The Bureau of Educational and Cultural Affairs Office of Citizen Exchanges (ECA/PE/C) expects to award a cooperative agreement for the administration of two three-day Professional Fellows Program End-of-Program
symposiums or “Professional Fellows Congresses” to be held in Washington, DC, in the spring and fall of 2015. The Professional Fellows Program is a public diplomacy program developed to engage civil society and government leaders from eligible countries, who are approximately 25 – 40 years of age, and to provide them with knowledge of U.S. practices and techniques in their field of expertise, explore governance principles and practices in both public and civil society institutions in the U.S., and gain a deeper understanding of U.S. society, culture, and people. The Professional Fellows Program is also designed to provide U.S. participants the opportunity to share their professional expertise with counterparts in eligible countries and gain a deeper understanding of the societies, cultures, and professional arena of their foreign counterparts. Professional Fellows will undertake a four- to six-week fellowship program in public and government offices, legislatures or non-profit organizations working with seasoned leaders on pre-defined substantive issues of mutual interest.

The Professional Fellows Congresses, which will occur at the end of spring and fall fellowship component, should build upon the fellowship themes described in the RFGP, work to reinforce programmatic goals, allow for engaged interaction between Fellows from difference programs, highlight key learning objectives, and outline plans for follow-on projects.

The Professional Fellows Congresses are designed to provide Fellows:

- the opportunity to network with colleagues from around the world, share their U.S. experiences, and learn from the experiences of other Professional Fellows;
- a contextual framework for the broader fellowship experience and exchange program;
- an opportunity to examine ways an individual, organization, or interest group can generate change for the common good; and
- a greater understanding of public diplomacy in the global community.

The award recipient will work in close cooperation with the Office of Citizen Exchanges to coordinate this event. Effective management of these two high-profile Professional Fellows Congresses is essential to the overall success of the FY 2014 Professional Fellows Program.

II. PROGRAM SPECIFIC GUIDELINES

Overview:
The proposal should discuss the goals and objectives of the Professional Fellows Congress, propose possible conference themes and topics as well as ways to highlight the program using social media and other outreach methods for all aspects of conference planning and implementation. Proposals should also include a detailed draft agenda along with a separate and detailed plan for the utilization of the alumni website. Special attention should be given to an examination of how the Professional Fellows will translate and utilize their U.S. experiences in their home communities.

Online collaboration and leadership training:
The proposal should include a section focused on means of engagement with all of the foreign participants upon their arrival in the U.S. through an appropriate online forum. The purpose of this is for the participants to begin to interact with one another, prior to arriving at the closing Professional Fellows Congress. In addition, the proposal should include the provision of an online leadership training module for the foreign participants to take part in during their working placements portion of the Professional Fellows Program.

Program Agenda and Materials:
The agenda, where possible, should utilize adult learning styles and incorporate a wide range of academic or professional speakers, interactive seminars, practical experiences, in addition to including other hands-on opportunities for Fellows to deepen their understanding of U.S. practices and techniques in their field of expertise, share key insights from their Fellowship experience, and develop a community of dialogue and collaboration. Cultural and recreational activities should provide informal (and enjoyable) opportunities for networking among participating Fellows. The award recipient will conduct a registration period and welcome session for the participants upon arrival in the National Capital Area to introduce participants to one another, the program, and to establish expectations for the Congress.

During the Congress, the agenda should be structured to maximize the amount of time that the Fellows are divided into smaller groups for programmatic roundtables, workshops, and/or breakout sessions. The remaining time will be plenary sessions including the opening, a keynote speaker, participant presentations, and the closing session. Specific time should be allotted for Fellows to meet with representation from the State Department’s geographic regional bureaus as well as with their administrating grantee organization. The agenda should include time devoted to the American outbound portion of the exchange, possibly to include participation by past or current American participants.

To achieve these objectives, the award recipient must coordinate efforts with the Office of Citizen Exchanges and the 12-16 grantee organizations to develop a conference agenda that is responsive to ECA and program goals. This includes arrange meetings, phone calls, or other mechanism for timely communication and conference decision-making.

Communication:
The award recipient shall promote the use of a suitable technological platform as a base of communication among the Professional Fellows, grantee organizations, and State Department staff. The award recipient shall work closely with the Office of Citizen Exchanges, participating grantee organizations, and Alumni website staff to creatively utilize technology and platforms in a manner so that participants are fully engaged with one another and with the State Department and grantee organization staff from the time they are selected to the end of the program, and beyond. The award recipient will be responsible for working with ECA and grantee staff to develop substantive online content to elicit comments on specific themes relevant to the program and participant experience. The award recipient shall also be involved in the overall effort to encourage program participants to share and post photos and programmatic highlights that can be used in the State Department outreach and media reporting.

