**Bureau of Educational and Cultural Affairs (ECA) Request  
for Grant Proposals: Study of the U.S. Institutes for  
Scholars and Secondary Educators**

**Announcement Type: New Cooperative Agreement**

**Funding Opportunity Number: ECA-ECAAE-14-013**

**Catalog of Federal Domestic Assistance Number: 19.401**

**Application Deadline: December 18, 2013**

**Executive Summary:** The Study of the U.S. Branch, Office of Academic Exchange Programs, Bureau of Educational and Cultural Affairs (ECA), invites proposal submissions for the design and implementation of five different Study of the U.S. Institutes for Scholars and Secondary Educators to take place over the course of five to six weeks beginning in June 2014, pending the availability of funds. These Institutes should provide multinational groups of experienced foreign university educators, scholars, teachers, and other professionals with a deeper understanding of U.S. society, culture, values, and institutions.

Three of these Institutes will be for groups of 18 foreign university level faculty, focusing on the themes of Contemporary American Literature, Religious Pluralism in

the United States, and U.S. Political Thought, and with a total duration of six weeks each. Two additional Institutes will be five-week general survey courses on the United States for a group of 20 foreign secondary educators.

Applicants may submit only one proposal under this competition. If multiple proposals are received from the same applicant, all submissions will be declared ineligible and receive no further consideration in the review process.

It is ECA's intent to award five Cooperative Agreements (one base year plus two option years) for an estimated total amount of \$3,960,000, pending availability of funds and successful performance. Please see section **II. Award Information** below for additional details.

**I. Funding Opportunity Description:**

**I. 1. Authority:** Overall grant making authority for this program is contained in the Mutual Educational and Cultural Exchange Act of 1961, Public Law 87-256, as amended, also known as the Fulbright-Hays Act. The purpose of the Act is "to enable the Government of the United States to increase

mutual understanding between the people of the United States and the people of other countries...; to strengthen the ties which unite us with other nations by demonstrating the educational and cultural interests, developments, and achievements of the people of the United States and other nations...and thus to assist in the development of friendly, sympathetic and peaceful relations between the United States and the other countries of the world." The funding authority for the program above is provided through legislation.

**I. 2. Purpose and Overview:** Study of the U.S. Institutes are intensive academic programs whose purpose is to provide foreign university faculty, secondary educators, and other scholars the opportunity to deepen their understanding of U.S. society, culture, and institutions. The ultimate goal is to strengthen curricula and to improve the quality of teaching about the United States in academic institutions abroad.

The Institutes on Contemporary American Literature, Religious Pluralism in the United States, and U.S. Political Thought should be six weeks in length; participants should spend a minimum of four weeks at the

host institution and up to two weeks on an educational study tour, including at least two to three days in Washington, D.C. at the conclusion of the Institute. The Institutes on Secondary Education should be five weeks in length; participants should spend a minimum of four weeks at the host institution and approximately one week on an educational study tour, including two to three days in Washington, D.C. at the conclusion of the Institute. The educational travel component for all programs (scholars and secondary educators) should directly complement the academic program and should include visits to cities and other sites of interest in the region around the recipient institution as well as to another geographic region of the country.

### **I. 3. Themes**

**The Study of the U.S. Institute on Contemporary American Literature** should provide a multinational group of up to 18 experienced foreign university faculty and practitioners with a deeper understanding of U.S. society and culture, past and present, through an examination of contemporary American (U.S.) literature. Its purpose is twofold: 1) to explore contemporary American writers and writing in a variety of genres; and 2) to suggest how the themes

explored in those works reflect larger currents within contemporary U.S. society and culture. The program should explore the diversity of the American literary landscape, examining how major contemporary writers, schools and movements reflect the traditions of the U.S. literary canon. At the same time, the Institute should expose participants to writers who represent a departure from that tradition, and who are establishing new directions for American literature. One award of up to \$280,000 will support this Institute.

