Bureau of Educational and Cultural Affairs (ECA) Request for

Announcement Type: New Cooperative Agreement

Funding Opportunity Number: ECA-ECAPEC-14-003

Catalog of Federal Domestic Assistance Number: 19.415

Application Deadline: October 11, 2013

Executive Summary: The Office of Citizen Exchanges of the Bureau of Educational and Cultural Affairs (ECA) announces an open competition for cooperative agreements for the FY-2014 American Serbia and Montenegro Youth Leadership Exchange (A-SMYLE) Program: Host Family and School Placement and Monitoring Component, to promote mutual understanding between the United States and the countries of Serbia and Montenegro. The A-SMYLE program provides scholarships for high school students to live in American society for an academic year. In turn, these students will expose U.S. citizens to the culture, traditions, and lifestyles of people in Serbia and Montenegro. Public and private non-profit organizations meeting the provisions described in Internal Revenue Code section 26 USC 501(c)(3) are
invited to submit proposals to identify host schools; vet, select, and monitor host families; and place and monitor students participating in the A-SMYLE program during the 2014-15 academic year.

Applicants may submit only one proposal under this competition. If multiple proposals are received from the same applicant, all submissions will be declared ineligible and receive no further consideration in the review process. It is the Bureau’s intent to award one or more cooperative agreements (one base year plus one option year) for an estimated total amount of up to $1,020,000 to support approximately 134 A-SMYLE students. Please see section II. Award Information, below for additional details.

I. Funding Opportunity Description

Authority: Overall grant making authority for this program is contained in the Mutual Educational and Cultural Exchange Act of 1961, Public Law 87-256, as amended, also known as the Fulbright-Hays Act. The purpose of the Act is “to enable the Government of the United States to increase mutual understanding between the people of the United States and the people of other countries...; to strengthen the ties which unite us with other
nations by demonstrating the educational and cultural interests, developments, and achievements of the people of the United States and other nations...and thus to assist in the development of friendly, sympathetic and peaceful relations between the United States and the other countries of the world." The funding authority for the program above is provided through legislation.

**Purpose:** The A-SMYLE program seeks to provide high school students from Serbia and Montenegro with an opportunity to live in the United States for the purpose of promoting mutual understanding between our countries. Programmatic activities will introduce students to youth leadership, civic education, civil society, and community service. The goals of the Department of State’s Academic Year Youth Exchanges are to promote mutual understanding and foster relationships between the people of the United States and other countries. The youth exchange programs accomplish this goal by enabling students to:

- Gain an understanding of American culture, diversity, and respect for others with differing views and beliefs;
- Develop a sense of civic responsibility and commitment to community development;
Foster relationships with youth from different ethnic, religious, and national groups;
Develop leadership qualities they will need to lead their countries;
Teach Americans about their home countries and cultures;
Interact with Americans and generate enduring ties; and
Share and apply experiences and knowledge in their home communities as alumni, initiating activities that focus on development and community service.

This solicitation refers to A-SMYLE students between the ages of 15 and 17 from Serbia and Montenegro. Qualified organizations may submit proposals to administer this cooperative agreement.

The Bureau reserves the right to reduce, revise, or increase proposal project configurations, budgets, and participant numbers in accordance with the needs of the program and the availability of funds. In addition, the Bureau reserves the right to adjust the participating countries should conditions change in a partner country or if other countries and/or regions are identified as Department priorities. The number of students who will participate is subject to the availability of funding.
in fiscal year 2014; it is anticipated that there will be approximately 67 A-SMYLE students.

The responsibilities of the Placement Components awardees are described in detail in the accompanying Program Objectives, Goals, and Implementation (POGI) document. In general, the award recipient will be expected to:

- Recruit, screen, and select U.S. host families for A-SMYLE participants;
- Select schools and secure school enrollments for A-SMYLE participants;
- Conduct in-person host family and student community based orientations;
- Monitor and support students throughout the school year; and
- Organize enhancement activities for students.

Other Components: The A-SMYLE Program also includes an Organizational Component, Disability Component, and Civic Education Component. Additional information on these components is provided in the POGI.

Guidelines: Applicants are requested to submit a narrative outlining a comprehensive strategy for the administration and implementation of the Placement Component of the A-SMYLE program that includes the responsibilities outlined in the Project Objectives, Goals and Implementation (POGI) document and in accordance with the J-1 Visa regulations set forth in the 22 CFR 62: [http://www.ecfr.gov](http://www.ecfr.gov).

