise of 20-100 participants ranging in age from approximately 18 - 50. To the extent possible, each seminar will represent the diversity of the region and include women, minorities, and marginalized populations, including individuals with disabilities.

Organizational Capacity: Applicant organizations must demonstrate their capacity for conducting international educational and cultural exchanges, supporting exchange alumni engagement activities that include short-term seminars focused on a range of different subject areas, and providing substantive programming for up-and-coming leaders.

Applicants should illustrate in their proposals the breadth of their experience working in alumni engagement and a record of flexibility and adaptability in programming under

short timelines or challenging conditions. Proposals should include concrete examples in which the organization has responded quickly to rapidly evolving circumstances, including, if possible, examples that demonstrate the ability to begin new international exchange programs, seminars, or alumni engagement activities in countries in which they have not previously worked.

In addition, applicants must demonstrate the breadth of their experience working with youth and emerging leaders, including support through the development of action plans and small grant opportunities. Applicant organizations must demonstrate the ability to oversee a competitive small grants program as well as transfer and monitor small grants for projects taking place in countries around the world.

Language Capacity: Most seminars will be held in English, and participant alumni will need English language proficiency. In cases where it would benefit the program goals or priority for an individual seminar, ECA will determine whether the seminar should be held in the common language of the region (i.e. Spanish, French, Arabic, or Russian). Applicants should demonstrate their ability to facilitate seminars in foreign languages.

Partner Organizations: Applicants should provide examples of organizations and individuals with whom they would collaborate, and describe previous cooperative activities. One approach would be for a proposal to choose a hypothetical seminar theme based on a foreign policy priority topic, and spell out a proposed plan for developing the program, with examples of organizations or individuals upon whom the applicant would rely to develop the most appropriate substantive aspects of the program design.

U.S. Embassy Involvement: After a cooperative agreement is awarded, and once a location has been identified for each seminar, ECA/P/A will consult with the Public Affairs Section (PAS) at the U.S. embassy of the host-country. While the PAS may be actively engaged in any particular seminar, the onus will remain with the award recipient to manage the overall program activities.

Once ECA determines the priority topic, region, and location of each seminar, ECA/P/A will work with U.S. embassies in the region to identify participants for each seminar. U.S. embassies that choose to send participants for a specific regional seminar will facilitate visas if needed for the respective regional seminar.

Small Grants: To support efforts of alumni to apply their international exchange and seminar experience within their communities, participants will be eligible to compete for a small grants opportunity of up to \$10,000 per project following the enrichment seminar, out of an overall \$750,000 allocated within the total award budget. Project proposals should address the priority topic of the regional seminar the alumnus/a participated in, and meet the objectives presented in the participant's action plan, developed at the seminar. To promote collaboration and network building, project proposals should involve a minimum of two alumni. Applicant organizations must demonstrate the ability to manage small grants initiatives for exchange alumni, provide resources for alumni to draw on in developing strong proposals, and facilitate a transparent process for selecting competitive proposals that include a panel review with U.S. Department of State

representation. Applicants should also demonstrate the ability to responsibly transfer and monitor funds for projects taking place in countries around the world.

Guidelines:

The cooperative agreement will begin on or about September 1, 2017. The award period will be approximately 24 months in duration, and cover all aspects of program planning, Thematic International Exchange Seminars, and a small grants program for participant alumni. As the award recipient will not know the exact dates of the seminars until a newly approved seminar theme is officially agreed upon, applicants should propose at least one sample timeline and sample outline for a hypothetical seminar.

Applicants should propose to hold approximately eight to ten seminars for approximately 20-100 participants each. There may be at least one seminar per each of the six world regions, as well as possible seminars for alumni of particular programs or high-level initiatives. The seminars must be completed prior to the anticipated end date of the award, September 1, 2019. Applicants should propose specific seminar dates in their proposals, but the exact timing may be altered through the mutual agreement of the U.S. Department of State and the award recipient, based on the flexible, rapid response approach preferred.

ECA reserves the right to reduce, revise, or increase proposal project configurations, budgets, seminars, and participant numbers in accordance with the needs of the program and the availability of funds. In addition, ECA reserves the right to adjust the participating countries if conditions change in a partner country or if other countries are identified as priorities for the U.S. Department of State.