**The Study of the U.S. Institute on Religious Pluralism in the United States** should provide a multinational group of up to 18 experienced foreign university faculty and practitioners with a deeper understanding of U.S. society and culture, past and present, through an examination of religious pluralism in the United States and its intersection with American democracy. Employing a multi-disciplinary approach, drawing on fields such as history, political science, sociology, anthropology, law and others where appropriate, the program should explore both the historical and contemporary relationship between church and state in the United States; examine the ways in which religious thought and practice have modified and have been

influenced by, the development of American-style democracy; examine the intersections of religion and politics in the United States in such areas as elections, public policy, and foreign policy; and explore the sociology and demography of religion in the United States today, including a survey of the diversity of contemporary religious beliefs (major and minor) and its impact on American politics and society. One award of up to \$280,000 will support this Institute.

**The Study of the U.S. Institute on U.S. Political Thought**

should provide a multinational group of 18 experienced foreign university faculty and practitioners with a deeper understanding of major currents in U.S. political thought from the colonial period to the present. It should explore the shaping of American identity and the intersection and interplay between that identity and U.S. history and politics. It should cover a broad range of American experiences that have shaped and been shaped by our national identity including, but not limited to, the colonial period, the constitutional founding, the Civil War, industrialization, the Great Depression, the Cold War, and the Civil Rights movement. The institute should also use this lens to explore contemporary U.S. political and

social debates and topics, relating them back to the formation and development of U.S. political thought and the American identity. One award of up to \$280,000 will support this institute.

**The Study of the U.S. Institutes for Secondary Educators**

should provide a multinational group of 20 experienced secondary school educators (teachers, teacher trainers, curriculum developers, textbook writers, or education ministry officials) with a deeper understanding of U.S. society, education, and culture - past and present. The Institutes should be organized around a central theme or themes in U.S. civilization and should have a strong contemporary component. Through a combination of traditional, multi-disciplinary, and interdisciplinary approaches, program content should be imaginatively integrated in order to elucidate the history and evolution of U.S. educational institutions and values, broadly defined. The program should also serve to illuminate contemporary political, social, and economic debates in American society. Two awards of up to \$240,000 each will support these Institutes.

**I. 4. Program Design:** Each Study of the U.S. Institute should be designed as an intensive, academically rigorous seminar for an experienced group of educators from abroad. Institutes should be organized through an integrated series of lectures, readings, seminar discussions, regional travel, and site visits, and should also include sessions that expose participants to U.S. pedagogical philosophy and practice for teaching the discipline. Each Institute should also include opportunities for limited but well-directed independent research. **Please see the Project Objectives, Goals, and Implementation (POGI) document for more information.**

**I. 5. Participants:** Participants will be diverse in age, professional position, and travel experience abroad. Participants may or may not have in-depth knowledge of the particular Institute program theme, but all will likely have had exposure to the relevant discipline and some experience teaching about the United States.

Participants will represent all regions of the world and will be fluent or have advanced proficiency in English. Recipients will NOT participate in the selection of participants. U.S. embassies, consulates, and Fulbright

Commissions will nominate candidates. ECA will make the final selections. Every effort will be made to select a balanced mix of male and female participants. A final list of participants will be sent to recipients prior to the start of the Institute. Recipients should provide participants with pre-departure orientation materials at least six weeks prior to the start of the Institute.

**I. 6. Program Dates:** The anticipated award dates for these four Cooperative Agreements will be on or about March 1, 2014. The Institutes for Scholars should be approximately 44 days in length; Institutes for Secondary Educators should be approximately 36 days long. This should include participant arrival and departure days; Institutes should begin and end between June and September 2014.

**I. 7. Program Guidelines:** The recipient is responsible for the conception and structure of the Institute and its agenda. Proposals must provide a detailed and comprehensive narrative describing the objectives of the Institute. Please see section 5 of the attached Program Objectives, Goals, and Implementation (POGI) document for application submission requirements. Overall, proposals

will be reviewed on the basis of their responsiveness to the six criteria listed in this RFGP. **The accompanying POGI provides program-specific guidelines that all proposals must address fully.**

**Please note:** In a Cooperative Agreement, the Study of the U.S. Branch is substantially involved in program activities above and beyond routine grant monitoring. The Branch may request that the recipient make modifications to the academic residency and/or educational travel components of the program. The recipient will be required to obtain approval of significant program changes in advance of their implementation. The Branch will also perform an annual performance evaluation/review. Satisfactory performance and availability of funds is a condition of continued administration of the program and execution of all option years.

