FY2017 Global Undergraduate Exchange Program in Pakistan

Funding Opportunity Number: ECA-ECAAE-17-013

Office of Academic Exchange Programs
South and Central Asia Programs Branch

The POGI guidelines apply specifically to the Notice of Funding Opportunity (NOFO) issued by the Office of Academic Exchange Programs, South and Central Asia Programs Branch for the FY2017 Global Undergraduate Exchange Program in Pakistan (Global UGRAD – Pakistan). Proposals must conform to the NOFO, the Guidelines stated in this document, and the standard Proposal Submission Instructions (PSI). Applications not adhering to the conditions set forth herein may be deemed technically ineligible. These guidelines are specific to the program mentioned above and are IN ADDITION TO the Standard Guidelines outlined in the PSI. If there is a perceived disparity between the standard and program specific Guidelines and the program information supplied in the accompanying NOFO, the NOFO is to be the dominant reference.

I.   STATEMENT OF WORK

Support for this program is being provided from FY 2016/FY 2017 Economic Support Funds (ESF) that ECA anticipates being transferred from USAID to the Bureau for obligation prior to its expiration on September 30, 2017. . It is anticipated that the total amount of funding for FY2017 administrative and program costs will be up to **$5,350,000,** pending the availability of funds. ECA reserves the right to reduce, revise, or increase proposal budgets and number of participants based on program needs and the availability of U.S. Government funding. **In the event that the level of Economic Support Funds (ESF) change, ECA reserves the right to increase or modify the composition of the final award, as well as the final funding level based upon the quality of proposals submitted, the availability of funds, and other factors impacting long-term foreign policy objectives.**

The Global UGRAD – Pakistan Program provides full scholarships for outstanding students from underrepresented socio-economic and geographic sectors in Pakistan to complete one semester of non-degree undergraduate study in the United States at accredited two-and four-year institutions. In FY2017, the Global UGRAD – Pakistan Program should provide no less than 214 scholarships over two academic semesters (112 students for spring 2019,102 students for fall 2019). The program should have a balanced representation of academic disciplines. ECA strongly encourages students in the humanities and social sciences to apply, although all academic fields of study are eligible.

In a cooperative agreement, the South and Central Asia Programs Branch of the Office of Academic Exchange Programs in the Bureau of Educational and Cultural Affairs (ECA/A/E/SCA) is substantially involved in program activities above and beyond routine monitoring.

II. PROGRAM SPECIFIC GUIDELINES

Program and administrative responsibilities for the FY2017 Global UGRAD – Pakistan Program must include:

A. Program Planning and Management

Participant Recruitment

Participants will be identified, reviewed, panel interviewed and nominated by the United States Educational Foundation in Pakistan (USEFP) (Fulbright Commission in Pakistan), with final selection made by ECA. Participants will be highly motivated undergraduate students from colleges, universities, and other institutions of higher education who demonstrate leadership through academic work, community involvement, and extracurricular activities. The program should have a balanced representation of academic disciplines. ECA strongly encourages students in the humanities and social sciences to apply, although all academic fields of study are eligible. They should be drawn from the standard university/college curriculum. All participants will have a good knowledge of English to function successfully in a U.S. higher education classroom or, in a minimum of cases, be provided with additional English language training by the U.S. host institution.

Every effort will be made to select a balanced mix of male and female participants, and to recruit participants from non-elite or underprivileged backgrounds, from both rural and urban areas, and who have had little or no prior experience in the United States or elsewhere outside of their home country.

U.S. Host Institution Selection and Participant Placement
Placement at U.S. colleges and universities will be approved by ECA for all participants. The proposal should describe in detail how the U.S. host institution competition will be conducted, including what measures will be taken to secure tuition waivers and/or other cost-sharing. Host institutions for the FY2017 Global UGRAD – Pakistan Program must be accredited colleges and universities and should represent the diversity of U.S. institutions of higher education, including community colleges and minority-serving institutions (MSIs). In addition, host institutions should be selected on the basis of geographic diversity, academic rigor, overall cost and ability to cost-share, and ability to engage the students in the local community. Students should be placed at institutions that will provide the participants with a supportive environment and personalized attention. These communities should be able to offer accessible housing accommodations and transportation.

No more than five participants should be placed at one institution. The proposal should demonstrate how the applicant will ensure maximum interaction with Americans and lessen the likelihood that participants will interact predominantly with each other.

The proposal must describe in detail how the placements will be made, including what measures will be taken to select appropriate institutions, which participants will be placed at which type of institutions (for example, 2-year and 4-year institutions), and secure tuition awards and/or other cost-share.

Participants are expected to return to Pakistan immediately upon the conclusion of the program. Transfers of academic program and visa sponsorship to another U.S. institution will not be considered under the FY2017 Global UGRAD – Pakistan Program.