An organization must be able to dedicate key staff to this program who possess a thorough understanding of the secondary school student Exchange Visitor (J-1 Visa) Program regulations.

If you are applying to place A-SMYLE students, your proposal must include a plan to place and monitor a minimum of 30 students. An organization wishing to place fewer than 30 students may do so as a sub-awardee to an organization applying for a cooperative agreement. In such a case, the lead awardee
must explain in its proposal how it will provide mentoring, training, oversight, and additional monitoring of students placed by its sub-awardees.

Placements may be in any region of the United States. Strong preference will be given to organizations that choose to place participants in clusters of at least three students (these students should be from different countries) in a particular Local Coordinator’s area of responsibility. Please refer to the POGI for details on essential program elements and permissible costs. We anticipate cooperative agreements beginning in February 2014, subject to the availability of FY14 funds.

Participants will begin to arrive in their host communities in late July 2014 and remain for 10 or 11 months until their departure in late June 2015. Students with disabilities will be among the first to arrive.

Administration of the program must be in compliance with federal, state, and local tax reporting and withholding regulations as applicable. Recipient organizations must demonstrate regulation adherence in the proposal narrative and budget.
ECA Activities and Responsibilities: In a cooperative agreement, ECA is substantially involved in program activities above and beyond routine monitoring. ECA activities and responsibilities for the A-SMYLE program include:

1) Providing advice and assistance in the execution of all program components.

2) Serving as liaison between the award recipients and personnel within the Department of State, including ECA, the regional bureaus, and overseas posts.

3) Monitoring and evaluating the program and its participants through communication by email, phone, and site visits.

4) Issuing DS-2019 forms for the participants. All participants will travel on a U.S. government designation for the J-1 Visa Exchange Visitor Program.

5) Creating and updating SEVIS status; maintaining all SEVIS records.

6) Hosting an annual meeting for all award recipients to provide program guidance.

7) Approving program promotional materials and website information.

8) Representing the U.S. Government as the program sponsor at exchange events, program events, and orientations.
9) Publicizing program highlights and responding to Congressional and Department requests for information.

10) Performing an annual performance evaluation/review. Satisfactory performance is a condition of continued administration of the program and execution of an option year.

Proposal narratives should include a brief commitment to implement the program for the base year, plus one additional option year, pending successful performance and availability of funds. The narrative should focus on details specific to the implementation of the base year program, with the understanding that the program design, duration, and participant numbers would be similar when/if the subsequent option year is exercised.

II. Award Information:

Type of Award: Cooperative Agreement. ECA’s level of involvement in this program is listed under Section I above.

Approximate Total Funding: Up to $1,020,000. This figure represents base year plus one option year, pending successful performance and availability of funds.
Approximate Number of Awards: One or more cooperative agreements

Approximate Average Award: Funding level is dependent on the number of proposed students, monitoring, the quality of support, and volume of activities

Anticipated Award Date: Pending availability of FY14 funds, February 1, 2014

Anticipated Project Completion Date: August 31, 2016. This date reflects the anticipated duration of the award – one base year plus one option year.

Additional Information: Pending successful implementation of this program and the availability of funds in subsequent fiscal years, cooperative agreement(s) will be awarded from approximately February 1, 2014 through August 31, 2015 (base year) with the option for one additional 12-month period (option year one). ECA will notify the recipient of our intention to exercise or not to exercise the option year approximately 9 months following the initial award date after an internal evaluation of the recipient’s performance. The decision to exercise the option year will depend both on the satisfactory performance of the recipient and the availability of funds.
III. Eligibility Information:

III.1. Eligible applicants: Applications may be submitted by public and private non-profit organizations meeting the provisions described in Internal Revenue Code section 26 USC 501(c)(3).

III.2. Cost Sharing or Matching Funds: There is no minimum or maximum percentage required for this competition. However, the Bureau encourages applicants to provide maximum levels of cost sharing and funding in support of its programs.

When cost sharing is offered, it is understood and agreed that the applicant must provide the amount of cost sharing as stipulated in its proposal and later included in an approved agreement. Cost sharing may be in the form of allowable direct or indirect costs. For accountability, you must maintain written records to support all costs which are claimed as your contribution, as well as costs to be paid by the Federal government. Such records are subject to audit. The basis for determining the value of cash and in-kind contributions must be in accordance with OMB Circular A-110, (Revised), Subpart C.23 -
Cost Sharing and Matching. In the event you do not provide the minimum amount of cost sharing as stipulated in the approved budget, ECA's contribution will be reduced in like proportion.