Proposal narratives should include a brief commitment to implement the program for the base year, plus two additional option years, pending successful performance and availability of funds. The narrative should focus on details specific to the implementation of the base year program, with the understanding that the program design,

duration, and participant numbers would be similar when/if the subsequent two option years are exercised.

**II. Award Information:**

**Type of Award: Cooperative Agreement.** ECA's level of involvement in this program is listed above.

**Fiscal Year Funds:** FY 2014-\$1,320,000; FY 2015 - option year-one \$1,320,000; FY 2016 - option year-two, \$1,320,000; pending successful performance and availability of funds.

**Approximate Total Funding: \$3,960,000.** This figure represents the funding for all five Institutes for the base year plus two option years, pending successful performance and availability of funds. Of the five programs, three are Institutes for Scholars funded at up to \$280,000 per year and two are Institutes for Secondary Educators funded at up to \$240,000 per year each.

**Approximate Number of Awards: (5)**

**Approximate Average Award: \$240,000-\$280,000**

**Anticipated Award Date:** March 1, 2014. Pending availability of funds.

**Anticipated Project Completion Date:** September 30, 2017. This date reflects the anticipated duration of the award - one base year plus two option years.

**Additional Information: Cooperative Agreements will be awarded for a period of 12 months (base year) with options for a second and third periods of 12 and 18 months respectively to ensure adequate time for post-Institute follow on activities. ECA will notify the recipient of its intention to exercise or not to exercise an option year at least 90 days in advance of expiration of the current year after an internal evaluation of the recipient's performance. The decision to exercise option years will depend both on the satisfactory performance of the recipient and the availability of funds.**

**III. Eligibility Information:**

**III. 1. Eligible applicants:** Applications may be submitted by public and private non-profit organizations meeting the provisions described in Internal Revenue Code section 26 USC 501(c)(3).

**III. 2. Cost Sharing or Matching Funds:** There is no minimum or maximum percentage required for this competition. However, ECA encourages applicants to provide maximum levels of cost sharing and funding in support of its programs.

When cost sharing is offered, it is understood and agreed that the applicant must provide the amount of cost sharing as stipulated in its proposal and later included in an approved agreement. Cost sharing may be in the form of allowable direct or indirect costs. For accountability, you must maintain written records to support all costs which are claimed as your contribution, as well as costs to be paid by the Federal government. Such records are subject to audit. The basis for determining the value of cash and in-kind contributions must be in accordance with OMB Circular A-110, (Revised), Subpart C.23 - Cost Sharing and Matching. In the event you do not provide the minimum amount of cost sharing as stipulated in the approved budget, ECA's contribution will be reduced in like proportion.

**III. 3. Other Eligibility Requirements:**

**III. 3. A.** ECA grant guidelines require that organizations with less than four years experience in conducting international exchanges be limited to \$130,000 in ECA funding. ECA anticipates making five awards, three in an amount up to \$280,000 per year, and two in an amount up to \$240,000 per year to support program and administrative costs required to implement these exchange programs.

Therefore, organizations with less than four years experience in conducting international exchanges are ineligible to apply under this competition. Proposals should clearly demonstrate compliance with this requirement.

**III. 3. B. Technical Eligibility:** It is ECA's intent to award five separate cooperative agreements to five different institutions under this competition. Therefore prospective applicants may submit only one proposal to host one Institute under this competition. Should an applicant submit multiple proposals under this competition, all proposals will be declared technically ineligible and given no further consideration in the review process. Please note: Applicant organizations are defined by their legal name and EIN number as stated on their completed SF-424 and additional supporting documentation.

Additionally, applications that do not meet the minimum requirements outlined below in section IV will be deemed technically ineligible.

**IV. Application and Submission Information:**

Note: Please read the complete announcement before sending inquiries or submitting proposals. Once the RFGP deadline has passed, ECA staff may not discuss this competition with applicants until the proposal review process has been completed.

**IV. 1. Contact Information to Request an Application Package:**

Recipients must review and update the information at least annually after the initial registration and more frequently if required information changes or another award is granted. Failure to register in SAM will render applicants ineligible to receive funding.