Allowances
The proposal should present participant maintenance allowances in accordance with suggestions below or an alternative benefit package that includes the costs of campus housing, meals, books, university health insurance, and incidental expenses. The recipient must monitor and directly distribute approved allowances (e.g. maintenance) and reimbursements (e.g. relevant fees); authorize special allowances as stipulated in the program terms and conditions (e.g. enrichment funds); clarify policies and procedures; and resolve problems relating to recipient benefits and payments.
Suggested amounts for allowances are:

- Monthly Spending Allowance: $400/month
- One-time Settling-in Allowance: $150 (for items needed immediately upon arrival and not provided by host institution)
- One-time Book Allowance: $500/semester ($250/quarter)
- Enrichment Allowance: $250 one-semester (dispersed via an "application" process or other mechanism)

Housing Accommodations and Meals
Program participants will be placed in on-campus housing and have access to a comprehensive meal plan with provisions for religious-specific or other dietary needs. Participants should be paired with U.S. student roommates, not other FY2017 Global UGRAD – Pakistan participants or international students.

The proposal should include a description of appropriate accommodations for participants' religious observances and ensure options to meet particular needs such as single-gender and substance-free dorms/floors.

Fields of Study
The program should have a balanced representation of academic disciplines. As noted above, ECA strongly encourages students in the humanities and social sciences to apply, although all academic fields of study are eligible. Fields should be drawn from the standard university/college curriculum.

Academic Components
To support the mutual understanding goal of the exchange, ECA is particularly interested in opportunities for academic study related to U.S. institutions, society, and culture. Thus, students must enroll in one American Studies course, such as American history, literature, or government.

Additionally, there must be an academic skills-building component (may be a specific course or training outside of class) that aims to improve the participants' ability to succeed in the U.S. higher education system. Training may include, but is not limited to, time management, note taking, preparing for exams, and research and writing.

Enrichment Activities
To further the exchange, participants will be encouraged to take part in enrichment activities. An enrichment allowance will be available to enable participants to engage in campus, community, and regional activities of a cultural nature, such as concerts, plays, museum exhibits, cultural festivals, and other relevant events. Participant attendance at events that feature American content should be encouraged and facilitated whenever possible with the goal of exposing participants to as many cultural and civic institutions as possible. Participants may participate in activities on their own or as a group. The recipient should provide assistance to participants in planning enrichment activities.

Thematic Focus
To enhance the knowledge and skills of the participants, each cohort should have leadership development as an overarching theme for the program, which will focus on increasing the leadership skills of the participants. The theme will be introduced at the arrival orientation workshop. It should also be incorporated through structured activities to further the experience of the participants in exploring the theme while at their host institutions. At the re-entry workshop, the theme will play a central role along with the components described below for re-

entry. The theme is intended to augment the academic and cultural components of the program, with the goal of developing the personal and professional skills of the participants.

B. Supervision and Support Services

Monitoring and Support
The proposal must demonstrate that the applicant can provide support systems to the FY2017 Global UGRAD – Pakistan participants that reflect cultural understanding and sensitivities as well as effective communication skills to facilitate a successful exchange experience.

The recipient must verify participant enrollment in the approved program, resolve any initial placement and/or adjustment problems upon arrival at their host institution and must assist program participants in finding adequate academic and counseling services where needed. The recipient should monitor and evaluate the performance of FY2017 Global UGRAD – Pakistan participants to ensure satisfactory progress in the achievement of academic goals, including periodic campus visits, consistent communication with host advisors and professors, and review of academic reports.

Working closely in consultation with Bureau, the recipient should assist participants, as required, in resolving issues related to academic problems and personal or health emergencies; provide counseling or make appropriate referrals; perform domestic travel to resolve participant emergencies; and provide other assistance as needed. The Bureau must be informed of any medical emergencies, unlawful acts, or violations of the FY2017 Global UGRAD – Pakistan terms and conditions as soon as possible.

Visas
The recipient must provide oversight and management of participants' visa status. The Bureau places critically important emphases on the security and proper administration of Exchange Visitor (J visa) Programs and adherence by participants, award recipients and sponsors to all regulations governing the J visa. Therefore, proposals should demonstrate the applicant's capacity to meet all requirements governing the administration of Exchange Visitor Programs as set forth in 22 CFR 62, including the oversight of Responsible Officers and Alternate Responsible Officers, screening and selection of program participants, provision of pre-arrival information and orientation to participants, monitoring of participants, proper maintenance and security of forms, record-keeping, reporting and other requirements.

The recipient will be responsible for issuing DS-2019 forms to participants in this program. A copy of the complete regulations governing the administration of Exchange Visitor (J) programs is available at http://J1visa.state.gov or from:

Office of Designation, Private Sector Programs Division
U.S. Department of State

Washington, DC 20547

Health Benefits

The recipient must enroll participants in the Bureau's Accident and Sickness Plan for Exchanges (ASPE) or other health benefits plan and assist in filing claims to the designated health benefits agency. The recipient must clarify health benefit coverage, procedures, and benefits as needed for the FY2017 Global UGRAD – Pakistan participants.

The recipient must also enroll students in university health insurance. If the host institution does not allow non-degree seeking students to enroll, the recipient must purchase private insurance for the participant. This health insurance should act as their primary policy with ASPE or other health benefits plan acting as secondary coverage.