III.3. Other Eligibility Requirements:

Bureau grant guidelines require that organizations with fewer than four years experience in conducting international exchanges be limited to $130,000 in Bureau funding. Since an award to support program and administrative costs required to implement this exchange program for a minimum of 30 students will exceed $130,000, organizations with fewer than four years experience in conducting international exchanges are ineligible to apply under this competition. The Bureau encourages applicants to provide maximum levels of cost sharing and funding in support of its programs. Your organization may, however, seek another qualified applicant and serve as its sub-awardee under a proposal submitted by that organization if you would like to place fewer than 30 students and your total budget is less than $130,000.

IV. Application and Submission Information: Please read the complete announcement before sending inquiries or submitting proposals. Once the RFGP deadline has passed, Bureau staff may
not discuss this competition with applicants until the proposal review process has been completed.

Please take into consideration the following information when preparing your proposal narrative:

**IV.3d.1. Adherence to All Regulations Governing the J-1 Visa**

The Office of Citizen Exchanges of the Bureau of Educational and Cultural Affairs is the official program sponsor of the exchange program covered by this RFGP, and an employee of the Bureau will be the "Responsible Officer" for the program under the terms of 22 CFR 62, which covers the administration of the Exchange Visitor Program (J-1Visa). Under the terms of 22 CFR 62, organizations receiving awards (either a grant or cooperative agreement) under this RFGP will be third parties “cooperating with or assisting the sponsor in the conduct of the sponsor's program.” The actions of recipient organizations shall be “imputed to the sponsor in evaluating the sponsor's compliance with” 22 CFR 62. Therefore, the Bureau expects that any organization receiving an award under this competition will render all assistance necessary to enable the Bureau to fully comply with 22 CFR 62 et seq.
The Bureau of Educational and Cultural Affairs places critically important emphases on the secure and proper administration of Exchange Visitor (J-1Visa) Programs and adherence by recipient organizations and program participants to all regulations governing the J-1Visa program. Therefore, proposals should explicitly state in writing that the applicant is prepared to assist the Bureau in meeting all requirements governing the administration of J-1 Visa programs as set forth in 22 CFR 62. If your organization has experience as a designated J-1 Visa program sponsor, you should discuss your record of compliance with 22 CFR 62 et. seq., including the oversight of their Responsible Officers and Alternate Responsible Officers, screening and selection of program participants, provision of pre-arrival information and orientation to participants, monitoring of participants, proper maintenance and security of forms, record-keeping, reporting and other requirements. ECA will review the record of compliance with 22 CFR 62 et seq. of applicant organizations designated as Exchange Visitor Program Sponsors by ECA’s Office of Private Sector Exchange as one factor in evaluating the record/ability of organizations to carry out successful exchange programs.
The Office of Citizen Exchanges of ECA will be responsible for issuing DS-2019 forms to participants in this program.

A copy of the complete regulations governing the administration of Exchange Visitor (J) programs is available at http://j1visa.state.gov or from: Office of Designation, Private Sector Programs Division, U.S. Department of State, SA-44, Suite 668, 301 4th Street, SW
Washington, DC 20547.

IV.3d.2. Diversity, Freedom and Democracy Guidelines

Pursuant to the Bureau's authorizing legislation, programs must maintain a non-political character and should be balanced and representative of the diversity of American political, social, and cultural life. “Diversity” should be interpreted in the broadest sense and encompass differences including but not limited to ethnicity, race, gender, religion, geographic location, socio-economic status, and disabilities. Applicants are strongly encouraged to adhere to the advancement of this principle both in program administration and in program content. Please refer to the review criteria under the “Support for Diversity” section for specific suggestions on incorporating diversity into your proposal. Public Law 104-319 provides that
in carrying out programs of educational and cultural exchange in countries whose people do not fully enjoy freedom and democracy,” the Bureau “shall take appropriate steps to provide opportunities for participation in such programs to human rights and democracy leaders of such countries.” Public Law 106-113 requires that the governments of the countries described above do not have inappropriate influence in the selection process. Proposals should reflect advancement of these goals in their program contents, to the full extent deemed feasible.