Please take into consideration the following information when preparing your proposal narrative:

FOR INFORMATIONAL PURPOSES ONLY:

D.3h. ADHERENCE TO ALL REGULATIONS GOVERNING THE J VISA

The Bureau of Educational and Cultural Affairs places critically important emphases on the security and proper administration of the Exchange Visitor (J visa) Programs and adherence by award recipients and sponsors to all regulations governing the J visa. A copy of the complete regulations governing the administration of Exchange Visitor (J) programs is available at <http://j1visa.state.gov> or from:

Office of Designation, Private Sector Programs Division
U.S. Department of State
SA-44, Suite 668
301 4th Street, SW
Washington, DC 20547

Please refer to Solicitation Package for further information.

D.3i. Diversity, Freedom and Democracy Guidelines

Pursuant to the Bureau's authorizing legislation, programs must maintain a non-political character and should be balanced and representative of the diversity of political, social and cultural life in the United States and abroad. 'Diversity' should be interpreted in the broadest sense and encompass differences including race, color, national origin, sex, age, religion, geographic location, socio-economic status, disability, sexual orientation or gender identity. Proposals should demonstrate how diversity will enhance the program's goals and objectives and the participants' exchange experience. Please refer to the review criteria under the 'Support of Diversity' section of this document as well as the DIVERSITY, FREEDOM AND DEMOCRACY section in the "Proposal Submission Instructions" document for specific suggestions on incorporating diversity into the total proposal.

Public Law 104-319 provides that "in carrying out programs of educational and cultural exchange in countries whose people do not fully enjoy freedom and democracy," the Bureau "shall take appropriate steps to provide opportunities for participation in such programs to human rights and democracy leaders of such countries." Public Law 106 - 113 requires that the governments of the countries described above do not have inappropriate influence in the selection process. Proposals should reflect advancement of these goals in their program contents, to the full extent deemed feasible.

D.3j. Program Monitoring and Evaluation

Proposals must include a plan to monitor and evaluate the project's success, both as the activities unfold and at the end of the program. The Bureau recommends that your proposal include a draft survey questionnaire or other technique plus a description of a methodology to use to link outcomes to original project objectives. The Bureau expects that the recipient organization will track participants or partners and be able to respond to key evaluation questions, including satisfaction with the program, learning as a result of the program, changes in behavior as a result of the program, and effects of the program on institutions (institutions in which participants work or partner institutions). The evaluation plan should include indicators that measure gains in mutual understanding as well as substantive knowledge.

Successful monitoring and evaluation depend heavily on setting clear goals and outcomes at the outset of a program. Your evaluation plan should include a description of your project's objectives, your anticipated project outcomes, and how and when you intend to measure these outcomes (performance indicators). The more that outcomes are "smart" (specific, measurable, attainable, results-oriented, and placed in a reasonable time frame), the easier it will be to conduct the evaluation. You should also show how your project objectives link to the goals of the program described in this NOFO.

Your monitoring and evaluation plan should clearly distinguish between program outputs and outcomes. Outputs are products and services delivered, often stated as an amount. Output information is important to show the scope or size of project activities, but it cannot substitute for information about progress towards outcomes or the results achieved. Examples of outputs include the number of people trained or the number of

seminars conducted. Outcomes, in contrast, represent specific results a project is intended to achieve and is usually measured as an extent of change. Findings on outputs and outcomes should both be reported, but the focus should be on outcomes.

We encourage you to assess the following four levels of outcomes, as they relate to the program goals set out in the NOFO (listed here in increasing order of importance):

1. **Participant satisfaction** with the program and exchange experience.
2. **Participant learning**, such as increased knowledge, aptitude, skills, and changed understanding and attitude. Learning includes both substantive (subject-specific) learning and mutual understanding.
3. **Participant behavior**, such as concrete actions to apply knowledge in work or community; greater participation and responsibility in civic organizations; interpretation and explanation of experiences and new knowledge gained; continued contacts between participants, community members, and others.
4. **Institutional changes**, such as increased collaboration and partnerships, policy reforms, new programming, and organizational improvements.

Please note: Consideration should be given to the appropriate timing of data collection for each level of outcome. For example, satisfaction is usually captured as a short-term outcome, whereas behavior and institutional changes are normally considered longer-term outcomes.