You must have nonprofit status with the IRS at the time of application. **Please note:** Effective January 7, 2009, all applicants for ECA federal assistance awards must include in their application the names of directors and/or senior executives (current officers, trustees, and key employees, regardless of amount of compensation). For award recipients, the names of directors and/or senior executives (current officers, trustees, and key employees), as well as the one-page description of grant activities, will be transmitted by the State Department to OMB, along with other information required by the Federal Funding Accountability and Transparency Act (FFATA), and will be made available to the public by the Office of Management and Budget on its USASpending.gov website as part of ECA's FFATA reporting requirements.

If your organization is a private nonprofit which has not received a grant or cooperative agreement from ECA in the past three years, or if your organization received nonprofit status from the IRS within the past four years, you must submit the necessary documentation to verify nonprofit status as directed in the PSI document. Failure to do so will cause your proposal to be declared technically ineligible.

Please take into consideration the following information when preparing your proposal narrative:

**IV. 3. D. 1. ADHERENCE TO ALL REGULATIONS GOVERNING THE J VISA**

ECA places critically important emphases on the security and proper administration of the Exchange Visitor (J visa) Programs and adherence by award recipients and sponsors to all regulations governing the J visa. Therefore, proposals should demonstrate the applicant's capacity to meet all

requirements governing the administration of the Exchange Visitor Programs as set forth in 22 CFR 62, including the oversight of Responsible Officers and Alternate Responsible Officers, screening and selection of program participants, provision of pre-arrival information and orientation to participants, monitoring of participants, proper maintenance and security of forms, record-keeping, reporting and other requirements.

The Study of the U.S. Branch will be responsible for issuing DS-2019 forms to participants in this program.

A copy of the complete regulations governing the administration of Exchange Visitor (J) programs is available at <http://jlvisa.state.gov> or from:

Office of Designation, Private Sector Programs Division  
U.S. Department of State  
SA-44, Suite 668  
301 4<sup>th</sup> Street, SW  
Washington, DC 20547

Please refer to Solicitation Package for further information.

**IV. 3. D. 2. Diversity, Freedom and Democracy Guidelines**

Pursuant to ECA's authorizing legislation, programs must maintain a non-political character and should be balanced and represent the diversity of political, social, and cultural life in the United States and abroad. "Diversity" should be interpreted in the broadest sense and encompass differences including race, color, national origin, sex, age, religion, geographic location, socio-economic status, disability, sexual orientation or gender identity.

Applicants are strongly encouraged to adhere to the advancement of this principle both in program implementation and in program content. Proposals should provide a clearly articulated plan for incorporating diversity into all aspects of the program and not simply express general support for the concept of diversity. Please refer to the review criteria under the 'Support for Diversity' section of this document, as well as the DIVERSITY FREEDOM AND DEMOCRACY section in the "Proposal Submission Instructions" document for specific suggestions on incorporating diversity into proposal submissions.

Public Law 104-319 provides that "in carrying out programs of educational and cultural exchange in countries whose

people do not fully enjoy freedom and democracy," ECA "shall take appropriate steps to provide opportunities for participation in such programs to human rights and democracy leaders of such countries." Public Law 106 - 113 requires that the governments of the countries described above do not have inappropriate influence in the selection process. Proposals should reflect advancement of these goals in their program contents, to the full extent deemed feasible.

#### **IV. 3. D. 3. Program Monitoring and Evaluation**

Proposals must include a plan to monitor and evaluate the project's success, both as the activities unfold and at the end of the program. ECA recommends that your proposal include a draft survey questionnaire or other technique plus a description of a methodology to use to link outcomes to original project objectives. ECA expects that the recipient organization will track participants or partners and be able to respond to key evaluation questions, including satisfaction with the program, learning as a result of the program, changes in behavior as a result of the program, and effects of the program on institutions (institutions in which participants work or partner institutions). The evaluation plan should include

indicators that measure gains in mutual understanding as well as substantive knowledge.

Successful monitoring and evaluation depend heavily on setting clear goals and outcomes at the outset of a program. Your evaluation plan should include a description of your project's objectives, your anticipated project outcomes, and how and when you intend to measure these outcomes (performance indicators). The more that outcomes are "smart" (specific, measurable, attainable, results-oriented, and placed in a reasonable time frame), the easier it will be to conduct the evaluation. You should also show how your project objectives link to the goals of the program described in this RFGP.