Funds provided through this award may not be used to promote participation in, or to purchase equipment or supplies intended for, activities related to religious worship or proselytization. Host families, school officials, and placement organizations shall not require program participants to attend religious services. However, as part of their exchange experience, participants may be offered the opportunity to take part voluntarily in this facet of their host culture, at their own discretion. Volunteer host families (who receive no financial benefit from cooperative agreement funds) are encouraged to enable participants living with them to attend services of the participant’s religion, if the participant so desires and the
services are available within a reasonable distance of the host family’s residence.

IV.3d.3. Program Monitoring and Evaluation

Program Monitoring includes Participant Monitoring, which focuses specifically on ensuring students’ safety and well-being throughout the year; see Review Criterion #5 for details and instructions. This section focuses on other aspects of Program Monitoring.

Proposals must include a plan to monitor and evaluate the project’s success, both as the activities unfold and at the end of the program. The Bureau recommends that your proposal include a draft survey questionnaire or other technique plus a description of a methodology to use to link outcomes to original project objectives. The Bureau expects that the recipient organization will track participants or partners and be able to respond to key evaluation questions, including satisfaction with the program, learning as a result of the program, changes in behavior as a result of the program, and effects of the program on institutions (institutions in which participants work or partner institutions). The evaluation plan should include indicators that measure gains in mutual understanding as well as
Successful monitoring and evaluation depend heavily on setting clear goals and outcomes at the outset of a program. Your evaluation plan should include a description of your project’s objectives, your anticipated project outcomes, and how and when you intend to measure these outcomes (performance indicators). The more that outcomes are “SMART” (specific, measurable, attainable, results-oriented, and placed in a reasonable time frame), the easier it will be to conduct the evaluation. You should also show how your project objectives link to the goals of the program described in this RFGP.

Your monitoring and evaluation plan should clearly distinguish between program outputs and outcomes. Outputs are products and services delivered, often stated as an amount. Output information is important to show the scope or size of project activities, but it cannot substitute for information about progress towards outcomes or the results achieved. Examples of outputs include the number of people trained or the number of seminars conducted. Outcomes, in contrast, represent specific results a project is intended to achieve and is usually measured
as an extent of change. Findings on outputs and outcomes should both be reported, but the focus should be on outcomes.

We encourage you to assess the following four levels of outcomes, as they relate to the program goals set out in the RFGP (listed here in increasing order of importance):

1. **Participant satisfaction** with the program and exchange experience.

2. **Participant learning**, such as increased knowledge, aptitude, skills, and changed understanding and attitude. Learning includes both substantive (subject-specific) learning and mutual understanding.

3. **Participant behavior**, concrete actions to apply knowledge in work or community; greater participation and responsibility in civic organizations; interpretation and explanation of experiences and new knowledge gained; continued contacts between participants, community members, and others.

4. **Institutional changes**, such as increased collaboration and partnerships, policy reforms, new programming, and organizational improvements.
Please note: Consideration should be given to the appropriate timing of data collection for each level of outcome. For example, satisfaction is usually captured as a short-term outcome, whereas behavior and institutional changes are normally considered longer-term outcomes.

Overall, the quality of your monitoring and evaluation plan will be judged on how well it 1) specifies intended outcomes; 2) gives clear descriptions of how each outcome will be measured; 3) identifies when particular outcomes will be measured; and 4) provides a clear description of the data collection strategies for each outcome (i.e., surveys, interviews, or focus groups). (Please note that evaluation plans that deal only with the first level of outcomes [satisfaction] will be deemed less competitive under the present evaluation criteria.)

Recipient organizations will be required to provide reports analyzing their evaluation findings to the Bureau in their regular program reports. All data collected, including survey responses and contact information, must be maintained for a minimum of three years and provided to the Bureau upon request.

IV.3d.4. Virtual Exchange Component: ECA welcomes innovative
ideas on how organizations can leverage appropriate mobile and/or online technologies to maintain engagement among exchange participants, encourage project collaboration and widen participation in the overall project to a broader audience. ECA strongly encourages organizations submitting proposals in response to this solicitation to suggest one or more virtual exchange components to complement the in-person exchange. The virtual exchange component(s) could come before, during and/or after the physical exchange. The objective for the virtual exchange component(s), defined as technology-enabled, sustainable, people-to-people, cross-cultural exchanges, is to augment the impact of the in-person exchange described in this solicitation. ECA encourages organizations to propose virtual exchange ideas that take advantage of ECA’s existing web and social networking platforms, including our International Exchange Alumni space. Virtual exchange components would be coordinated with and approved by the ECA program office and U.S. missions abroad on a project by project basis.