Overall, the quality of your monitoring and evaluation plan will be judged on how well it 1) specifies intended outcomes; 2) gives clear descriptions of how each outcome will be measured; 3) identifies when particular outcomes will be measured; and 4) provides a clear description of the data collection strategies for each outcome (i.e., surveys, interviews, or focus groups). (Please note that evaluation plans that deal only with the first level of outcomes [satisfaction] will be deemed less competitive under the present evaluation criteria.)

Recipient organizations will be required to provide reports analyzing their evaluation findings to the Bureau in their regular program reports. All data collected, including survey responses and contact information, must be maintained for a minimum of three years and provided to the Bureau upon request.

D.3k. Virtual Exchange Component: ECA welcomes innovative ideas on how organizations can leverage appropriate mobile and/or online technologies to maintain engagement among exchange participants, encourage project collaboration and widen participation in the overall project to a broader audience. ECA strongly encourages organizations submitting proposals in response to this solicitation to suggest one or more virtual exchange components to complement the in-person exchange. The virtual exchange component(s) could come before, during and/or after the physical exchange. The objective for the virtual exchange component(s), defined as technology-enabled, sustainable, people-to-people, cross-cultural exchanges, is to augment the impact of the

in-person exchange described in this solicitation. ECA encourages organizations to propose virtual exchange ideas that take advantage of ECA's existing web and social networking platforms, including our International Exchange Alumni space. Virtual exchange components would be coordinated with and approved by the ECA program office and U.S. missions abroad on a project by project basis.

D.3l. Communications Guidance for ECA Grant Recipients: All ECA Grant Recipients must adhere to the requirements in ECA's Communications Guidance on the creation of program branding and attribution, websites, social media, and press.

D.3m. Please take the following information into consideration when preparing your budget:

D.3n. Applicants must submit SF-424A – “Budget Information – Non-Construction Programs” along with a comprehensive budget for the entire program. There must be a summary budget as well as breakdowns reflecting both administrative and program budgets. Applicants may provide separate sub-budgets for each program component, phase, location, or activity to provide clarification.

D.3o. Allowable costs for the program include the following:

- 1) Travel: International and domestic airfare; airline baggage and seat fees; visas; transit costs; ground transportation costs. Please note that all air travel must be in compliance with the Fly America Act.
- 2) Per Diem. For U.S.-based programming, organizations should use the published Federal per diem rates for individual U.S. cities. Domestic per diem rates may be accessed at: <http://www.gsa.gov/portal/category/21287>. ECA requests applicants to budget realistic costs that reflect the local economy and do not exceed Federal per diem rates. Foreign per diem rates can be accessed at: https://aoprals.state.gov/web920/per_diem.asp
- 3) Consultants. Consultants (i.e. trainers, speakers, etc.) may be used to provide specialized expertise or to make presentations. Honoraria rates should not exceed \$250 per day per session. Organizations are encouraged to cost-share rates that would exceed that figure. Subcontracting organizations may also be employed, in which case the written agreement between the prospective award recipient and subrecipient should be included in the proposal. Such subawards should detail the division of responsibilities and proposed costs, and subcontracts should be itemized in the budget.
- 4) Room Rental. The rental of meeting space should not exceed \$250 per day per activity. Any rates that exceed this amount should be cost shared.

- 5) Materials. Proposals may contain costs to purchase, develop and translate materials for fellows. Costs for high quality translation of materials should be anticipated and included in the budget.
- 6) Working Meal. One working meal may be provided during U.S.-based and foreign-based components. Per capita costs for working meals may not exceed \$45/person, excluding room rental and other overhead charges. The number of invited guests may not exceed seminar participants by more than a factor of two-to-one.
- 7) Wire Transfer Fees. When necessary, applicants may include costs to transfer funds to foreign-based partner organizations. Award recipients are urged to research applicable taxes that may be imposed on these transfers by host governments.
- 8) In-Country Travel Costs for Visa Processing Purposes. Visas for participants to travel to the seminar host-country may be necessary, and applicants should plan to cover these costs. Applicants should also include costs for any travel associated with procuring visas, including travel for interviews, delivering or picking up passports, etc.
- 9) Administrative Costs. Costs necessary for the effective administration of the project may include salaries for employees, benefits, and other direct and indirect costs per detailed instructions in the PSI. Proposals should show strong administrative cost sharing contributions from the applicant, the in-country partner and other sources. Award recipient staff travel should NOT be included in the exchange participant numbers.
- 10) Insurance. Travel and health insurance should be provided to all participants.
- 11) Reasonable Accommodations. Organizations should budget for the reasonable accommodations of participating individuals with disabilities. Proposals may allocate up to 5-7% of the total requested ECA award funds for this purpose.
- 12) Post-Seminar Engagement and Alumni Small Grants Program. Reasonable costs related to post-seminar engagement and alumni activities may be included. The proposal must include an outline of any proposed post-seminar engagement and alumni activities, including the facilitation of the Alumni Small Grants Program. Proposals should also demonstrate how the recipient organization will creatively utilize technology and online networking sites to enhance and amplify alumni programming.