Your monitoring and evaluation plan should clearly distinguish between program outputs and outcomes. Outputs are products and services delivered, often stated as an amount. Output information is important to show the scope or size of project activities, but it cannot substitute for information about progress towards outcomes or the results achieved. Examples of outputs include the number of people trained or the number of seminars conducted. Outcomes, in contrast, represent specific results a project is intended to achieve and is usually measured as an extent of change.

Findings on outputs and outcomes should both be reported, but the focus should be on outcomes.

We encourage you to assess the following four levels of outcomes, as they relate to the program goals set out in the RFGP (listed here in increasing order of importance):

1. **Participant satisfaction** with the program and exchange experience.
2. **Participant learning**, such as increased knowledge, aptitude, skills, and changed understanding and attitude. Learning includes both substantive (subject-specific) learning and mutual understanding.
3. **Participant behavior**, concrete actions to apply knowledge in work or community; greater participation and responsibility in civic organizations; interpretation and explanation of experiences and new knowledge gained; continued contacts between participants, community members, and others.
4. **Institutional changes**, such as increased collaboration and partnerships, policy reforms, new programming, and organizational improvements.

**Please note:** Consideration should be given to the appropriate timing of data collection for each level of outcome. For example, satisfaction is usually captured as a short-term outcome, whereas behavior and institutional changes are normally considered longer-term outcomes.

Overall, the quality of your monitoring and evaluation plan will be judged on how well it 1) specifies intended outcomes; 2) gives clear descriptions of how each outcome will be measured; 3) identifies when particular outcomes will be measured; and 4) provides a clear description of the data collection strategies for each outcome (i.e., surveys, interviews, or focus groups). (Please note that evaluation plans that deal only with the first level of outcomes [satisfaction] will be deemed less competitive under the present evaluation criteria.)

Recipient organizations will be required to provide reports analyzing their evaluation findings to ECA in their regular program reports. All data collected, including survey responses and contact information, must be maintained for a minimum of three years and provided to ECA upon request.

**IV. 3. D. 4. Virtual Exchange Component:** ECA welcomes innovative ideas on how organizations can leverage appropriate mobile and/or online technologies to maintain engagement among exchange participants, encourage project collaboration and widen participation in the overall project to a broader audience. ECA strongly encourages organizations submitting proposals in response to this solicitation to suggest one or more virtual exchange components to complement the in-person exchange. The virtual exchange component(s) could come before, during and/or after the physical exchange. The objective for the virtual exchange component(s), defined as technology-enabled, sustainable, people-to-people, cross-cultural exchanges, is to augment the impact of the in-person exchange described in this solicitation. ECA encourages organizations to propose virtual exchange ideas that take advantage of ECA's existing web and social networking platforms, including our International Exchange Alumni space. Virtual exchange components would be coordinated with and approved by the ECA program office and U.S. missions abroad on a project by project basis.

**IV. 3. D. 5. Media Outreach/Strategy:** ECA requests organizations to provide a detailed media strategy that

will publicize the exchange program and its impact to broader U.S. audiences. Organizations should indicate how they will manage any public relations resources or how they will leverage their public relations office to issue press releases and digital content on their website and social media platforms to highlight the exchange program.

Successful proposals will specify a plan for working in coordination with ECA with any publications to promote the activities and outcomes of the exchange program. Proposals should also include sessions that prepare participants for potential interviews, social media use, and sample media release forms for those willing or unwilling to interact with the media.

**IV. 3. E.** Please take the following information into consideration when preparing your budget:

**IV. 3. E. 1.** Applicants must submit SF-424A - "Budget Information - Non-Construction Programs" along with a comprehensive budget for the entire program. There must be a summary budget as well as breakdowns reflecting both administrative and program budgets. Applicants may provide separate sub-budgets for each program component, phase, location, or activity to provide clarification.