**Arrival and Departure from Washington, DC:**
The award recipient shall be responsible for compiling relevant information on the arrival and departure of all program participants in Washington, DC. The participating grantee organizations will be responsible for arranging transportation for program participants to and from the airport on the day of their arrival and the day of their departure. The award recipient should provide participating grantee organizations with hotel information and logistical information about their stay in Washington, D.C. at least three weeks in advance of the Fellows arrival.

**Ground Transportation:**
During the three-day Congress, the award recipient shall arrange and pay for ground transportation, as necessary, in Washington, DC for all of the incoming Professional Fellows, participating grantee organizations, and/or State Department staff participating in the Professional Fellows Congress (approximately 250 total individuals per Congress, including 180-220 program participants, plus additional grantee organization representatives and alumni). Should the Grantee organization chose to use any conference facilities in a different location than the hotel, the Grantee is responsible for arranging busses to pick up the Fellows every morning and return them in the evening. Additionally, buses should be available to transport congress attendees to any off-site conference activities throughout the Washington, DC metropolitan area. The award recipient is expected to consult with the Office of Citizen Exchanges about specific dates and travel itineraries for Congress participants.

**Conference Facility:**
The award recipient shall secure appropriate conference room facilities at a conference hotel or other conveniently located facilities in the Washington DC area. The award recipient is responsible for covering the cost of the hotel or other conference facilities and providing timely communication to participating grantee organizations and participants on the conference venue. When choosing workshops sites, the Bureau encourages applicants to consider proximity to sites of historical or cultural interest, access to Department of State representatives, and that showcase the geographic and ethnic diversity of the National Capital Area.

**Lodging:**
The award recipient shall reserve a block of double-occupancy rooms at an appropriate Washington, DC hotel for all of the Professional Fellows, 1-2 grantee staff from participating organizations, and selected alumni (approximately 100-125 rooms per Congress). The award recipient will cover all costs associated with the housing of Fellows as well as accompanying staff members from the participating organizations. The award recipient should work with ECA to determine the appropriate number of participating staff members from the grantee organizations.
Meals:
The award recipient will be responsible for organizing and paying for the following events:

1. The award recipient organization will work with the conference facility to arrange for breakfast and lunch for Professional Fellows, participating grantee organizations, and State Department Staff. These costs should be in keeping with the federal per diem rates (http://www.gsa.gov/portal/category/21287).

2. The award recipient shall make arrangements with a caterer for a reception to be provided at the State Department in the Diplomatic Reception rooms for both the Spring and Fall Professional Congresses, or an acceptable alternative venue. This reception should include food and beverages for approximately 250-300 participants, grantee organizations, ECA staff, and invited guests. In close coordination with State Department staff, the award recipient shall arrange logistics of this reception including seating arrangements, vegetarian options, and the like. The award recipient will be responsible for paying the selected vendor. Alternatively, the award recipient could provide a buffet style working meal in place of or in combination with a reception format.

3. The award recipient shall make arrangements with a caterer for one working meal/reception to be provided at a venue outside of the State Department such as a closing banquet or dinner. This meal should include food and beverages for approximately 250-300 people. The Award recipient shall work with the Office of Citizen Exchanges and participating grantee staff to manage the logistics of this working meal/reception, including signage, podium and audiovisual equipment, and the like.

4. The award recipient shall make arrangements for the provision of beverage service (coffee/tea/juice/water) for the morning and afternoon breaks during the Professional Fellows Congress. This service should provide for approximately 250 people.

Post-event Follow-up and Reporting: The award recipient shall facilitate post-event evaluation in order to determine how future Professional Fellows Congresses could be improved. The award recipient should provide the Office of Citizen Exchanges a detailed report outlining lessons learned and recommended changes to the Congress format. The report should include statistical results of the Professional Fellows Congress surveys or evaluations. Special attention should be paid to effectiveness of the Alumni website as a vehicle for logistical and programmatic issues, as well as communication and resource sharing. The results should be presented as percentages of respondents answering a question in a particular way, as well as the actual number of respondents (i.e. 11 out of 14 respondents answered “yes”).

Note: All printed materials and formal communications (written or oral) should acknowledge the role of the U.S. Department of State’s Bureau of Educational and Cultural Affairs. Drafts of printed materials developed for this program should be submitted to the Office of Citizen Exchange for review and distribution. Copies of materials given to and prepared by the Fellows should be provided to the ECA program officer in a timely fashion.