D.3q. Intergovernmental Review of Applications: Executive Order 12372 does not apply to this program.

E. APPLICATION REVIEW INFORMATION

The Bureau will review all proposals for technical eligibility. Proposals will be deemed ineligible if they do not fully adhere to the guidelines stated herein and in the Solicitation Package. All eligible proposals will be reviewed by the program office, as well as the Public Diplomacy section overseas and State Department regional bureaus, where appropriate. Eligible proposals will be subject to compliance with Federal and Bureau regulations and guidelines and forwarded to Bureau grant panels for advisory review. Proposals may also be reviewed by the Office of the Legal Adviser or by other Department elements. All awards will be assessed for risk prior to their issuance. Final funding decisions are at the discretion of the Department of State's Assistant Secretary for Educational and Cultural Affairs. Final technical authority for assistance awards resides with the Bureau's Grants Officer.

E.1. REVIEW CRITERIA

Technically eligible applications will be competitively reviewed according to the criteria stated below. These criteria are not rank ordered and all carry equal weight in the proposal evaluation:

- 1. Quality of the program idea:** Proposals should exhibit originality, substance, precision, and relevance to the Bureau's mission.
- 2. Program planning:** Detailed agenda and relevant work plan should demonstrate substantive undertakings and logistical capacity. Agenda and plan should adhere to the program overview and guidelines described above.
- 3. Ability to achieve program objectives:** Objectives should be reasonable, feasible, and flexible. Proposals should clearly demonstrate how the institution will meet the program's objectives and plan.
- 4. Multiplier effect/impact:** Proposed programs should strengthen long-term mutual understanding, including maximum sharing of information and establishment of long-term institutional and individual linkages.
- 5. Support of Diversity:** Proposals should show substantive support of the Bureau's policy on diversity. Proposals should demonstrate how diversity will be achieved in the different aspects of program administration and of program design, content and implementation, including individual grantee/participant recruitment, selection and

placement. It is important that proposals have a clearly articulated diversity plan and not simply express general support for the concept of diversity.

6. Institutional Capacity and Record/ Ability: Proposed personnel and institutional resources should be adequate and appropriate to achieve the program or project's goals. Proposals should demonstrate an institutional record of successful exchange programs, including responsible fiscal management and full compliance with all reporting requirements for past Bureau awards (grants or cooperative agreements) as determined by Bureau Grants Staff. The Bureau will consider the past performance of prior recipients and the demonstrated potential of new applicants.

7. Project Evaluation: Proposals should include a plan to evaluate the activity's success, both as the activities unfold and at the end of the program. The Bureau recommends that the proposal include a draft survey questionnaire or other technique plus description of a methodology to use to link outcomes to original project objectives. Award-receiving organizations/institutions will be expected to submit intermediate reports after each project component is concluded or quarterly, whichever is less frequent.

8. Cost-effectiveness and Cost-sharing: The overhead and administrative components of the proposal, including salaries and honoraria, should be kept as low as possible. All other items should be necessary and appropriate. Proposals should maximize cost-sharing through other private sector support as well as institutional direct funding contributions.

F.) Federal Award Administration Information

F.1. Award Notices:

Final awards cannot be made until funds have been appropriated by Congress, allocated and committed through internal Bureau procedures. Successful applicants will receive a Federal Assistance Award (FAA) from the Bureau's Grants Office. The FAA and the original proposal with subsequent modifications (if applicable) shall be the only binding authorizing document between the recipient and the U.S. Government. The FAA will be signed by an authorized Grants Officer, and transmitted to the recipient's responsible officer identified in the application.