Participant Travel
The recipient must manage program participant travel arrangements, in consultation with the Fulbright Commission in Pakistan, for domestic and international flights in accordance with the Fly-America Act.

C. Special Programming

Arrival Orientation Workshops
Pre-departure orientations (PDOs) will be arranged by the Fulbright Commission in Pakistan. With assistance and materials provided by the recipient, the U.S. Embassy, and ECA, these PDOs will provide a brief introduction to living, traveling, and higher education in the United States. Additionally, the recipient should hold an arrival orientation workshop in the Washington, DC metro area to address topics such as U.S. campus life, U.S. culture and cultural adjustment, gender-related issues, finances, health and safety, a review of the student award terms and conditions, a review of the major requirements for the program, program materials, and online tools. The recipient should review all orientation sessions and materials with an enhanced emphasis on defining appropriate male and female interactions and conduct in the United States for the Pakistani UGRAD participants. Program handbooks including this material should be provided by the recipient for dissemination at the arrival orientation. The proposal must include plans for arrival orientations and late arrival virtual orientations.

Host universities and colleges should provide academic/program orientations for the participants upon their arrival at the university or college that will reiterate the topics mentioned above as well as introduce the participants specifically to the host school and community. The recipient should provide materials for such orientations that will ensure participants associate themselves with the FY2017 Global UGRAD – Pakistan Program as well as to the host institutions.

Academic Program and Skills Building
All participants should be enrolled full-time in undergraduate course work chosen from the host institution's existing curriculum so that students have ample opportunity for substantive interaction with U.S. faculty and student peers, and opportunity for exposure to U.S. academic and classroom culture.

Participants should be able to choose at least two courses in their field of study (as indicated on their applications). Participants will be required to take one American Studies course and one academic skills building course or training.

Community Service and Presentations

To ensure that students will be integrated as much as possible into the U.S. communities in which they will be living, students will be required to take part in community service activities during their program. Students must provide 20 hours of volunteer service to local organizations. Students may not receive salaries, stipends, or wages for their volunteer service.

Participants must conduct at least one local presentation (at area schools or community organizations) about their home country.

U.S. Cultural Enrichment

ECA welcomes creative ideas for exposing participants to U.S. institutions, such as discussion groups on U.S. issues, visits to political campaign offices and polling places, attendance at school board or city council meetings, exposure to U.S. religious institutions, and civic-related volunteer work. Student attendance at museums, concerts, plays, and other cultural events that feature American content should be encouraged and facilitated whenever possible. As described above, the recipient should provide assistance to ensure that participants take part in such activities, whether by visits set up through the host advisors, participants directly, or other means.

Re-Entry Workshops

The proposal must include the administration of re-entry workshops for all participants and the method in which the recipient plans to recruit and select an institution to implement the event. The workshop dates should be scheduled in consultation with the ECA program office. The re-entry workshop should address issues of reverse culture shock, academic reintegration into their home college or university, and other re-entry considerations as appropriate. The workshop should also address additional opportunities for participants to return to the U.S. for study and research. The leadership focus, as described above, should be incorporated into the workshop, with the participants being exposed to the application of the theme to their home communities through meetings, discussions, site visits, and project design and development. The development of individual action plans for the participants should also be incorporated into the re-entry workshop.

Follow-on Activities

Proposed follow-on activities for alumni must be developed in close consultation with ECA and the Fulbright Commission, must reflect the goals and objectives of the FY2017 Global UGRAD – Pakistan Program, and must contribute to overall ECA goals to foster mutual understanding between the people of Pakistan and the people of the United States. The proposal must include an outline of, and timeline for, follow-on alumni programming, information on how it will be coordinated with existing alumni efforts, and a description of how long-term linkages with alumni will be fostered and maintained. The applicant should explain how these activities will be integrated with initiatives for alumni of other ECA programs, rather than as isolated events. Alumni activities should be conducted with minimum financial support from ECA and demonstrate cost-sharing by the applicant organization. Please refer to the Proposal Submission Instructions (PSI) for additional information.

D. Fiscal Management

The proposal must demonstrate the existence of suitable financial systems to track, audit, and disburse the FY2017 Global UGRAD – Pakistan funds. The recipient will be expected to submit interim and final reports,

as directed by ECA, detailing expenditures, and to consult with ECA on the re-programming of funds. Administration of these scholarships must be in compliance with reporting and withholding regulations for federal, state, and local taxes where applicable.

E. Program Projections, Reporting and Evaluation Services

The proposal must include a statement of goals and expected outcomes for the program, including how results would be measured, as necessitated by the Government Performance and Results Act (GRPA) of 2010. Evaluation plans should include a plan for host campus representatives to evaluate the impact of the FY2017 Global UGRAD – Pakistan Program on their campuses and local communities.

The recipient should be able to develop and maintain a participant statistical database that records such information as bio-data, academic program, visa status, and participant accomplishments. ECA may request periodic reports related to the management of the exchange program.