IV.3e. Please consider the following information when preparing your budget: Applicants must submit SF-424A – “Budget Information – Non-Construction Programs” along with a comprehensive budget for the entire program. The budget must
reflect costs for a minimum of 30 participants. Please indicate clearly the number of students funded. There must be a summary budget as well as breakdowns reflecting both administrative and program budgets. Applicants may provide separate sub-budgets for each program component, phase, location, or activity to provide clarification. Proposals that demonstrate low costs per participant will be deemed more competitive.

For competitions that will be renewed through the option year, applicants must submit:

1. the SF-424A, which must include the budget request amount for the base-year of the program;

2. a detailed proposal narrative and budget for the base year of funding. (Please refer to the Proposal Submission Instruction Document (PSI) for general budget guidance.) The narrative should also include a brief commitment to implement the program for the base year, plus one additional option year, pending successful program performance and availability of funds; and

3. an abbreviated/estimated summary budget presenting the total projected administrative and program costs for the anticipated total duration of programming (base year, plus one option year).
To exercise the option year mechanism the recipient will be required to submit:

1. timely quarterly performance and financial reports;
2. a request in writing to ECA no later than 9 months following the initial award date;
3. a summary budget that projects program expenses through the end of the current year;
4. a detailed budget outlining both administrative and program expenses for the requested option year; and
5. a brief narrative to support the continuation of the award.

The ECA Grants Officer and Program Officer will:

1. closely monitor the recipient’s performance through site visits, desk audits, mandatory quarterly performance and financial reports, consultations, and other forms of communication and dialogue before exercising the additional option year. (Additional details regarding monitoring and oversight of the program by ECA representatives will be provided at the time the base-year award is made.)
2. review and evaluate all mandatory quarterly program and financial reports:
a. All program and financial reporting requirements must be current and up-to-date before the Bureau will exercise the additional option year.

b. Any/all concerns, issues, or modifications to the original program design or method of implementation requested by the Grants Officer or Program Officer must be responded to in writing.

c. The ECA Grants Officer and Program Officer will review and advise of ECA’s approval or disapproval of the response before issuing the subsequent option year.

All program and financial reporting requirements must be current and up-to-date before the Bureau will exercise the additional option year.

Any/all concerns, issues, or modifications requested by the Grants Officer or Program Officer to the original program design or method of implementation must be responded to in writing.

**IV.3e.2.** Any/all sub-awards/agreements including accompanying budgets required to accomplish overall program objectives described herein, shall be submitted with the proposal package.
and must be approved by the Grants Officer, prior to commencement.

**IV.3e.3.** Any/all sub-award budgets must be submitted in similar detail and format as the overall budget to allow complete and consistent review and justification. A single line total within an overall budget representing a complex activity, for example, is insufficient; sub-awards representing activity similar to that done by the lead award recipient or other sub-recipient must be presented with comparable budget formats, representing similar cost fields.

Allowable costs for the program and additional budget guidance are outlined in detail in the POGI document. Please refer to the Solicitation Package for complete budget guidelines and formatting instructions.

**IV.3f. Application Deadline and Methods of Submission:**

**IV.3g. Intergovernmental Review of Applications:** Executive Order 12372 does not apply to this program.

**V. Application Review Information**

**V.1. Review Process**

The Bureau will review all proposals for technical eligibility. Proposals will be deemed ineligible if they do not fully adhere to the guidelines stated herein and in the Solicitation Package. In addition, ECA will review the record of compliance with 22 CFR 62 et seq. of applicant organizations designated as Exchange Visitor Program Sponsors by ECA’s Office of Private Sector Exchange. If it is determined that an applicant organization submitting a proposal has a record of not being in compliance, their proposal will be deemed technically ineligible and receive no further consideration in the review process. If the organization is in compliance, the applicant organization’s record of compliance will be used as one factor in evaluating the record/ability of organizations to carry out successful exchange programs.
All eligible proposals will be reviewed by the program office, as well as the Public Diplomacy section overseas, where appropriate. Eligible proposals will be subject to compliance with Federal and Bureau regulations and guidelines and forwarded to Bureau panels for advisory review. Proposals may also be reviewed by the Office of the Legal Adviser or by other Department elements. Final funding decisions are at the discretion of the Department of State's Assistant Secretary for Educational and Cultural Affairs. Final technical authority for assistance awards (cooperative agreements) resides with the Bureau's Grants Officer.