Unsuccessful applicants will receive notification of the results of the application review from the ECA program office coordinating this competition.

The following additional requirements apply to this project:

Assistance awards involving Iran: A critical component of current U.S. government Iran policy is the support for indigenous Iranian voices. The State Department has made the awarding of grants for this purpose a key component of its Iran policy. As a condition of licensing these activities, the Office of Foreign Assets Control (OFAC) has requested the Department of State to follow certain procedures to effectuate the goals of Sections 481(b), 531(a), 571, 582, and 635(b) of the Foreign Assistance Act of 1961 (as amended); 18 U.S.C. §§ 2339A and 2339B; Executive Order 13224; and Homeland Security Presidential Directive 6. These licensing conditions mandate that the Department conduct a vetting of potential Iran grantees and sub-grantees for counter-terrorism purposes. To conduct this vetting the Department will collect information from

grantees and sub-grantees regarding the identity and background of their key employees and Boards of Directors.

Note: To assure that planning for the inclusion of Iran complies with requirements, please contact ECA/P/A Megan Huber at 202-632-9487 or HuberME@state.gov, for additional information.

Prohibition on the use of Federal Funds to Promote, Support, or advocate for the legalization or practice of Prostitution.

The U.S. Government is opposed to prostitution and related activities, which are inherently harmful and dehumanizing, and contribute to the phenomenon of trafficking in persons. None of the funds made available under this agreement may be used to promote, support, or advocate the legalization or practice of prostitution. Nothing in the preceding sentence shall be construed to preclude assistance designed to ameliorate the suffering of, or health risks to, victims while they are being trafficked or after they are out of the situation that resulted from such victims being trafficked.

The recipient shall insert the foregoing provision in all sub-agreements under this award.

This provision includes express terms and conditions of the agreement and any violation of it shall be grounds for unilateral termination of the agreement by the Department of State prior to the end of its term.

Additional Requirements for the Palestinian Authority, West Bank, and Gaza

All awards made under this competition must be executed according to all relevant U.S. laws and policies regarding assistance to the Palestinian Authority, and to the West Bank and Gaza. Organizations must consult with relevant Public Affairs Offices before entering into any formal arrangements or agreements with Palestinian organizations or institutions.

Note: To assure that planning for the inclusion of the Palestinian Authority complies with requirements, please contact Megan Huber, (202) 632-9487, HuberME@state.gov for additional information.

Upon the award of a grant/and or cooperative agreement in a designated area of combat operations or future contingency operation (currently Iraq and Afghanistan), the Grants Officer or his/her designee will enter the following award information into SPOT to include (i) a brief description of the contract (to the extent consistent with security considerations); (ii) the total value of the contract; and (iii) whether the contract was awarded competitively. The Recipient should send updated deployment numbers for each award sent to the Grants Officer and his/her designee and the Department of State's SPOT program office on a quarterly basis as follows:

The Recipient is required to submit with the quarterly financial report submission information regarding the number of individuals receiving payment from the funds being granted under this award. This report is due 30 days after the calendar year quarter and 90 days after the award period end date and also should be sent to AQMOps@state.gov with the subject line "SPOT Quarterly Report -- Award Number". The following information shall be provided:

To the extent that such private security contractors (PSCs) are required, Recipients are required to ensure they adhere to Chief of Mission (COM) policies and procedures regarding the operation, oversight, and accountability of PSCs.

In a designated area of combat operations or future contingency operation, the term PSC includes any personnel providing protection of the personnel, facilities, property of a

Recipient or sub-recipient at any level, or performing any other activity for which personnel are required to carry weapons in the performance of their duties.

As specific COM policies and procedures may differ in scope and applicability, recipients of federal assistance awards are advised to review post policies and procedures carefully in this regard and direct any questions to the Embassy Regional Security Office (RSO) via the Grants Officer Representative (GOR). Any exclusion to these policies must be granted by the COM via the RSO. COM policies and procedures may be obtained from the RSO via the GOR. Recipients of federal assistance awards are also advised that these policies and procedures may be amended from time to time at the post in response to changing circumstances.