- **For competitions that will be renewed through the option year, applicants must submit:**
- the SF-424A which must include the budget request amount for the base-year of the program;
- a detailed proposal narrative and budget for the base year of funding (Please refer to the Proposal Submission Instruction Document (PSI) for general budget guidance.). The narrative should also include a brief commitment to implement the program for the base year, plus two additional option years, pending successful program performance and availability of funds; and
- an abbreviated/estimated summary budget presenting the total projected administrative and program costs for the anticipated total duration of programming (base year, plus two option years). Budget requests for either of the three scholar Institutes may not exceed \$280,000 per year. Budget requests for the Institutes for Secondary Educators may not exceed \$240,000 per year. There must be a summary budget as well as breakdowns reflecting both administrative and program budgets. Applicants may provide separate sub-budgets for each program component, phase, location, or activity to provide clarification.

**To exercise the option year mechanism the recipient will be required to submit:**

1. timely quarterly program and financial reports;
2. a request in writing to ECA at least 90 days in advance of the expiration of the current program year. This request should include a brief narrative to support the continuation of the award and be incorporated/highlighted in the third quarterly program report;
3. a summary budget that projects program expenses through the end of the current year;
4. a detailed budget outlining both administrative and program expenses for the requested option year; and
5. a brief narrative to support the continuation of the award.

**The ECA Grants Officer and Program Officer will:**

- 1.) closely monitor the recipient's performance through site visits (if funds permit), desk audits, mandatory quarterly performance and financial reports, consultations, and other forms of communication and dialogue before exercising additional option years. (Additional details regarding monitoring and oversight of the program by ECA

representatives will be provided at the time the base-year award is made.)

2.) review and evaluate all mandatory quarterly program and financial reports;

Please Note:

- All program and financial reporting requirements must be current and up-to-date before ECA will exercise additional option years.
- Any/all concerns, issues, or modifications requested by the Grants Officer or Program Officer to the original program design or method of implementation must be responded to in writing.
- The ECA Grants Officer and Program Officer will review and advise of ECA's approval or disapproval of the response before issuing subsequent option years.

Final technical authority for assistance awards resides with ECA's Grants Officer.

**REVIEW CRITERIA**

Technically eligible applications will be competitively reviewed according to the criteria stated below. These criteria are not rank ordered and all carry equal weight in the proposal evaluation:

**1. Quality of Program Plan and Ability to Achieve Program**

**Objectives:** Proposals should exhibit originality and clearly demonstrate how the Institute will meet the objectives laid out in this solicitation. A detailed itinerary and staff work plan should demonstrate substantive undertakings and logistical capacity.

Activities should be reasonable, feasible, and form a coherent program for participant exploration of the topic. Competitive proposals will clearly promote ECA's mission: to foster mutual understanding between the people of the United States and the people of other countries to promote friendly and peaceful relations.

**2. Support of Diversity:** Proposals should demonstrate substantive support of ECA's diversity policy. Proposals should demonstrate how diversity will be achieved in the different aspects of program design and implementation, and how diversity will enhance the program's goals and objectives. It is important that proposals have a clearly

articulated diversity plan, and not simply express general support for the concept of diversity.

**3. Project Evaluation:** As explained in section IV. 3. D. 3., proposals should include a plan to evaluate the activity's success, both as the activities unfold and at the end of the program. A draft survey questionnaire or other technique plus description of a methodology to use to link outcomes to original project objectives are recommended.

**4. Cost-effectiveness/Cost-sharing:** The overhead and administrative components of the proposal, including salaries and honoraria, should be kept as low as possible. All other items should be necessary and appropriate. Proposals should maximize cost-sharing through other private sector support, as well as institutional direct funding contributions.

**5. Institutional Track Record/Ability:** Proposals should demonstrate an institutional record of successful exchange programs (past exchange programs need not have been ECA funded). ECA will consider the past performance of prior recipients including responsible fiscal management and full compliance with all reporting requirements for past ECA awards (grants or cooperative agreements) as determined by ECA Grants Staff. ECA will consider the demonstrated

potential of new applicants. Proposed personnel and institutional resources should be fully qualified to achieve the project's goals.

**6. Follow-on Activities:** Proposals should discuss provisions made for follow-up with returned participants as a means of establishing longer-term individual and institutional linkages. Proposals also should provide a plan for continued follow-on activity (with minimal ECA support) ensuring that ECA supported programs are not isolated events. Please refer to the POGI for additional information on follow-on activities.