V.2 Review Criteria
Technically eligible applications will be competitively reviewed according to the criteria stated below. These criteria are not rank ordered and all carry equal weight in the proposal evaluation:

1. Program Planning/Ability to Achieve Program Objectives: The Program Narrative should exhibit originality, substance, and relevance to the Bureau’s mission. Reviewers will assess the degree to which proposals engage participants in community activities that involve skills development and leadership
training. Proposals should incorporate strategies that
creatively utilize local resources to ensure an efficient use
of program funds. A detailed agenda and work plan should
adhere to all guidelines described in the solicitation
package. Reviewers will also assess the degree to which the
proposed outcomes of the project are realistic and
measurable.

2. Support of Diversity: Proposals should demonstrate
substantive support of the Bureau’s policy on diversity. It
is a goal of the Department to ensure that all funded
programs reflect the diversity of American society. Describe
your plans to promote this goal in the selection of host
families and in the local enhancement programming.
Achievable and relevant features should be cited in both
program administration (e.g., selection of participants’ host
families and schools, program venue, and program evaluation)
and program content (e.g., orientations, program meetings,
enhancement programming, resource materials, and follow-up
activities).

3. Placement Organization’s Record/Institutional Capacity:
Proposed personnel and institutional resources should be
adequate and appropriate to achieve the Program’s goals and outcomes. Reviewers will assess the applicant and its partners, if any, to determine if they offer adequate resources, expertise, and experience to fulfill program objectives. Partner activities should be clearly defined. Proposals should demonstrate an institutional record of successful exchange programs, including responsible fiscal management and full compliance with reporting and J-1 Visa regulatory requirements. Past performance of recipients will be considered. For new applicants, proposals should demonstrate capacity to participate in the Program. In addition, organizations designated as Exchange Visitor Program Sponsors must include a discussion of their record of compliance with 22 CFR 62 et seq., including the oversight of their Responsible Officers and Alternate Responsible Officers, monitoring of participants, proper maintenance and security of forms, record-keeping, reporting and other requirements. Proposals that fail to include the above information in their narrative will be deemed less or not competitive under this review criterion. ECA will review the record of compliance with 22 CFR 62 et seq. of organizations designated as Exchange Visitor Program Sponsors as one factor in evaluating the record/ability of organizations to carry
out successful exchange programs.

4. **Multiplier Effect:** Proposals should describe how you will strengthen long-term mutual understanding, including maximum sharing of information and establishment of long-term institutional and individual linkages. Reviewers will assess ways in which proposals include innovative ideas to expose American communities to A-SMYLE program-related goals and activities that involve students, host families, and schools. This includes media outreach, visits to local and national government representatives, Internet-based applications and other interactions. Reviewers will also evaluate substantive plans to prepare participants for their role as active, effective alumni.

5. **Participant Monitoring:** Proposals must include a detailed monitoring plan which addresses Student, Local Coordinator (LC), and Host Family (HF) monitoring. Given the importance the Department places on this criterion, you should dedicate a significant percentage of the narrative to explaining how you will achieve the Department’s goals in regard to monitoring the health, safety, and welfare of program participants. You may use the appendices to house additional
6. **Program Evaluation:** Proposals should include a plan to evaluate the program component’s success, both as the activities unfold and at the end of the program. Evaluation should include outputs and outcomes, as described above, and describe how program success will be determined through stated criteria. Reviewers will assess your plans to monitor student progress and program activities, particularly in regard to intended outcomes indicated in your proposal. Award recipients will be expected to submit quarterly reports, which should be included as an integral component of the work plan.

7. **Cost-effectiveness/Cost sharing:** Reviewers will analyze proposed budgets for clarity and cost-effectiveness. They will also assess the rationale of the proposed budget and whether the allocation of funds is appropriate to complete tasks outlined in the Program Narrative. The overhead and administrative components of the program, including salaries and honoraria, should be kept as low as possible. All other items should be necessary and appropriate. Proposals should maximize cost-sharing through other private sector support as
well as institutional direct funding contributions. Preference will be given to organizations whose proposals demonstrate a quality, cost-effective program.
